## 1. Executive Summary

The Drug Takeback Solutions Foundation's ("Foundation") Drug Take-Back Program Plan ("Approved Plan") was approved by the Oregon Department of Environmental Quality ("the Department") on June 4, 2021 pursuant to ORS 459A.200 to 459A.266 and related rules (the "Drug Take-Back Law"). The Approved Plan requires that the Foundation submit to the Department an Annual Report on the development, implementation and operation of the Drug Take-Back Program ("Program") for the previous year. This Annual Report describes collection and outreach activity between July 1, 2022 and June 30, 2023 ("Reporting Period") pursuant to ORS 459A.230.

The Foundation operated 173 Kiosks at Drop-off Sites across the state of Oregon during the Reporting Period. The Foundation grew the network of Drop-off Sites by 20 during the Reporting Period. Additionally, in accordance with an approved Request for Additional Services, the Foundation operated Mail-back Distribution Sites at 475 locations including in 163 population centers where Kiosk Drop-off Sites could not be established. Direct mail service was provided to Lonerock and Antelope where no mail-back distribution locations were able to be established within the population centers.

To promote awareness of these collection methods, the Foundation employed targeted outreach to population centers and Historically Underserved Communities throughout the State. These campaigns included direct mail, print ads, influencer and programmatic media. Promotional materials were made available on the program website and for distribution to Authorized Collectors upon request.

Overall, the Foundation's program experienced a 135% increase in weight of collected drugs from the previous year. The Foundation continues to explore opportunities to increase the number of Drop-off Sites statewide, improve public awareness and increase collection.

The following information included in the Report is in accordance with ORS 459A.230 and organized to reflect guidance provided by DEQ in the Guide for Oregon Drug Take-Back Program Annual Reports document. Capitalized terms used herein are the same as those used in the Approved Plan and the Drug Take-Back Law.

## 2. List of Participating Manufacturers

*ORS 459A.230(1)(a) - A list of Covered Manufacturers participating in the Drug Take-back Program*

*Per ORS 459A.230(1)(a), a list of covered manufacturers participating in the drug take-back program is provided in Appendix A to this report. Describe whether the program operator notified DEQ of all changes to a covered manufacturer's information or status in accordance with ORS 459A.212(4).*

A list of Covered Manufacturers participating in the Drug Take-back Program is provided in Appendix A. The Foundation is in discussions with DEQ regarding failures to notify of Covered Manufacturer status and the agreed upon procedures had not been enacted prior to the end of the Reporting Period. The Foundation will be following up with DEQ immediately to further

address these notifications and procedures going forward.

### 3. Collection Methods and Weights

ORS 459A.230(1):

- (b) The total amount, by weight, of drugs collected under the drug take-back program;
- (c) The amount, by weight, of drugs collected under each method of collecting drugs under the drug take-back program;
- (d) The address of each Drop-off Site used under the drug take-back program;
- (e) The total amount, by weight, of drugs collected at each Drop-off Site, presented in a manner that assists the department in determining the rate of use of each Drop-off Site;
- (f) The date and location of each collection event held pursuant to ORS 459A.221; and
- (i) The total amount, by weight, of drugs disposed of by each method, presented in a manner that allows the department to conduct an audit to verify the information;

Collection Method	Pounds Collected	Pounds Disposed
Drop-off sites	19,743.56	19,743.56
Mail-back envelopes through program website or toll-free telephone number	1.64	1.64
Mail-back envelopes through mail-back distribution locations or sites	361.84	361.84
Pre-Injector Package	220	220
Direct Mail	0.25	0.25
<b>Total</b>	<b>20,327.29</b>	<b>20,327.29</b>

#### a. Drop-off Sites

In describing your program's use of Drop-off Sites, please include:

- The total number of Drop-off Sites that participated during the program year;
- The number of Drop-off Sites that stopped participating during the program year;
- The number of new Authorized Collectors that joined the program during the program year; and
- The number of new Authorized Collectors that the program operator provided five Injector Packages to.

