RULE SUMMARY

The Oregon Department of Human Services, Public Health Division is proposing to conform OAR 333, Division 3, to the changes made by HB 2185. HB 2185 passed in the 2007 session, amended the state's public health emergency laws in ORS 433. These rule amendments add definitions, and specify the powers of the Public Health Director during a public health emergency, such as adopting new disease reporting requirements, issuing diagnostic and treatment protocols, imposing isolation and quarantine, allocating scarce medical resources, directing the closing of children's facilities and schools, issuing guidelines to businesses for work restriction, and imposing civil penalties, up to \$500 per day, for individuals and institutions that do not comply with the requirements and actions taken under the statute and rules.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.

Last Day for Public Comment (Last day to submit written comments): April 29, 2008 at 5:00 p.m.
