## **Part 100 Design Policies and Procedures**

<b>Section 101 Introduction .....</b>	<b>100-2</b>
<b>Section 102 Definitions .....</b>	<b>100-4</b>
<b>Section 103 Acronyms.....</b>	<b>100-6</b>
<b>Section 104 Design Guidance.....</b>	<b>100-8</b>
104.1 Blueprint for Urban Design (BUD).....	100-8
104.2 Emerging Framework for Geometric Design.....	100-12
104.3 National Guidance Policies and Documents .....	100-12
<b>Section 105 How ODOT Uses National Guidance.....</b>	<b>100-13</b>
105.1 Design Flexibility .....	100-13
<b>Section 106 Approval Processes.....</b>	<b>100-16</b>
106.1 Design Standards.....	100-16
106.2 Design Exceptions.....	100-16
106.3 Urban Design Concurrence Document.....	100-16
106.4 1R/3R Record of Decisions Documentation .....	100-18
106.5 FHWA Emergency Relief Program - Betterments.....	100-18
106.6 Record Retention.....	100-18
106.7 EOR Requirements for Projects.....	100-18
<b>Section 107 Design Flexibility .....</b>	<b>100-20</b>
107.1 Introduction.....	100-20
107.2 Practical Design.....	100-23
107.3 Performance-Based Practical Design .....	100-24
107.4 Context and Roadway Classification .....	100-25
107.5 Design Standard Policy.....	100-26
<b>Section 108 Local Agency Guidelines.....</b>	<b>100-26</b>
<b>Section 109 Plans, Programs, and Policies .....</b>	<b>100-29</b>

**Table of Contents**

---

- 109.1 Introduction .....100-29
- 109.2 Planning and Project Development.....100-29
- 109.3 Oregon Transportation Plan.....100-32
- 109.4 Mode and Topic Plans.....100-33
- 109.5 Local Plans .....100-33
- 109.6 Statewide Transportation Improvement Program.....100-34
- 109.7 Transportation Planning Rule.....100-36
- Section 110 Design Standards Identification and Selection .....100-37**
- 110.1 Work Types.....100-37
- 110.2 ADA Requirements for Paving Projects .....100-40
- Section 111 ODOT 1R Standard .....100-40**
- 111.1 Scoping Requirements.....100-41
- 111.2 Project Initiation Requirements .....100-41
- 111.3 Paving Criteria – 1R Projects.....100-41
- 111.4 Roadside Safety Hardware Requirements for 1R Projects.....100-42
- 111.5 Curb Ramp Requirements for 1R Projects.....100-43
- 111.6 Preservation (1R vs. 3R) .....100-43
- 111.7 Preventive Maintenance .....100-44
- Section 112 ODOT 3R Design Standards.....100-44**
- 112.1 Preservation (Resurfacing, Restoration, and Rehabilitation) .....100-44
- Section 113 ODOT 4R/New Design Standard .....100-46**
- 113.1 Single Function Projects (4R).....100-48
- Section 114 AASHTO Design Standards .....100-49**
- Section 115 Design Standards for Special Cases .....100-50**
- 115.1 Combined Projects Standards or Types.....100-51
- 115.2 Routine Maintenance.....100-51
- 115.3 Bridge .....100-51
- 115.4 Safety .....100-51
- 115.5 Operations.....100-53
- 115.6 Development Review and Permitted Projects (Non-STIP) .....100-54

## Table of Contents

---

115.7 Miscellaneous/Special Programs .....	100-55
<b>Section 116 Design Standard Selection.....</b>	<b>100-55</b>
116.1 1R/3R Design Standard Selection .....	100-57
<b>Section 117 Project Delivery Process .....</b>	<b>100-59</b>
117.1 Design Flexibility in Project Delivery .....	100-60
117.2 Programs to Fund Projects .....	100-64
117.3 Refined Decision-Making Framework.....	100-68
117.4 Project Business Case .....	100-73
117.5 Project Charters.....	100-74
117.6 Project Management Plan.....	100-74
<b>Section 118 Design Procedures .....</b>	<b>100-74</b>
118.1 Project Development Process.....	100-75
118.2 Roadside Inventory - General .....	100-77
118.3 Project Scoping.....	100-86
<b>Section 119 Motor Carrier Freight Considerations .....</b>	<b>100-88</b>
<b>Section 120 FHWA Emergency Relief Program-Betterments.....</b>	<b>100-89</b>
120.1 General .....	100-89
120.2 Definition .....	100-89
120.3 Policy .....	100-90
120.4 Examples of Betterments .....	100-90
120.5 Approval Requests .....	100-91
<b>Section 121 References .....</b>	<b>100-92</b>
121.1 AASHTO References .....	100-92
121.2 Other References.....	100-92
<b>Part 200 Geometric Design and Context</b>	
<b>Section 201 Introduction .....</b>	<b>200-2</b>
201.1 Definitions.....	200-4
201.2 Acronyms.....	200-4
<b>Section 202 Approval Processes.....</b>	<b>200-5</b>