Please include, as an appendix to the report, a list of all Drop-off Sites used during the program year. Refer to Section 3.10 of this Guide for a template.

The Foundation's Program had a total of 173 Drop-off Sites participating during the program year. Four Drop-off Sites stopped participating during the Reporting Period. They include:

- Medicap Pharmacy 8436, 621 Hickory Street NW, Albany, OR 97321 (Closed 5/11/23)
- Medicap Pharmacy 8130 1333 Clay St. SE Albany, OR 97322 (Closed 5/11/23)
- Oregon Pharmacy and Compounding, LLC, 655 Nw Greenwood Ave. #1, Redmond, OR 97756 (Closed 1/25/2023)
- Pill Box Drugs Inc., 625 Se Miller Ave., Dalles, OR 97338 (Closed 3/27/2023)

The Foundation added 20 Authorized Collectors to the program during the Reporting Period. The Foundation worked with each of these 20 new Authorized Collectors to

determine whether it was feasible to provide auto-injector mail-back packages onsite. If space is available to store and distribute these items, five auto-injector mail-back packages were provided..

## b. Mail-back Services

*Please describe how the program operator provided mail-back services to covered entities in accordance with ORS 459A.209(2)(k) and the approved plan. Include the following table summarizing collection through mail-back services made available through the program website and the program's toll-free telephone number.*

*Please describe whether and how the program operator provided mail back service supplies to in-home hospice providers in accordance with ORS 459A.209(2)(L) and your approved plan.*

The Foundation provides prepaid, preaddressed Mailers to all covered entities at no cost. Three types of Mailers including Standard Mail-back Envelopes, Inhaler Mail-back Envelopes and Auto-injector Mail-back Packages are available at 475 Mail-back Distribution Sites or by request to all Covered Entities on the approved Program Website or by calling 1-800-350-0396, option 5.

Covered Entities are able to request up to three Standard Mail-back Envelopes, Inhaler Mail-back Envelopes, or Auto-injector Mail-back Packages at a time via the Program Website or Toll-free Phone Number. Covered Entities receive the Envelopes no later than 10 business days from date of request.

Type of Envelope/Package	Number of Envelopes Distributed to Covered Entities	Number of Envelopes Returned	Pounds Collected and Disposed
Standard Envelope	507	962	363.48
Direct Mail Mail-Back	78	1	0.25
Inhaler Envelope	40	0	0
Auto-Injector Package	146	55	220
<b>Total</b>	<b>771</b>	<b>1018</b>	<b>583.73</b>

### **Mail-back Service to In-home Hospice Providers**

The Foundation added two hospice locations in program year two bringing the total to Eleven Hospice locations established as Mail-back Distribution Sites. During the Reporting Period, 360 Mail-back envelopes were provided to these locations. The Foundation continues to work with Barb Hansen to set up and distribute mail-back envelopes to Hospice facilities across Oregon. Barb continues to reach out to the hospice centers that she works with to gauge interest and understand the feasibility of housing mail-back envelopes in each location. The Foundation intends to add mail-back envelopes to any facility that wants to participate and believes it is a need for their community.

Location Name	Mailers Provided
Willamette Valley Hospice	100
Housecall Providers Hospice	50
Providence Hospice East Office	0
Providence Hospice West Office	0
Providence Hospice Yamhill	0
Providence Hospice Halsey	50
Providence Hospice Hood River	0
Providence Hospice Medford	0
Legacy Hospice Srvs Portland	20
Mount Hood Hospice	20
Adventist Hospice	120
<b>Total</b>	<b>360</b>

### c. Collection Events

The Foundation did not conduct any collection events in the Reporting Period.

