SUMMARY and CONTEXT

This consent item is an update of the forest management plan (FMP) issue paper that was presented to the Board at the November 2006 meeting.

The FMP issue paper that explored key issues that have been raised throughout the recent Board discussions on the FMPs.

PROJECT UPDATE

The Board provided feedback to staff by clarifying issues and concerns in the FMP issue paper. The Department has updated the paper to incorporate this feedback. This agenda item includes the updated issue paper, with text that is new, revised, or moved from the previous version highlighted in gray.

NEXT STEPS

The Department will continue to work with the Board to address its issues and concerns relative to the forest management plans by developing performance measures that address economic, environmental and social values, which in total, seek to best represent greatest permanent value. Depending on the outcome of the initial application of those performance measures, the Board may revisit issues identified in this paper as warranted.
