Wyoming Department of Workforce Services Notice to Employees Health and Safety Protection on the Job

The Wyoming Occupational Health and Safety Act provides job health and safety protection for workers employed by general business and industry throughout the state as well as for all employees of the state and its political sub-divisions.

The Wyoming Department of Workforce Services, OSHA Division, created by the Act, has primary responsibility for administering the Act, and the Occupational Health and Safety Commission promulgates rules and regulations for workplace health and safety standards as authorized by the Act.

By law: Safety on the job is everybody's responsibility!

Employers

Each employer shall provide a place of employment as well as employment which are free from recognized hazards that are causing or that are likely to cause death or serious physical harm. Each employer shall comply with occupations' safety and health standards, rules, regulations and orders issued pursuant to the Act.

Employees

Each employee shall comply with occupational safety and health standards and all rules, regulations and orders issued pursuant to this Act, which are applicable to their own action and conduct.

Employer Reporting Requirements

Report to OSHA all work-related fatalities within 8 hours, and all inpatient hospitalizations, amputations and losses of an eye within 24 hours.

Inspection

The Act requires that a representative or representatives of the employers and a representative or representatives authorized by the employees shall be given an opportunity to accompany a duly authorized representative of the Commission before or during the physical inspection of any workplace for the purpose of aiding such inspection.

Where there is no authorized employee representa-

tive, the authorized representative of the Commission (Compliance Officer) shall consult with a reasonable number of employees concerning matters of safety and health.

Violation

If upon inspection Wyoming OSHA Division determines that an employer has violated the Act, a citation and notification of penalty will be issued to the employer within 180 days following the occurrence of the violation. Each notice of violation will specify a time period within which the violation must be corrected.

The notice of violation must be prominently posted in a conspicuous place at or near the site of the violation until the violation is corrected, or for three working days, whichever period is longer.

Voluntary Action

Technical Assistance Consultative Services is responsible for providing free technical assistance to all employers, associations, state and local governments working within the boundaries of Wyoming. These services are available upon a written request from employers. These services include but are not limited to courtesy visits (without assessment of penalties), health and safety training and consultative services.

Complaint

Employees or their representatives have the right to file a complaint with Wyoming OSHA requesting an inspection if they believe unsafe or unhealthful conditions exist in their workplace. Wyoming OSHA will withhold complainant names.

The Act provides that employees may not be discharged or discriminated against in any way for filing safety and health complaints or otherwise exercising their rights under the Act. Note: Discrimination cases do not have a set number of days to issue a citation for protected activity.

employer may file a complaint with Wyoming OSHA Division, Cheyenne, Wyoming 82002 and/or the Regional Office of OSHA, U.S. Department of Labor, at the Address listed below this notice within 30 days of the alleged discrimination.

Penalty

The Act provides for mandatory penalties for serious and repeat serious violations and for optional penalties for each non-serious or regulatory violation(s). Penalties can also be required for each day during which an employer fails to correct a violation beyond the period set for correction in the notice of violation. In addition, any employer who willfully and knowingly violates the Act, can be assessed penalties for each willful violation. Penalty amounts can be obtained by contacting Wyoming OSHA at (307) 777-7786 or from checking rules.wyo.gov/Search.aspx?mode=1.

Additional penalties are also provided for in the Act: any willful violation resulting in death of an employee, upon conviction of an employer, is punishable by a fine of not more a \$10,000 or by imprisonment for not more than six (6) months, or by both. Conviction of an employer after a first conviction doubles these maximum penalties.