### d. Additional Services Where Drop-off Sites Cannot be Established

*Please describe collection through additional services that the program operator is providing because the program operator is unable to establish the number of Drop-off Sites required by its plan, per ORS 459A.218(3). For example, if the program operator provides mail-back distribution locations or sites where covered entities can pick up mail-back envelopes in-person, please describe the total number of mail-back distribution locations and sites used during the program year and include, as an appendix to the report, a list of all such locations or sites used during the program year and the weight of drugs collected at each location or site. Refer to Section 3.10 of this Guide for a template.*

The Foundation made a request for additional services for 166 population centers where the convenience standards were unable to be established or maintained. The request for additional service was approved by DEQ on September 8, 2022. The strategy proposed and approved to reach the underserved population centers included:

- The foundation established 475 Mail-back Service in 163 population centers for Program Year 2 (July 1, 2022 – June 30, 2023).
- The remaining 3 of the 166 population centers needing Additional Services were handled according to the below methods
  - Greenhorn – No need to provide service due to population zero
  - Lonerock – Direct Mail
  - Antelope – Direct Mail

The Foundations Direct Mail efforts resulted in 78 envelopes distributed, 1 envelope returned and 0.25 lbs collected.

A list of all Mail-back Distribution Sites used during the Program year and the weight of drugs collected at each location is included as Appendix C.

## 4. Transportation and Disposal

*Describe the following under ORS 459A.230(1):*

*(g) The method or methods used to transport drugs collected under the drug take-back program;*

*(h) The disposal technologies or processes used pursuant to ORS 459A.224 and which facilities or incinerators were used;*

*Include a list of transporters and a list of disposal facilities used.*

*Did the program use any transporters or disposal facilities that were not previously identified to DEQ? If so, please describe whether the transportation and disposal processes and technologies used by such transporters and disposal facilities are compliant with and were conducted in accordance with ORS 459A.224 and other applicable federal and state laws.*

Company Name	Contact Information	Registration Information	Vendor/Facility Type
123 Compliant Logistics, LLC 2626 N 29th Avenue Phoenix, AZ 85009	Rory Buske 602-612-4140	DEA Reverse Distributor- Collector: R90571264	Reverse Distributor
City of Spokane WTW & Recycling Disposal Site 2900 S. Geiger Blvd Spokane, WA, 99224	Jen Lennon 509-625-6514	EPA ID: WAR000000463  Title V Permit #: AOP-3	Municipal Waste Combustor
Saia Motor Freight Line LLC 11465 Johns Creek PKWY Suite 400, Johns Creek, GA 30097	800-765-7242	US DOT ID: 29124  Hazmat Reg #: 052721550039DF	Transporter
Schneider National Carriers Inc. 3101 South Packerland Dr. Green Bay, Wi 54313	800-558-6767	US DOT ID: 264184	Transporter

		Hazmat Reg #: 060922550094EG	
TForce Freight, Inc. 1000 Semmes Avenue Po Box 1216 Richmond, Va 23218-1216	800-227-8046	US DOT ID: 121058  Hazmat Reg #: 052421550207DF	Transporter
Clean Harbors Aragonite 11600N. Aptus Rd. Aragonite, UT94029	Michael Marlow 435-884-8100	EPA ID: UTD981552177	Hazardous Waste Incinerator
Clean Harbors El Dorado, LLC 309 American Circle El Dorado, AR 71730	Dan Roblee 870-863-7173	EPA ID: ARD069748192	Hazardous Waste Incinerator
Veolia ES Technical Solutions, L.L.C 7665 Highway 73 Port Aurthur, TX 77640	David Michaelis 281-216-9618	EPA ID: TXD000838896	Hazardous Waste Incinerator
USPS	Jackie Purcell 919-501-9394		Transporter
FedEx	Shane McAbee 800-469-9993	FedEx Express USDOT ID Number: 86876 FedEx Ground USDOT ID Number: 265752	Transporter

The Foundation's Service Provider used transporters and disposal facilities that were not previously identified to DEQ. These updated transporters and disposal facilities are the result of availability of resources and a changing landscape across the waste industry including facility closures and waste backups at hazardous waste facilities. All listed transporters and disposal facilities, as well as the processes and technologies used by such transporters and disposal facilities are compliant with and were conducted in accordance with ORS 459A.224 and other applicable federal and state laws.