**Table of Contents**

---

- 202.1 Design Exceptions.....200-5
- 202.2 Design Concurrence Document.....200-5
- Section 203 Context and Classification .....200-5**
- 203.1 Urban Context and Roadway Classifications .....200-5
- 203.2 Design Flexibility in Urban Contexts.....200-6
- 203.3 Integrating Design, Operations, Maintenance, and Safety .....200-7
- 203.4 Resources for Design, Operations, and Safety .....200-8
- Section 204 Roadway Classification .....200-9**
- 204.1 Oregon Highway Plan Classifications .....200-10
- 204.2 Other Roadway Designations or Characteristics .....200-12
- Section 205 Documenting Context and Classification .....200-14**
- 205.1 Urban Context and Land Use.....200-15
- 205.2 ODOT Urban Context .....200-17
- 205.3 Urban Context and the Oregon Highway Plan .....200-19
- 205.4 Determining Urban Context.....200-20
- 205.5 Urban Context and Multimodal Users .....200-22
- Section 206 Examples of ODOT Urban Contexts .....200-23**
- 206.1 Traditional Downtown/Central Business District.....200-23
- 206.2 Urban Mix .....200-25
- 206.3 Commercial Corridor .....200-26
- 206.4 Residential Corridor .....200-27
- 206.5 Suburban Fringe.....200-29
- 206.6 Rural Community .....200-30
- Section 207 Designing Based on Context and Classification.....200-32**
- 207.1 Urban and Rural Freeways (Including Interstates).....200-32
- 207.2 Urban and Rural Expressways.....200-32
- 207.3 Rural Arterials, Collectors, and Local Routes.....200-33
- 207.4 Traditional Downtown/Central Business District.....200-33
- 207.5 Urban Mix .....200-33
- 207.6 Commercial Corridor .....200-34

## Table of Contents

---

207.7 Residential Corridor .....	200-34
207.8 Suburban Fringe.....	200-34
207.9 Rural Community .....	200-35
207.10 Speed, Context, and Design .....	200-40
207.11 Posted Speed.....	200-43
207.12 85th Percentile Speed .....	200-44
<b>Section 208 Urban Arterial Design.....</b>	<b>200-44</b>
208.1 Rural to Urban Transitions.....	200-46
<b>Section 209 ODOT 3R Urban Design Standards .....</b>	<b>200-47</b>
<b>Section 210 ODOT 4R Urban Design Criteria .....</b>	<b>200-48</b>
<b>Section 211 ODOT 1R and Single Function Urban Design Standards .....</b>	<b>200-48</b>
<b>Section 212 Role of Planning Documents and Design Criteria .....</b>	<b>200-48</b>
<b>Section 213 Urban and Rural Freeway Design.....</b>	<b>200-50</b>
213.1 ODOT 3R Freeway Design Standards .....	200-51
213.2 ODOT 4R Freeway Design Standards .....	200-52
213.3 ODOT 1R and 4R Single Function Freeway Design Standards .....	200-53
<b>Section 214 Urban and Rural Expressway Design .....</b>	<b>200-53</b>
214.1 ODOT 3R Urban and Rural Expressway Design Standards.....	200-54
214.2 ODOT 4R Urban Expressway Design Standards .....	200-54
214.3 ODOT 4R Rural Expressway Design Standards .....	200-55
214.4 ODOT 1R and Single Function Urban and Rural Expressway Design Standards .....	200-56
<b>Section 215 Rural Arterial, Collector, and Local Route Design.....</b>	<b>200-56</b>
215.1 ODOT 3R Rural Arterial, Collector, and Local Route Design Standards .....	200-57
215.2 ODOT 4R Rural Arterial, Collector, and Local Route Design Standards .....	200-58
215.3 ODOT 1R and Single Function Rural Arterial, Collector, and Local Route Design Standards .....	200-59
<b>Section 216 Design Speed .....</b>	<b>200-59</b>
216.1 ODOT 3R Urban and Rural Design Speed-All Highways.....	200-59
216.2 ODOT 4R Urban and Rural Freeway Design Speed.....	200-59

