Updates	BCCP – Just sent out their allocation letters to the providers. There were about 6000 slots available, 1000 were set aside for symptomatic women and the remaining are given to the providers. There are more women to screen than allotments. There was a change in the way the allotments were handed out. Quarterly Trainings	<ul style="list-style-type: none"> Quarterly trainings – There are 2 groups that we are having problems getting. If we only have 3 presenters each day, each of the three presenters will have more time. Sept 9 and Nov 2 are the dates for the trainings Using what works July 13 @ PSOB. Currently the group has the full 40 and one on the waitlist. If there is a larger group there may be an opportunity to have training. This is the largest audience they have trained for.