## 5. Safety or Security Concerns

*Per ORS 459A.230(1)(j), describe whether any safety or security problems occurred during the collection, transportation or disposal of drugs and, if a problem occurred, a summary of the occurrence and possible resolutions. (This information may be provided as an appendix to the report.)*

*a. Please provide any relevant updates to safety or security problems you previously informed DEQ about during the program year.*

*b. Please identify any safety or security problems that you did not previously inform DEQ about.*

The Foundation did not encounter any safety or security problems during the collection, transportation or disposal of drugs in the Reporting Period.

## 6. Public Awareness and Education

*Per ORS 459A.230(1)(k), please provide a summary of the drug take-back program's compliance with ORS 459A.227.*

Pursuant to ORS 459A.227, The Foundation executed a comprehensive and measurable public awareness and education strategy to drive awareness of the Program and maximize participation by all Oregonians. While the Foundation sought to maximize participation by all Oregonians, pursuant to its Project Plan for Historically Underserved Communities, the Foundation focused the majority of the advertisement budget on providing public awareness and education efforts in rural areas and other historically underserved communities. See, Foundation, Project Plan for Historically Underserved Communities, at 6. The goal of the Foundation's public awareness and education efforts was to ensure that where and how to return Covered Drugs was widely understood by Oregon Covered Entities and Authorized Collectors.

To accomplish this comprehensive public awareness and education strategy, the Foundation deployed a combination of outreach initiatives including printed materials and media communication. Pursuant to ORS 459A.227(1)(a)-(d), each initiative aimed to instruct Covered Entities by providing at least one, if not all, of the following key messages:

- Promote the safe and secure storage of Covered Drugs by Covered Entities
- Awareness of the inherent risks of improperly storing or disposing of opioids or opiates and other Covered Drugs
- Discourage the disposal of Covered Drugs in the garbage or sewer system
- Promote the disposal of Covered Drugs through the use of the Drug Take-back Program including by publicizing information on Drop-off Sites, hours of operation, Mail-back Services, collection processes and any Collection Events

Additionally, the Foundation established a toll-free telephone number and website that Covered Entities could use to contact the Foundation about the Program. All community members in all cities, including Portland, Eugene, Salem, Gresham, and Hillsboro can use the toll-free telephone number and website. The Foundation also uses its kiosk signage to build public awareness. Finally, the Foundation empowered and educated kiosks staff on the importance of proper drug disposal. These types of services promoted public awareness anywhere the Foundation has a drop-off site, including at its drop off sites in Portland, Eugene, Salem, Gresham, and Hillsboro. Finally, while the Foundation, pursuant to its Project plan for Historically Underserved Communities, focused on providing public awareness and education in rural areas and other historically underserved communities, there was likely organic viewership in Portland, Eugene, Salem, Gresham, and Hillsboro from social media and influencer posts. Especially since some influencers are based in and have followings in the metro area. A summary of each of the initiatives deployed as part of the Foundation's public awareness and education strategy is provided below.

### **Printed Promotional Materials**

In accordance with ORS 459A.227(4), the Foundation distributed promotional written materials to Retail Drug Outlets, hospitals with an on-site pharmacy and health care clinics with an on-site pharmacy so that they could, upon request, provide those materials to

Covered Entities at the time that a Covered Drug was delivered. These materials were also provided on the Program’s website.

