- Striping
- Structures
- Paving

Description of Work: High Friction Surface Treatment (HFST) application pilot project to reduce the severity an

The 12-Month Schedule of Contract Lettings is a tentative schedule for ODOT STIP projects that are scheduled to be programmed for construction funding. Depending upon project development and funding constraints, the projects shown the 12-Month Schedule may end up being cancelled, moved forward or delayed to later bid openings. The range value is preliminary, may not reflect the current scope of the project, and is not a reflection of the Engineer's Estimate. Project Components and Anticipated Work Opportunities are based upon historical analysis of comparable projects and not necessarily indicative of each specific project.
