

**Oregon Board of Forestry  
Dynamic Forest Ecosystems Work Plan**

**Summit Policy Workshop  
September 8, 2009**

**Oregon Garden Resort  
895 West Main Street  
Silverton, Oregon**

**Objectives**

- To inform and engage workshop participants on dynamic ecosystems science findings and the implications for forest management and forest policy that have emerged from Work Plan implementation to date.
- To develop recommendations for meaningful and tangible principles and guidelines for future Oregon forest management and forest policies that more fully utilize dynamic ecosystems science.
- To develop recommendations for moving forward on these topics.