These materials:

- Provided instruction on how to safely store Covered Drugs at home
- Informed of the risks of disposing of Covered Drugs in inappropriate waste streams (e.g., solid waste collection, sewer, or septic systems)
- Outlined how to participate in the Drug Take-back Program for safe disposal of Covered Drugs
- Informed Covered Entities about Drop-off Sites, hours of operation and Mail-back Services

### Education Materials

In accordance with ORS 459A.227(1)(a)-(d) materials are available to Covered Entities on the Program Website and for distribution to Authorized Collectors upon request. These Educational Materials promote the safe and secure storage of Covered Drugs while educating Covered Entities on best practices for the disposal of Covered Drugs through the use of the Drug Take-back Program.

Educational materials have been translated into six languages (English, Spanish, Russian, Chinese, Vietnamese, and Somali) to ensure that all Covered Entities have easy and convenient access to the materials.

The Foundation did not receive any requests for printed educational materials within the Reporting Period. However, each of the Foundation’s new Drop-off Sites added in the Reporting Period was provided with promotional material in their welcome packet after enrollment as an Authorized Collector. This welcome packet also includes information on how to request additional promotional materials either by 1) requesting materials on the website to be downloaded or 2) contacting the Foundation to request that promotional materials be printed and shipped to the drop-off site at no cost. The retail drug outlets, on-site pharmacies, health care clinics with on-site pharmacies, and law enforcement agencies that received these education materials in the Reporting Period are listed in the table below.

Site	Address	City	Zip Code
Newberg-Dundee Police Department	401 E 3rd St.	Newberg	97132

Lakeview Gardens Long Term Care	1230 S 9th St.	Lakeview	97630
Asante Pharmacy	2900 E Barnett Rd.	Medford	97504

### **Kiosk Signage**

Kiosk Signage was created and implemented to educate and assist Covered Entities in the proper storage and disposal of Covered Drugs. In accordance with ORS 459A.227(1)(g) and in partnership with the other Program Operator, a common mark logo was created to provide a common symbol for Covered Entities to identify Collection Methods and educational materials that are part of the Program.

### **Direct Mail**

In accordance with ORS 459A.227(1)(a)-(d), the Foundation utilized direct mail (5x7 postcard) to promote safe drug disposal and the utilization of the joint neutrally-branded website, [medtakebackoregon.org](http://medtakebackoregon.org). Direct mailings were translated and sent out in Spanish and English. Direct mail postcards highlighted important statistics, the joint neutrally-branded website and toll-free phone number, a visual of what the Kiosk looks like, and how to operate the Kiosk. See Appendix D for direct mail examples.

### Print Advertisements

In accordance with ORS 459A.227(1)(f), the Foundation worked with eleven regional newspapers across the state of Oregon to educate and inform Covered Entities of the joint neutrally-branded website and toll-free phone number, as well as the location of Drop-off Sites, Mail-back Distribution Sites and Collection Events. The newspaper advertisement was included in all print versions of the eleven newspapers and was also included in any online version of the newspaper, for newspapers that have online additions. These eleven newspapers have a weekly readership of 126,000 Oregon residents. An example of the newspaper advertisement can be found in Appendix D.

### Programmatic Media

Programmatic Media provides targeted display ads on browser sites on internet capable devices (smart phones, computers, tablets, etc.). Additionally, geo-targeting was used to focus the ads to increase awareness in Historically Underserved Communities, as well as other geographic and demographic groups. The Foundation ran ads across a prequalified list of over 200K domains including a variety of retail websites, Google, and Facebook. Impression metrics are reported directly from the individual websites that the ads are placed on and are reported on a per campaign basis. The Foundation can increase the number of programmatic campaigns utilized if reach and frequency standards are not met. See Appendix D for Programmatic Media examples.

