Extension of time for filing statement

The department is allowed by law [Oregon Revised Statute (ORS) 308.535] to extend the time for filing this statement for good cause. To receive an extension, send us a written request explaining your need for the extension. The extension request must be filed before the due date of your annual statement.

If a company fails to make a statement or furnish the required information, the law also allows the department to “inform itself as best it may as to the matters necessary to be known in order to discharge its duties with respect to the property of the company.”

Penalties for failure to file or false or fraudulent statement

Your statement is considered delinquent if it is not filed by March 2 or by the extended date allowed by the department. The penalty for a delinquent statement is \$10 for each \$1,000 (or fraction thereof) of assessed value placed on the assessment roll of the department (ORS 308.030).

Willfully providing a false or fraudulent statement is perjury [ORS 308.990(4)] and “upon conviction, shall be punished as otherwise provided by law for such crime.”

“Except as provided in subsection (3) of this section, any property used or held for its own future use by any company in performing or maintaining any of the following businesses or services or in selling any of the following commodities, whether in domestic or interstate commerce or both, and whether mutually, or for hire, sale or consumption by other persons: Railroad transportation; railroad switching and terminal; electric rail and trackless trolley transportation; private railcar transportation; air transportation; water transportation upon inland waters of the State of Oregon; air or railway express; communication; heating; gas; electricity; pipeline; toll bridge.”

ORS 308.525 specifies what facts the companies should supply to the department. ORS 308.525(14) also allows the department to gather “any other facts or information the department requires in the form of return prescribed by it.”

tional packet, please call 503-945-8283, or download forms from our website, www.oregon.gov/DOR.

Electronic filing

Electronic schedules may be filed in place of hard-copy schedules. If you choose to file electronically, please sign the authorization for exchange of confidential information at the bottom of page 1 of your annual statement.

You may report your schedules in an electronic format that is compatible with Microsoft Office in Windows format (i.e., Excel spreadsheets, Access data, and Word documents).

Important: Please format your electronic data according to the format of the paper schedule or table and include all the information fields located in the annual statement schedules. Label the schedule so the department can readily identify which schedule you are submitting electronically. If you have questions regarding acceptable formats, please contact the assigned appraiser using the telephone number located on the attached cover letter.

Electronic forms in Microsoft Excel format are now located on our agency website at: www.oregon.gov/DOR/PTD/utilityform.shtml.

The data may be sent via 3.5" diskette or CD-ROM along with the form or may be attached via an e-mail message to the address below the appraiser’s name provided on the cover letter. *If you submit the data using e-mail, there is a possibility that it may not remain secure in transit.* The Department of Revenue maintains that all information, on receipt, is confidential and shall not be released to third parties. During the course of transit, information may be considered insecure and may be intercepted by third parties.

By the terms of Oregon Revised Statutes 308.515, the Department of Revenue is required to make an annual assessment of any property having a situs in this state which is held for or used by a company in performing or maintaining an electric business or service, or in selling electricity, whether in domestic or interstate commerce or both, and whether mutually, or for hire, sale, or consumption by other persons, ORS 308.805 further provides:

“(1) Every association of persons, wholly mutual or cooperative in character, whether incorporated or unincorporated, the principal business of which is the construction, maintenance and operation of an electric transmission and distribution system for the benefit of the members of such association without intent to produce profit in money and which has no other principal business or purpose shall, in lieu of all other taxes on the transmission and distribution lines, pay a tax on all gross revenue derived from the use or operation of transmission and distribution lines (exclusive of revenues from the leasing of lines to governmental agencies) at the rates prescribed by ORS 308.807. The tax shall not apply to or be in lieu of ad valorem taxation on any property, real or personal, which is not part of the transmission and distribution lines of such association.

(3) As used in ORS 308.805 to 308.820: “Transmission and distribution lines” shall include all property that is energized or capable of being energized or intended to be energized, or that supports or is integrated with such property. This includes, but is not limited to, substation equipment, fixtures and framework, poles and fixtures thereon, conductors, transformers, services, meters, street lighting equipment, easements for rights of way, generating equipment, communication equipment, transmission lines leased to governmental agencies, construction tools, materials and supplies, office furniture and fixtures and office equipment. This shall not include such property as parcels of land, buildings and merchandise held for resale.

(b) “Wire mile” means a single conductor one mile long installed in a line, but not including service drops”

Each company subject to the law is required to file with the Department of Revenue, on or before March 2 of each year, in such form and on such blanks as the department may prescribe, a statement of certain facts specified in ORS 308.520 and 308.525.

Complete all schedules asked for or state reasons for any omission. Entries indicating deficits or “minus” amounts should be made in red or otherwise indicated by parenthesis, asterisk, etc. Where insufficient space is provided by the blank schedules, attach additional sheets and cross reference to the schedule to which they apply.

The schedules in this report are based on the Uniform System of Accounts prescribed for Electric Borrowers of the Rural Electrification Administration. If the company’s accounts do not conform to this system, complete the schedules in all cases where the account titles, or information requested, is adaptable to the company’s records. Where a schedule cannot be completed, substitute a similar schedule showing the indicated data.

Please attach to this report a copy of the last annual report of the board of directors or other officers to the members.

Make this annual report in duplicate and keep one copy in the files of the company for reference. Mail the other copy to the department, flat (not folded or rolled).

It is required that the report be filed with the department on or before March 2 of the current year. The tax payment required by ORS 308.805 must be made by July 1.