## Table of Contents

---

216.3 ODOT 4R Urban Expressway Design Speed .....	200-60
216.4 ODOT 4R Rural Expressway Design Speed.....	200-60
216.5 ODOT 4R Rural Arterial Design Speed .....	200-61
216.6 ODOT 4R Rural Collector and Local Route Design Speed .....	200-61
216.7 ODOT 4R Urban Arterial Design Speed.....	200-61
<b>Section 217 Sight Distance.....</b>	<b>200-62</b>
217.1 General .....	200-62
217.2 Stopping Sight Distance.....	200-63
217.3 Decision Sight Distance.....	200-65
217.4 Intersection Sight Distance .....	200-66
217.5 Passing Sight Distance .....	200-67
<b>Section 218 Horizontal Alignment.....</b>	<b>200-67</b>
218.1 General .....	200-67
218.2 Urban Non-Freeway Horizontal Alignment.....	200-67
218.3 3R Freeway Horizontal Curvature and Superelevation.....	200-68
218.4 3R Rural Arterial Horizontal Curvature and Superelevation .....	200-68
218.5 3R Urban Arterial Horizontal Curvature and Superelevation.....	200-69
218.6 4R Horizontal Curvature (All Highways).....	200-69
218.7 Comfort Speed Chart.....	200-83
218.8 Horizontal Curve Equations and Examples .....	200-85
<b>Section 219 Vertical Alignment .....</b>	<b>200-113</b>
219.1 3R Freeway Vertical Curvature and Stopping Sight Distance .....	200-113
219.2 3R Vertical Curvature and Stopping Sight Distance (All Highways Except Freeways) .....	200-114
219.3 4R Vertical Curvature (All Highways) .....	200-114
219.4 Vertical Curve Formulas.....	200-117
<b>Section 220 Combined Horizontal and Vertical Alignment .....</b>	<b>200-119</b>
<b>Section 221 Grades .....</b>	<b>200-120</b>
221.1 General .....	200-120
221.2 3R and 4R Freeway Grades .....	200-121

## Table of Contents

---

221.3 4R Urban and Rural Expressway Grades .....	200-122
221.4 4R Rural Arterial Grades .....	200-122
221.5 4R Urban Arterial Grades .....	200-123
<b>Section 222 Design Vehicles and Accommodation of Design Vehicles .....</b>	<b>200-124</b>
<b>Section 223 Traffic Characteristics .....</b>	<b>200-125</b>
<b>Section 224 Accommodation of other Modes in Design .....</b>	<b>200-126</b>
224.1 Accommodation and Design for Pedestrians and Bicyclists .....	200-127
<b>Section 225 References .....</b>	<b>200-129</b>

## Part 300 Cross Section Elements

<b>Section 301 Introduction .....</b>	<b>300-2</b>
301.1 Definitions.....	300-4
301.2 Acronyms.....	300-5
<b>Section 302 Approval Processes.....</b>	<b>300-5</b>
302.1 Design Exceptions.....	300-5
302.2 Urban Design Concurrence Document.....	300-5
302.3 1R/3R Record of Decision Document.....	300-5
<b>Section 303 Cross Section Elements.....</b>	<b>300-6</b>
<b>Section 304 Cross Section Realms .....</b>	<b>300-6</b>
304.1 Cross Section Realms and Considerations .....	300-6
304.2 Land Use Realm .....	300-8
304.3 Pedestrian Realm .....	300-9
304.4 Transition Realm.....	300-13
304.5 Travelway Realm .....	300-16
<b>Section 305 Cross-Section and Realm Design Guidance .....</b>	<b>300-18</b>
305.1 Traditional Downtown/Central Business District.....	300-19
305.2 Urban Mix .....	300-23
305.3 Commercial Corridor .....	300-26
305.4 Residential Corridor .....	300-30
305.5 Suburban Fringe.....	300-34

