

New Web Site Design

The State of Oregon has mandated all State agencies to migrate to a new web page to provide the same look and feel across all state agencies. DPSST has complied with that order and will be going live with this new site September 24, 2004. Our main address of <http://www.dpsst.state.or.us> will NOT change. However, if you have bookmarks to other pages within our site, you will need to update.

To make this transition as easy as possible for our customers we have provided the following quick reference guide to help you navigate through the new site. If you have questions, comments or concerns about this site, please contact us at oregon.dpsst@state.or.us.

The new site is divided into 5 sections, the State Navigation Bar, DPSST Navigation Bar, Left Navigation Bar, Current Topics, and Popularity boxes.

State Navigation Bar: Allows access to other state agencies and provides a search of all State Pages. *Note: The State is working on providing search features for specific agencies.*

DPSST Navigation Bar: This bar contains the different sections of DPSST. Clicking on Departments shows DPSST and will return you to our Agency's main home page. Divisions contain the various sections of DPSST. The illustration shows the list you will see if you click Divisions. Boards gives you access to the Board and Committee information and Memorial Fund Board.

Current Topics: This area will feature new items and hot topics.

Left Navigation Bar: This bar contains links to where you will go to find most of the information you need. Each of our sections have different information in the Left Navigation bar. For example, Fire Training will have different links than Fire Certification.

Popularity Boxes: The Feedback, DPSST Forms and Employee Directory boxes are standard boxes which will appear on each sections main pages. The other box will be used for additional section specific information.
