

How to Register for a Supplier Account

This document shows how to register for a supplier account and log in for the first time.

1. Navigate to [OregonBuys](#) and click the blue “Register” button in the top right corner.

2. Enter the required information. Starting with the Tax ID, using the blue toggle button to toggle between EIN and SSN. If you’re a foreign vendor, enter the US Tax ID. If you don’t have a US Tax ID, you can enter your foreign Tax ID. Next, enter your company name and your email address. You’ll need to validate the account, so make sure you enter an email address that you can access throughout the registration process. Select the country from the drop down, if necessary, then click “Register”.

- The system will then bring you to a new screen to complete a few more steps. Beginning with the Company Information tab, you will begin to fill out the fields. Any field marked with an asterisk is required. As you can see, the information that you've already entered has been populated in the correct fields.
