

Oregon Department of Environmental Quality

The Nebraska Notebooks

New Source Performance Standards and National Emissions Standards for Hazardous Air Pollutants

The Nebraska Department of Environment and Energy's Air Quality division has developed guidance for New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants. These "notebooks" contain applicability information, regulatory citations, amendment dates, sources in NDEE's jurisdiction, related rules, guidance documents, forms, and other helpful information.

The tables linked below are to be used as guidance to help comply with NSPS and NESHAP regulations. They are not inclusive of all regulations and are not meant to serve as a substitute for understanding all applicable regulations.

NDEE no longer updates this notebook, but it remains an excellent resource. Be sure to check the latest versions of the e-CFRs for the most current regulatory information.

NSPS Notebook List by Subpart Letter

The NSPS Notebook contains applicability information, regulatory citations, amendment dates, sources in NDEE's jurisdiction, related rules, guidance documents, forms, and other helpful information.

This table is to be used as an assistance tool to comply with the NSPS regulations. This table is by no means inclusive and is not meant to serve as a substitute for being aware and understanding all applicable regulations.

This table is arranged alphabetically by regulation subpart letter, then by Appendix.

Commenced construction date means the date that an owner or operator has started undertaking a continuous program of fabrication, erection, or installation of an affected facility, except for NSPS Subparts III and JJJJ. For NSPS Subparts III and JJJJ, the commenced construction date is the date the owner or operator has ordered the engine.

Part 69 Subpart	Affected Source(s)
A	General Provisions
C	Emission Guidelines and Compliance Times
Cb	Emission Guidelines for Large Municipal Waste Combustors that are Constructed on or before September 20, 1994
Cc	Emission Guidelines for Municipal Solid Waste Landfills
Cd	Emission Guidelines for Sulfuric Acid Production
Ce	Emission Guidelines for Hospital/Medical/Infectious Waste Incinerators

NDEE's NESHAP Notebook

The screenshot shows the NDEE website header with the logo and navigation menu. The main content area is titled "Air Toxics Notebook" and "List by Subpart Letter". Below the title is a search bar with the text "Enter keyword(s) to search:" and a "Search" button. A table is displayed below the search bar, listing subparts A through I with their titles and last updated dates. The table has four columns: Subpart, Title, Page last updated, and Notes. The table is currently on page 1 of 3.

Subpart	Title	Page last updated	Notes
A	General Provisions	Feb 22, 2018	
B	Case-By-Case MACT	Jan 25, 2018	
C	List of Hazardous Air Pollutants, Source Cate	Jan 24, 2018	
D	Compliance Extensions for Early Reductions of	Jan 24, 2018	
E	Approval of State Programs and Delegation of	Jan 25, 2018	
F	Organic Hazardous Air Pollutants from the Syn	Jan 25, 2018	
G	Equipment Specific Organic HAPs from SOCM1	Feb 23, 2018	
H	Equipment Leaks for Organic HAPs from SOCM1	Feb 23, 2018	
I	Equipment Leaks of Hazardous Organics from No	Jan 29, 2018	

This guidance provides information on specific source categories and emissions. In addition, it lists other relevant regulations that may apply.

Examples

A search for "boiler" in the NSPS guidance results in this:

NSPS Notebook List by Subpart Letter

The NSPS Notebook contains applicability information, regulatory citations, amendment dates, sources in NDEQ's jurisdiction, related rules, guidance documents, forms, and other helpful information.

This table is to be used as an assistance tool to comply with the NSPS regulations. This table is by no means inclusive and is not meant to serve as a substitute for being aware and understanding all applicable regulations.

This table is arranged alphabetically by regulation subpart letter, then by Appendix.

Commenced construction date means the date that an owner or operator has started undertaking a continuous program of fabrication, erection, or installation of an affected facility, except for NSPS Subparts IIII and JJJJ. For NSPS Subparts IIII and JJJJ, the commenced construction date is the date the owner or operator has ordered the engine

Page 1 Page 1

Part 60 Subpart	Affected Source(s)
Db	Industrial-Commercial-Institutional Steam Generating Units
Dc	Small Industrial/Commercial/Institutional Steam Generating Units
D	Fossil-Fuel-Fired Steam Generators
Da	Electric Utility Steam Generating Units
Y	Coal Preparation Plants
UUUUa	Emission Guidelines for GHG Emissions from Existing EGUs
FFFF	Emission Guidelines for Other Solid Waste Incineration Units
EEEE	Other Solid Waste Incineration Units
CCCC	Commercial and Industrial Solid Waste Incineration Units
DDDD	Emission Guidelines for Commercial and Industrial Solid Waste Incineration Units
F	Portland Cement Plants

The same search for "boiler" in the NESHAP guidance results in this:

Air Toxics Notebook List by Subpart Letter

Enter keyword(s) to search: boiler

Search

Subpart	Title	Page last updated	Notes
JJJJJ	Boilers - Area Sources - Industrial, Commerci	Feb 2, 2018	
DDDDD	Boilers & Process Heaters - Major Sources - C	Feb 16, 2018	
EEE	Hazardous Waste Combustion	Mar 22, 2018	
XXXXXX	Metal Fabrication - Area Source Categories	Jun 11, 2018	
UUUUU	Electric Utilities - Coal- & Oil-Fired	Mar 13, 2018	
MMM	Pesticide Active Ingredient Production	Jun 13, 2018	
B	Case-By-Case MACT	Jan 25, 2018	

Although some listed rules may not apply to the specific emissions unit or equipment in question, the notebooks provide a list of potential applicable regulations, making it easier to ensure that no requirements are missed.
