283.076 Oregon Department of Administrative Services Operating Fund. (1) There is

established the Oregon Department of Administrative Services Operating Fund in the State Treasury, separate and distinct from the General Fund. The moneys in the Oregon Department of Administrative Services Operating Fund may be invested as provided in ORS 293.701 to 293.820. Interest earnings on the fund assets shall be credited to the fund.

(2) Amounts in the fund are continuously appropriated for and shall be used for the purposes authorized by law. It is the legislative intent that, except as otherwise provided by law, all activities using the Oregon Department of Administrative Services Operating Fund shall be self-supporting and the Oregon Department of Administrative Services shall keep the necessary records to show the status of each activity.

(3) Unless otherwise provided by law, the cost to the Oregon Department of Administrative Services of providing services, including labor, facilities and materials to any state agency, including itself, the cost of which is to be charged, in part or whole, to the agency served, may be advanced out of the Oregon Department of Administrative Services Operating Fund. The costs advanced from the fund shall be reimbursed to the fund from the charges paid to the department by the agency served.

(4) The department may estimate in advance the expenses that it will incur during the biennium for activities which operate out of the fund. Such expenses include necessary working capital and depreciation as determined by the department. The department may render to each agency an invoice for its share of such expenses for periods within the biennium. Each agency shall pay to the credit of the Oregon Department of Administrative Services Operating Fund such invoice as an administrative expense from funds or appropriations available to it in the same manner as other claims against the state are paid. If the estimated expenses for any agency are more or less than actual expenses, including working capital and depreciation requirements, for the period covered by the invoice, the difference shall be reflected in the next following estimate of expenses.

(5) Notwithstanding subsection (4) of this section, all moneys collected by the department as depreciation reserves for the properties identified in ORS 276.004 shall be deposited to the Capital Projects Fund, and are continuously appropriated for the purposes set out in ORS 276.005 (1). The amount drawn shall be credited to a special revolving fund which shall be carried with the State Treasurer and shall be used by the department when it is necessary or desirable to make immediate payments.

(2) The Oregon Department of Administrative Services shall file at least once each month a verified voucher covering current disbursements from the special revolving fund. The voucher shall be accompanied by an itemized statement showing the names of the persons, firms or corporations to whom and the purposes for which the disbursements were made.

(3) Upon receipt of the voucher, the Oregon Department of Administrative Services shall draw a warrant on the State Treasurer in favor of the Oregon Department of Administrative Services payable out of the Oregon Department of Administrative Services Operating Fund. The amount drawn shall be deposited in the special revolving fund and shall be for a sum sufficient only to replenish the special revolving fund.

(4) In addition to the authority provided in ORS 293.180, the Oregon Department of Administrative Services is authorized to establish petty cash funds, in an amount not to exceed \$250, out of the special revolving fund from which small cash disbursements, in payment of expenses, may be made. Financing agreements shall be subject to the following limitations:

(1) Amounts payable by the state under a financing agreement shall be limited to available funds. In no circumstance shall the state be obligated to pay amounts due under a financing agreement from any

source other than available funds. If there are insufficient available funds to pay amounts due under a financing agreement, the lender may exercise any property rights which the state has granted to it in the financing agreement, against the property which was purchased with the proceeds of the financing agreement, and apply the amounts so received toward payments scheduled to be made by the state under the financing agreement.

(2) No property rights may be granted in property unless the property is being acquired, substantially improved or refinanced with the proceeds of a financing agreement, or is land on which such property is located.

(3) The principal amount of financing agreements entered into by the state pursuant to ORS 283.085 to 283.092 shall be treated as an amount of bonds and is subject to ORS 286A.035.

(6) Upon the request and with the approval of the Chief Justice of the Supreme Court or the State Court Administrator, the Director of the Oregon Department of Administrative Services may enter into financing agreements in accordance with ORS 283.085 to 283.092, on behalf of the Judicial Department. [1989 c.1032 §2; 1991 c.642 §4; 1991 c.790 §20; 1993 c.500 §40; 1993 c.635 §3; 2003 c.746 §10; 2007 c.783 §95]

Note: See note under 283.085.

283.089 Authority of director regarding financing agreements. (1) With the approval of the State Treasurer, the Director of the Oregon Department of Administrative Services may:

(a) Enter into agreements with trustees to hold financing agreement proceeds, payments and reserves as security for lenders, and to issue certificates of participation in the right to receive payments due from the state under a financing agreement. Amounts held with a trustee shall be invested by the trustee at the direction of the State Treasurer. Interest earned on any investments held by a trustee as security for a financing agreement may, at the option of the director, be credited to the accounts held by the trustee and applied in payment of sums due under a financing agreement.