## Table of Contents

---

305.6 Rural Community .....	300-38
305.7 On-Street Parking .....	300-43
<b>Section 306 Bicycle Facility Selection .....</b>	<b>300-46</b>
<b>Section 307 Pedestrian Crossing Locations .....</b>	<b>300-48</b>
<b>Section 308 Median Design .....</b>	<b>300-49</b>
308.1 General .....	300-49
308.2 Continuous Two Way Left Turn Lanes .....	300-50
308.3 Painted Medians .....	300-51
308.4 Non-Traversable Medians (Non-Freeway) .....	300-52
308.5 Raised Median Design Standards.....	300-52
<b>Section 309 ADA Requirements for Resurfacing, Rehabilitation and Reconstruction Projects .....</b>	<b>300-59</b>
<b>Section 310 Urban and Rural Freeway.....</b>	<b>300-60</b>
310.1 ODOT 1R Urban and Rural Freeway Resurfacing.....	300-60
310.2 Urban and Rural Freeway 1R Resurfacing Standards.....	300-61
310.3 ODOT 3R Urban and Rural Freeway Typical Section.....	300-64
310.4 ODOT 3R Urban and Rural Freeway Lane Width.....	300-68
310.5 ODOT 3R Urban and Rural Freeway Shoulders .....	300-68
310.6 ODOT 3R Urban and Rural Freeway Medians.....	300-68
310.7 ODOT 3R Freeway Bridges to Remain in Place .....	300-68
310.8 ODOT 3R Freeway Structure Cross Section.....	300-68
310.9 ODOT 3R Freeway Tunnels .....	300-69
310.10 ODOT 4R Urban and Rural Freeway Typical Section .....	300-69
310.11 ODOT 4R Freeway Lane Width.....	300-72
310.12 ODOT 4R Urban and Rural Freeway Shoulders .....	300-72
310.13 4R Urban and Rural Freeway Medians .....	300-73
310.14 ODOT 4R Single Function (SF) Freeway Standards .....	300-74
<b>Section 311 Urban and Rural Expressway .....</b>	<b>300-75</b>
311.1 ODOT 1R Urban and Rural Expressway Resurfacing.....	300-76
311.2 Urban and Rural Expressway 1R Resurfacing Standards.....	300-77

