Information on methodology, data sources, and notes can be found on the next page.

Methodology

- (a) Sum of lines 22, 23, 25, and 27, minus lines 26, and 28, all divided by 1,000 and rounded to the nearest decimal.
- (b) Line 29 minus lines 30 and 31, all divided by 1,000 and rounded to the nearest decimal.
- (c) Line 32, minus lines 33 and 34, all divided by 1,000 and rounded to the nearest decimal.

Notes

- In 2019 and 2020, under Oregon Employment Department confidentiality criteria, it was not possible to get an employment count for **11411 - Fishing**. Values for **Line 21 - Local government**, and **Line 20 - State government** were both revised back to 2014 by the Employment Department, due to the reclassification of public university employees from State Education (counted in State government employment) to Local Education (counted in Local government employment). This reclassification is reflected in the increase in values for **Line 21 - Local government**, and the decrease in values for **Line 20 - State government**.
- Counts may differ from previously published data because Employment Department data may have been revised since originally published.
- **Total W.C. Covered** figure includes employment for tribal employers opting for WC coverage.
- For 2023 data, Educational services (line 15) is now reported as "Private educational services" to keep consistent with CES source documents.