(b) Enter into credit enhancement agreements for financing agreements or certificates of participation, provided that such credit enhancement agreements shall be payable solely from available funds and amounts received from the exercise of property rights granted under such financing agreements.

(c) Use the gross proceeds of financing agreements for the purposes described in ORS 283.085 (4) and to pay the costs of reserves, credit enhancements and other costs associated with issuing, administering and maintaining the financing.

(d) Use a single financing agreement to finance property to be used by multiple state agencies.

(e) Subject to ORS 283.087 (2), grant leases of real property with a trustee or lender. Such leases may be for a term which ends on the date on which all amounts due under a financing agreement have been paid or provision for payment has been made, or 10 years after the last scheduled payment under a financing agreement, whichever is later. Such leases may grant the trustee or lender the right to evict the state and exclude it from possession of the real property for the term of the lease if the state fails to pay when due the amounts scheduled to be paid under a financing agreement or otherwise defaults under a financing agreement. Upon default, the trustee or lender may sublease the land to third parties and apply any rentals toward payments scheduled to be made under a financing agreement.

(f) Subject to ORS 283.087 (2), grant security interests in personal property to trustees or lenders.

Such security interests shall attach and be perfected on the date the state takes possession of the personal property, or the date the lender advances money under a financing agreement, whichever is later. A security interest authorized by this section shall have priority over all other liens and claims. Upon default, the secured party shall have the rights and remedies available to a secured party under ORS chapter 79 for a first, perfected security interest in goods and fixtures. No later than 10 days after a security interest authorized by this section attaches, the state shall cause a financing statement for the security interest to be filed with the Secretary of State in the same manner as financing statements are filed for goods; however, failure to file such a statement shall not affect the perfection of the security interest.

(g) Pledge for the benefit of trustees and lenders any amounts which are deposited with a trustee in accordance with a financing agreement. The pledge shall be valid and binding from the time it is made, the amounts so pledged shall immediately be subject to the lien of the pledge without filing, physical delivery or other act, and the lien of the pledge shall be superior to all other claims and liens of any kind whatsoever.

(h) Bill any state agency that benefits from a financing agreement for an appropriate share of the financing costs on a monthly or other periodic basis, and deposit payments received in connection with the billings with a trustee as security for a financing agreement. Any state agency receiving such a bill shall pay the amounts billed from the first amounts legally available to it. The director shall allocate in appropriate shares the financing costs of a financing agreement entered into for the purpose described in ORS 283.085 (4)(a)(D) among all state agencies based on their payroll costs.

(i) Purchase fire and extended coverage or other casualty insurance for property which is acquired or refinanced with proceeds of a financing agreement, assign the proceeds thereof to a lender or trustee to the extent of their interest, and covenant to maintain such insurance while the financing agreement is unpaid, so long as available funds are sufficient to purchase such insurance.

(2) As used in this section:

(a) “Financing costs” means the costs or expenses that the State Treasurer or the Director of the Oregon Department of Administrative Services determines are necessary or desirable in connection with entering into financing agreements and maintaining the certificate of participation program, including but not limited to paying:

(A) Amounts due under financing agreements;

(B) Costs and obligations the state incurs in connection with the exercise of a power granted by this section; and

The Oregon Department of Administrative Services shall include in the Governor’s budget request to the Legislative Assembly for each fiscal period amounts sufficient to permit the payment of all amounts which will be due on unpaid financing agreements during that fiscal period. [1989 c.1032 §4]

Note: See note under 283.085.

283.092 Effect of financing agreement on tax status. A lease or financing agreement authorized by ORS 283.085 to 283.092 shall not cause property to be subject to property taxation and shall be disregarded in determining whether property is exempt from taxation under ORS chapter 307. [1989 c.1032 §5; 2007 c.783 §96]

(B) A statement of reasons why rental of a standard passenger vehicle, use of a vehicle owned by an authorized driver or borrowing a vehicle from another state agency or institution is not a satisfactory alternative to ownership or assignment of a standard passenger vehicle. [1997 c.848 §5]

283.314 Replacement of state-owned vehicle when replacement mileage standard is exceeded.

A standard passenger vehicle owned or assigned to the state agency or institution must be replaced after the number of miles the vehicle has been driven exceeds the replacement mileage standard defined under rules adopted under ORS 283.313. [1997 c.848 §4]