**Table of Contents**

---

311.3 ODOT 3R Urban Expressway Typical Section .....300-80

311.4 Mandatory 3R Urban Expressway Design Features.....300-82

311.5 Low-Cost Safety Mitigation Measures 3R Urban Expressway.....300-82

311.6 ODOT 3R Urban Preservation Strategy.....300-83

311.7 ODOT 3R Rural Expressway Typical Section.....300-88

311.8 ODOT 3R Rural Expressway Roadway Widths.....300-89

311.9 Mandatory 3R Rural Expressway Design Features .....300-90

311.10 Low-Cost Safety Mitigation Measures 3R Rural Expressway .....300-90

311.11 ODOT 3R Urban and Rural Expressway Bridge Width.....300-92

311.12 ODOT 4R Urban and Rural Expressway Lane Width.....300-93

311.13 ODOT 4R Urban Expressway Shoulders.....300-93

311.14 4R Urban Expressway Medians.....300-94

311.15 ODOT 4R Urban Expressways and Pedestrians .....300-97

311.16 ODOT 4R Urban Expressway Typical Section .....300-97

311.17 ODOT 4R Rural Expressway Shoulders.....300-99

311.18 4R Rural Expressway Medians .....300-100

311.19 ODOT 4R Rural Expressway Typical Section.....300-102

311.20 ODOT 4R Single Function (SF) Urban and Rural Expressway Standards .....300-103

**Section 312 Rural Arterials/Collectors/Local Routes .....300-104**

312.1 ODOT 1R Rural (Non-Freeway) Arterial, Collector,  
and Local Route Design Standards .....300-104

312.2 Resurfacing (1R) Project Standards.....300-105

312.3 ODOT 3R Rural Arterials, Collectors, and Local Routes Typical Section.....300-107

312.4 ODOT 3R Rural Arterial, Collector, and Local Route Roadway Widths.....300-107

312.5 Mandatory 3R Rural Arterial, Collector, and Local Route Design Features .....300-109

312.6 ODOT 3R Rural Arterial, Collector, and Local Route Bridge Width.....300-109

312.7 Low-Cost Safety Mitigation Measures.....300-110

312.8 4R Rural Arterial, Collector, and Local Routes Medians .....300-112

312.9 ODOT 4R Rural Arterials, Collectors, and Local Routes Typical Section.....300-113

312.10 ODOT 4R Rural Arterial, Collector, and Local Route Lane Width.....300-117

**Table of Contents**

---

312.11 ODOT 4R Rural Arterial, Collector, and Local Route Shoulders.....300-117

312.12 ODOT 4R Single Function (SF) Rural (Non-Freeway) Arterial,  
Collector, and Local Route Design Standards .....300-118

**Section 313 Urban Arterials.....300-119**

313.1 ODOT 1R Urban (Non-Freeway) Arterial Design Standards.....300-119

313.2 Resurfacing (1R) Project Standards .....300-120

313.3 ODOT 3R Urban Arterial Typical Section.....300-123

313.4 Mandatory 3R Design Features .....300-125

313.5 Low-Cost Safety Mitigation Measures.....300-125

313.6 ODOT 3R Urban Preservation Strategy.....300-127

313.7 ODOT 3R Urban Arterial Bridge Width.....300-131

313.8 4R Urban Arterial Medians .....300-132

313.9 ODOT 4R Single Function (SF) Urban (Non-Freeway) Design Standard.....300-134

**Section 314 Oregon Highway Plan Special Overlays.....300-135**

314.1 Scenic Byways .....300-135

314.2 Scenic Byway Policy .....300-136

314.3 Freight Route .....300-137

314.4 Lifeline Route .....300-139

**Section 315 Cross Slope.....300-139**

315.1 ODOT 3R Urban and Rural Freeway Cross Slope .....300-139

315.2 ODOT 3R Urban and Rural Arterial Cross Slope.....300-139

315.3 ODOT 4R Urban and Rural Freeway Cross Slope .....300-140

315.4 ODOT 4R Urban and Rural Arterial Cross Slope.....300-140

**Section 316 Horizontal Clearances.....300-141**

**Section 317 Vertical Clearance.....300-143**

317.1 3R Vertical Clearance - Urban and Rural Freeway .....300-145

317.2 3R Vertical Clearance - Urban and Rural Arterial.....300-145

317.3 4R Vertical Clearance – Urban and Rural Freeways,  
Expressways, and Arterials .....300-146

317.4 Vertical Clearances for Local Jurisdiction Roads .....300-147

## Table of Contents

---

317.5 Vertical Clearance – Railroads .....	300-147
<b>Section 318 Curbs .....</b>	<b>300-147</b>
<b>Section 319 Drainage.....</b>	<b>300-148</b>
319.1 General .....	300-148
319.2 Longitudinal Slope .....	300-148
319.3 Selection of Inlets .....	300-149
319.4 Storm Water Management.....	300-149
<b>Section 320 Shy Distance .....</b>	<b>300-150</b>
320.1 Roadside Barriers.....	300-150
320.2 Shy Distance from Raised Medians.....	300-151
<b>Section 321 Safety Edge.....</b>	<b>300-151</b>
<b>Section 322 Rumble Strips .....</b>	<b>300-152</b>
<b>Section 323 Earthwork .....</b>	<b>300-152</b>
323.1 Rounding Cutbanks.....	300-153
<b>Section 324 Truck Weigh Stations.....</b>	<b>300-155</b>
<b>Section 325 Safety Rest Areas.....</b>	<b>300-155</b>
325.1 Large Vehicle Parking in Rest Areas.....	300-155
<b>Section 326 Emergency/Truck Escape Ramps .....</b>	<b>300-156</b>
<b>Section 327 Chain-up And Brake Check Areas.....</b>	<b>300-156</b>
<b>Section 328 Climbing Lanes .....</b>	<b>300-157</b>
<b>Section 329 Passing Lanes.....</b>	<b>300-158</b>
 <b>Part 400 Roadside Design</b>	
<b>Section 401 Introduction .....</b>	<b>400-2</b>
401.1 Evaluation Criteria for Roadside Hardware.....	400-2
401.2 Acronyms.....	400-2
<b>Section 402 3R Clear Zone and Sideslopes (All Highways).....</b>	<b>400-3</b>
<b>Section 403 4R Clear Zone (All Highways) .....</b>	<b>400-3</b>
403.1 Clear Zone on Freeways .....	400-7
403.2 Horizontal Curve Adjustments .....	400-8