Programmatic						
Start Date	End Date	Platform	Languages	Geographical Target	Impressions	Reach %
10/1/22	11/15/22	Inmar's Programmatic Ad Network	English	The Full State of Oregon minus Portland, Eugene, Salem, Gresham, Hillsboro	366,667	12.57%
4/1/23	5/18/23	Inmar's Programmatic Ad Network	English	The Full State of Oregon minus Portland, Eugene, Salem, Gresham, Hillsboro	4,900,001	167.98%

### Influencer Marketing

Influencer Marketing is a content creation tactic used to drive awareness and education to a targeted audience through blogs and social media outlets. Influencers create original authentic content around their everyday lives and interests while weaving the story of drug take-back into their content. Influencer content is converted into paid ad units across social platforms and then targeted to community members across Oregon. Paid advertisements for influencer content were run on a variety of platforms including Google, Facebook, and/or Instagram and drove towards a specified impression goal. The Foundation ran quarterly social media influencer campaigns and has now recruited Spanish speaking influencers to create content on safe drug disposal in their native languages. This approach allows for certain demographics to view content that tailors to their specific language needs in an authentic way. The Foundation can increase the number of Influencer campaigns and paid advertisements utilized if impressions and frequency standards are not met. See Appendix D for Influencer Marketing examples.

Influencer						
Start Date	End Date	Platform	Languages	Geographical Target	Impressions	Reach %
9/5/22	10/5/22	Facebook Instagram Google Ad Network	English	The Full State of Oregon minus Portland, Eugene, Salem, Gresham, Hillsboro	1,224,229	41.97%

### Website

Pursuant to ORS 459A.227(1)(e)-(f), The Foundation established an individually branded website within the Reporting Period. The URL for The Foundation's website is [www.SafeMedicineDrop.com](http://www.SafeMedicineDrop.com). The website can be translated into six languages including English, Spanish, Russian, Chinese, Vietnamese, and Somali. The website contained a map and list of Drop-off Sites, Mail-back Distribution Sites, and Collection Event locations, dates and times for all Covered Entities in Oregon. Covered Entities were able to request that Mailers

including Standard Mail-back Envelopes, Inhaler Mail-back Envelopes, and/or Auto-Injector Mail-back Packages be sent directly to their residence with instructions on how to return the Mailers. The website provided additional information on The Foundation's Program including a Frequently Asked Questions (FAQ) section.

Pursuant to ORS 459A.227(3), the Foundation, along with the other approved Program Operator, established a joint neutrally-branded website and toll-free phone number within the Reporting Period. The URL for the neutrally-branded website is [www.medtakebackoregon.org](http://www.medtakebackoregon.org) and the toll-free phone number is (844)482-5322. Covered Entities can visit the neutral website to view a map and listing of all Collection Methods including Drop-off Sites, Mail-back Distribution Sites, as well as Collection Event locations, dates and times from all Program Operators in Oregon. The neutral site, toll-free number, and outreach materials are available in the six languages: English, Spanish, Russian, Chinese, Vietnamese, and Somali. This website provides direct links to both Program Operator's individually branded websites where Covered Entities can order Mailers and find additional information on the individual Program Operators.

## 7. Total Plan Annual Expenditure

*Pursuant to ORS 459A.230(1)(L), provide a summary of the annual expenditures of the drug take-back program, aggregated by the following categories: administrative costs; collection and disposal costs; and communication costs. Please report a total for each category.*

*a. Administrative costs. The total for administrative costs should include, but need not be limited to:*

- 1) Contracted and employed personnel overhead costs;*
- 2) Legal fees;*
- 3) Local and state business licensing fees;*
- 4) Local, state, and federal taxes;*
- 5) Property costs, including rentals;*
- 6) Utilities, phone, and internet;*
- 7) General equipment and supplies; and*
- 8) DEQ's administrative fee.*

*b. Collection and disposal costs. The total for collection and disposal costs should include, but need not be limited to:*

- 1) Collection, transportation, and disposal of drugs;*
- 2) Purchase, maintenance, and replacement of collection repositories;*
- 3) Compensation, including payments, incentives, reimbursement, discounts, rebates, and other financing arrangements, provided to Authorized Collectors, if separate from personnel costs in Administrative Costs; and*
- 4) Production, distribution, and postage of mail-back envelopes.*

