

# Online Training Organizations Accepted in ORO

**Disclaimer:** This is not a comprehensive list of online training organizations that Oregon Registry Online (ORO) will accept. To be verified in ORO, an online training must meet quality requirements outlined in the [Oregon Registry: Training and Education Criteria](#) and the content must link to the [Core Knowledge Categories](#) (CKC). Oregon Center for Career Development (OCCD) has linked the content of much of the training to the CKCs and confirmed the delivery methods meet the Training & Education Criteria. OCCD is not in the business of endorsing online training organizations and this list has been provided for informational purposes.

**Online training completed in one day will be limited to 10 hours. It is important to note this is for online training that is short (1-3 hours) but will not apply to distance courses that are delivered over a period of time.**

Documentation of distance learning certificates **must not** be:

- Self-directed training book reports
- Video training
- Other independent study that does not meet distance education criteria
