1 Tdap	3 Hepatitis B
4 Polio	2 Hepatitis A
1 Varicella (chickenpox)	

Entering Grades 7-12

Back to school time is a great time to check if your child is up-to-date on vaccines! The number of doses required varies by a child's age and how long ago they were vaccinated. Other vaccines may be recommended. Check with your child's school, child care or healthcare provider for details. Exemptions are also available.

Let's keep children up-to-date and healthy in school.