**Table of Contents**

---

**Section 404 Ditches .....400-8**

**Section 405 Culvert End Treatments.....400-9**

    405.1 Projecting Ends.....400-9

    405.2 Mitered Ends .....400-10

    405.3 Concrete Boxes with Grates.....400-11

    405.4 Prefabricated End Sections .....400-11

    405.5 Depressed and Tapered Inlets .....400-12

**Section 406 Roadside Barriers.....400-12**

    406.1 Guardrail and Concrete Barrier .....400-12

    406.2 Guardrail.....400-13

    406.3 Concrete Barrier and Bridge Columns.....400-17

    406.4 Tall Precast Concrete Barrier.....400-18

    406.5 Cable Barrier .....400-19

    406.6 Barrier Systems on Retaining Walls .....400-20

    406.7 Freeway Median Barriers Warrant.....400-21

    406.8 Impact Attenuators.....400-23

**Section 407 Roadside and Median Trees .....400-24**

    407.1 Roadside Trees .....400-24

    407.2 Median Trees .....400-27

    407.3 Evaluation of Sight Lines.....400-29

**Section 408 Fences .....400-30**

    408.1 Right Of Way Fence.....400-30

    408.2 Chain Link Fence .....400-30

    408.3 Snow Control.....400-30

**Part 500 Intersection Design**

**Section 501 Introduction .....500-2**

    501.1 Definitions.....500-4

**Section 502 Road Approaches and Intersections.....500-4**

    502.1 General .....500-4

## Table of Contents

---

502.2 Design for or Accommodate for Design Vehicle.....	500-6
502.3 Legal Considerations for Road Approaches .....	500-7
502.4 Intersections and Interchanges - Expressways .....	500-8
<b>Section 503 Access Management and Access Control .....</b>	<b>500-8</b>
503.1 Access Management .....	500-8
503.2 Access Management - Expressways.....	500-9
503.3 Access Management Plans .....	500-9
503.4 ODOT Permit Process .....	500-10
503.5 Access Control.....	500-10
503.6 Access Control - Expressways .....	500-10

### Part 1300 Deliverables

Section 1301 Introduction .....	1300-2
Section 1302 Plans, Specifications, and Estimates .....	1300-2
1302.1 Plan Procedure .....	1300-2
1302.2 Plan Preparation.....	1300-2
1302.3 Title Sheet & Index Sheets .....	1300-3
1302.4 Typical Sections & Details .....	1300-3
1302.5 Traffic Control Plans.....	1300-3
1302.6 Erosion and Sediment Control Plans .....	1300-4
1302.7 Material Source, Stockpile, and Disposal Site Plans .....	1300-4
1302.8 Pipe Data Sheet .....	1300-4
1302.9 Plans, Construction Notes, and Profiles .....	1300-5
1302.10 Specifications .....	1300-8
1302.11 Estimates .....	1300-9
1302.12 Project Submittal .....	1300-10

### Appendices

Functional Classification .....	Appendix A
Oregon Highway Plan APPENDIX D: HIGHWAY CLASSIFICATION BY MILEPOINT .....	Appendix B
Freight Mobility, Vertical Clearance, and Resources .....	Appendix C
Practical Design Strategy .....	Appendix D
Designated Bikeway.....	Appendix E
FAC-STIP Tool Guide .....	Appendix F
ODOT ADA Curb Ramp Process.....	Appendix G
Bicycle & Pedestrian Design Guide .....	Appendix L
Digital Design Packages .....	Appendix M
Digital Design Quality Control .....	Appendix N
Analysis for Roundabout Entrance & Exit Geometry .....	Appendix P
MAP 21 - NHS Standards: Roles and Responsibilities Lane Width / Truck Volume Guidance.....	Appendix Q
