

OREGON LIQUOR CONTROL COMMISSION

Plant Destruction Worksheet – Vegetative or Flowering Plants

This worksheet is provided by the OLCC as a tool for collecting necessary information for recording destruction or removal of marijuana plants that have been assigned plant tags, which is required for any plant that is flowering or that is 24 inches in height or taller. Once all information is collected on this worksheet, enter the tracking data into the cannabis tracking system (CTS) before starting operation the next day to meet daily reconciliation requirements. **Use of this worksheet is not required. Completing this worksheet does not meet necessary tracking requirements.** All information must be entered into CTS.

Facility:

Facility Name:

Facility Number (in CTS):

Plant Tag	Strain	Growth Phase	Room	Reason

Date destroyed:

Date entered into CTS:

Person entering information into CTS:

Use of CTS and this worksheet do not replace additional OHA requirements regarding documenting marijuana destruction and disposal.
