MEMORANDUM

To: Interested Parties

From: Lorraine Duncan, Immunization Program Manager

Date: October 22, 2008

Subject: Temporary Amendment of Oregon Administrative Rules, Chapter 333, Division 50

Temporary changes to Oregon Administrative Rules 333-050-0020, 333-050-0050 and 333-050-0120 regarding immunization requirements in Oregon children's facilities have been filed.

Because of a continuing shortage of *Haemophilus influenzae* type B (Hib) vaccine, the Hib immunization requirement for children in childcare, preschool, and Head Start programs has been temporarily removed from the rules. For more details, please see the Statement of Need and Justification, Certificate and Order for Filing, and the full text of the temporary rules at the following website: www.oregon.gov/DHS/ph/imm/law

In the rule changes, deletions are shown by ~~striking through~~ the deleted text. Additions to the text are underlined. If you have questions or would like a paper copy of these temporary rules, please call Stacy de Assis Matthews at 971-673-0528. Thank you for your continued support.
