RULE SUMMARY

The Department of Human Services, Public Health Division is proposing to permanently amend and repeal administrative rules related to travelers' accommodations in chapter 333, division 29. The revisions remove obsolete language related to facility plan review. The revisions also update references to other rules and publications, and make grammatical changes. The changes should have little to no impact on present day functions involving either the local public health authority or the industry.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.
