PRE-APPRENTICESHIP PROVIDER AGREEMENT

Pre-apprenticeship is a program designed to prepare under-represented, disadvantaged or low skilled individuals to enter and succeed in a registered apprenticeship program. Approved pre-apprenticeship programs must have a documented partnership with at least one, if not more, registered apprenticeship committees. The Oregon State Apprenticeship and Training Council (OSATC) has the authority to approve pre-apprenticeship training programs (PATP) for the purposes of serving the best interest of registered apprenticeship. In order to be used by a registered apprenticeship committee as a direct entry or preferred applicant source, a pre-apprenticeship program must be approved by the Council.

This Provider Agreement is in conformity with and is to be used in conjunction, as applicable, with the Apprenticeship Rules, Chapter 839-011-0335 OAR (Oregon Administrative Rules); Apprenticeship and Training Statutes, Chapter 660 ORS (Oregon Revised Statute); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which collectively govern the employment and training in apprenticeable occupations, as applicable. If approved by the council, such amendment(s) or changes as adopted by the council shall be binding to all parties on the first day of the month following such approval. PATP shall notify pre-apprenticeship participants and registered apprenticeship committees with whom the PATP facilitated entry or formalized agreements of changes as they are adopted by the Council. If and when any part of this Provider Agreement becomes illegal, as it pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Bureau of Labor and Industries (BOLI) may recommend language that will conform to applicable law for adoption by the OSATC. The remainder of the Provider Agreement will remain in full force and effect.

The following are requirements for administering a pre-apprenticeship program. These provisions are to be used in conjunction with OAR 839-011-0335:

1. The program must incorporate Council approved training and curriculum based on industry standards.
2. The program must specify recruitment strategies focused on outreach to under-represented populations
3. The program must provide assistance in exposing participants to registered apprenticeship programs and provide direct assistance to participants applying to those programs.
4. Pre-apprenticeship programs agree to provide the Council with a list of program graduates at least once every six months indicating the names, addresses and other identifying information for program completers on a form designated by the Division.

PROVIDER AGREEMENT ADDENDUM

Sections of the standard inside of a border are specific to the individual Provider Agreement and may be modified by the sponsor by submitting a revised Provider Agreement for approval by the Oregon State Apprenticeship and Training Council. All other sections of the Provider Agreement are boilerplate and may only be modified by the Council.

I. POPULATION SERVED:

OAR 839-011-0335 specifies that pre-apprenticeship programs prepare under-represented, disadvantaged, or low-skill individuals to enter and succeed in a registered apprenticeship program. Please provide a brief statement describing how your program’s mission aligns with this purpose:

At-risk high school students in East County

II. OBJECTIVES, OUTCOMES, PARTICIPANT COMPETENCIES and BENCHMARKS

OAR 839-011-0335(2)(c) states that pre-apprenticeship programs will provide the objectives, outcomes, and participant competencies upon completion and the benchmarks for success.

Objectives:
To provide students with skills necessary to succeed in their post-secondary goals while ensuring they are successful and supported academically and emotionally as part of the team. Improve attendance, networking capabilities, leadership and communication skills, and specific industry preparedness expectations.

Outcomes: Students are well qualified and prepared to apply for an successfully enter registered apprenticeship, jobs, and or college. Students have: confidence, portfolio, resume, application support, training and skills necessary to thrive in their selected post-secondary field.

Competencies:
1. Graded classes – C or better is passing
2. Hands-on training – Evaluated on 1-5 scale: work performance, safety, and attitude

III. PRE-APPRENTICESHIP HANDS-ON TRAINING AND PROCESSES:

OAR 839-011-0335(1)(d) specifies that Pre-Apprenticeship Programs provide hands-on training to individuals in a simulated lab experience or through volunteer opportunities, when possible, neither of which supplants a paid employee but accurately simulates the industry and occupational conditions of the partnering registered apprenticeship sponsor(s) while observing proper supervision and safety protocols.

Pre-apprenticeship hands on training shall be 2 credit hours = appx. 240 hours.

Below is a condensed schedule of hands-on experience that pre-apprenticeship participants will be offered as conditions will permit.

Hands-on Processes	Approximate hours
Crew Work – construction/building concepts and working as part of a crew/team	1 cr. hour/appx. 120 hours
Crew Community Projects – learning construction/building concepts and work as part of a crew/team on community-based project	1 cr. hour/appx. 120 hours

Approximate total hours of hands-on training 240.

IV. ACADEMIC STUDY:

Pre-apprenticeship programs shall provide the Council with an overview of the academic and manipulative portions of the program, including: individual course descriptions, class hours and measurement tool(s) used to determine successful completion of classes. (See OAR 839-011-0335(2)(d))

The following is a summary of academic instruction including required class hours in each element of instruction.