*c. Communication costs. The total for communication costs should include, but need not be limited to:*

- 1) Advertising;*
- 2) Marketing;*
- 3) Website creation and maintenance; and*
- 4) Operation of a toll-free phone number.*

*If, for one of the categories, the program operator includes a type of cost not described above, please include a note describing that type of cost.*

*Please note whether the program maintained a reserve to cover six months of operations.*

Category	Annual Expenditure
Administrative	\$1,296,741.04
Collection and Disposal	\$114,945.23
Communication and Promotion	\$145,227.74
<b>Total</b>	<b>\$1,556,914.01</b>

\* Administrative expenditures include DEQ's annual program administrative fee

The Foundation has a plan for covering the costs of the six month closure period in the unlikely event of a dissolution of the Program. The plan is to pro-rate our agreements with manufacturers to include the run-out period of six months in order to cover costs and provide the manufacturers with enough time to secure the services of another stewardship organization. Additionally, the Foundation has notification provisions with each of our vendors if such an event should occur to secure their services until the dissolution is finalized.

## 8. Convenience and Goals

*Please address ORS 459A.230(1)(m): "Whether service was provided in compliance with the program operator's description pursuant to ORS 459A.209 (2)(i) and whether the public awareness goals have been met, including a summary of strategies and surveys used, and copies of any promotional materials developed by the drug take-back program."*

- a. Describe how the program performed against the collection goals set in the approved plan. If collection goals were not met, explain possible reasons for why goals were not met. For example, you may note if any Drop-off Site experienced recurring issues with Authorized Collector staffing shortages or include information from survey results and other factors that may affect the amounts collected and amounts available for collection, such as changes in prescribing practices.
- b. Describe how the program performed against the public awareness goals set in the approved plan. If public awareness goals were not met, describe how the program will modify its promotion and outreach activities to better achieve widespread awareness among Oregon residents and health care professionals about where and how to return covered drugs to the drug take-back program.
- c. Please include copies of promotional materials as an appendix, including promotional materials provided to retail drug outlets, hospitals with an on-site pharmacy, and health care clinics with an on-site pharmacy.

### Collection

The Foundation made significant progress towards meeting its Year 2 Collection Goals. The Foundation achieved a 135% increase in collected drugs overall from program year 1. The Foundation's long-term goal was to increase collection weight by 10% each year. The Foundation recognizes that the overall collection weights have not caught up to the original goal of 20 pounds per month per Drop-off Site, however the trends are positive and collection weight continues to increase, and the Foundation did achieve an increase of over 10% in collection weight. These trends confirm the Foundation's position that the length of time and duration that a Kiosk exists and the awareness built in the community around the Kiosk over time will result in increased collection. The weight collected from Drop-off Sites increased by 146.11% from the previous program year. Weight collected from mail-back services increased by 126% across all mail-back distribution methods.

The Foundation participated in many activities over the course of the program year in targeted efforts to increase collection and achieve collection goals. Some of these efforts included:

- The Foundation attended the OACP (Oregon Association of Chiefs of Police) Conference on April 5-6, 2022 in Oregon with the intention of engaging the Law Enforcement community and building partnerships to establish more Drop-off Sites across the State. As a result, the Foundation added 15 Drop-off Sites at Law Enforcement Agencies.
- The Foundation continued to engage with Barb Hansen, the CEO of Oregon Hospice and Palliative Care Association to place mail-back service at hospice facilities throughout the state. Two Mail-back Distribution Sites were added in the Reporting Period.

### **Public Awareness**

The Foundation's long-term public awareness goals include reaching 75% of Covered Entities across Oregon, improving Kiosk use and increasing awareness to Historically Underserved Communities. The Foundation was able to make significant progress towards this goal measured through 15 million impressions via views, readership, and home addresses across different tactics of outreach implemented throughout the Reporting Period (see Section 6). As noted in the Foundation's Year 1 annual report, 3,000,000 impressions represented an overall scope and reach of 68.7%. The Foundation's 15 million impressions in Program Year 2 is more than a five times increase in the overall scope and reach of the Foundation's public awareness program. The Foundation did not conduct a biennial survey in Program Year 2, therefore public awareness goals are being measured by the tactics used to as outreach and not by survey responses.

The reach percentages reported for influencer and programmatic campaigns represent results for focused outreach to Historically Underserved Communities.

-Reach 75% of Covered Entities by June 30, 2023 as measured by the results of surveys taken on September 1, 2022.

- This program goal is not applicable to the Year 2 Annual Report because surveys run biennially in this program. In the Foundation's Year 1 Annual Report, it provided a summary of the survey results from the biennial survey conducted in September, 2022. The results of the second biennial survey, scheduled to run in September 2024, will be reported in the Program Year 3 Annual Report and will evaluate the Foundation's progress towards this goal.

-Sustain a 75% reach to Covered Entities in Oregon annually measured by survey results.

- This program goal is not applicable to the Program Year 2 Annual Report because it is based on the results of the biennial survey. The results of our biennial survey, scheduled to run in September 2024, will be reported in the Program Year 3 Annual Report and will evaluate the Foundation's reach as measured by the survey results.

-Measure the goal for Kiosk use, set a baseline and make plans for improvement.

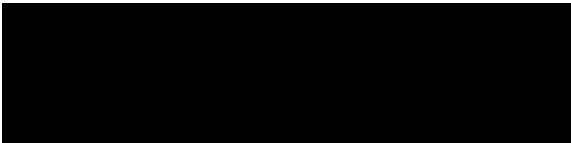

- Awareness and usage of Kiosks across the state of Oregon increased drastically with a

146.12% increase in kiosk weight year over year.  
-Increase Program awareness for Historically Underserved Communities until 75% of Covered Entities within Historically Underserved Communities have been reached.

- In reference to the Historically Underserved Communities Document, a heavy emphasis was put on targeting historically underserved communities across Oregon in program year 2. To that end, as described above, the Foundation conducted a far-reaching public awareness campaign that created multiple potential touch points (newspaper, direct mail, online, etc.) and educational opportunities for individuals in Historically Underserved Communities, and Oregonians at large.

## 9. Attestation

I hereby declare under penalty of false swearing (Oregon Revised Statute 162.075 and ORS 162.085) that the above information and all of the statements, documents and attachments submitted with this report are true and correct and that all Covered Drugs collected under The Drug Takeback Solutions Foundation's Drug Take-Back Program were disposed of in compliance with applicable laws, rules and regulations.

#ConsumerDrugTakeBackOregon

As a mom of two little guys, protecting them from accessing things that could be potentially dangerous, is an utmost priority. That is why it is important to me that we make sure to safely and responsibly discard our unused medications with Oregon's Drug Take-Back Program.

All too often, these medications end up improperly discarded—causing them to enter our rivers and streams and harm our already fragile environment, or end up in the wrong hands and contribute to the nation's tragic opioid epidemic. A benefit of using Oregon's Safe Medication Disposal Program is that the program is completely free and accessible in locations around the country.

Oregon's Safe Medication Disposal Program has made the process more simple than ever by creating a Consumer Drug Take-Back that provides us with a safe option to discard our unused or outdated prescription medications, in secure kiosks located across the US. In fact, using their website I was able to locate four options within only a couple miles of my home.

 **sonia\_macho** #ad El abuso de medicamentos recetados y el daño ambiental son dos consecuencias muy graves de dejar desatendidos en el hogar medicamentos sin usar o vencidos. Es hora de actuar y hacer nuestra parte para protegernos a nosotros mismos y a nuestras comunidades. Por eso me emocioné al descubrir el @lifeincheckcdtb Programa Consumer Drug Take-Back, que ofrece una solución simple y segura para desechar medicamentos recetados no utilizados o vencidos.
