I. Executive Summary

MED-Project USA (“MED-Project”) operates a Product Stewardship Plan for Covered Drugs from Households in the State of Oregon, under the Oregon Revised Statutes 459A.200 to 459A.266, approved by the Oregon Department of Environmental Quality (the “Department”) on May 20, 2021 (“Approved Plan”) and revised on September 22, 2022. MED-Project is submitting this 2022-2023 State of Oregon Annual Report (“Report”) for the period between July 1, 2022, and June 30, 2023 (the “Reporting Period”) as described in Approved Plan Section III.C: Reporting. All capitalized terms used but not otherwise defined herein shall have their respective meaning set forth in the Approved Plan.

MED-Project has served the residents of the State since 2021 and has served the residents by collecting over 115,000 pounds of Unwanted Medicine. MED-Project’s comprehensive outreach and education program has generated over 300 million impressions to State residents.

A. Notifications in the Reporting Period

MED-Project submitted a number of notifications during the Reporting Period. The notifications included:

- MED-Project requested a modification to the Approved Plan on June 6, 2022, that was subsequently approved in a series of Department approvals on July 5, and September 22, 2022
- MED-Project submitted an Additional Services Proposal pursuant to the Approved Plan on June 1, 2022 that was subsequently approved on June 29, 2022. MED-Project implemented the approved Additional Services Proposal during the Reporting Period
- MED-Project requested a modification to the Approved Plan on May 25, 2023 to allow for incineration of collected Covered Drugs at medical waste incinerators in response to modified legislation that was subsequently approved on June 9, 2023.
- MED-Project submitted monthly reports listing the active Mail-Back Distribution Locations in the State and a report listing the active Secure Repositories in the State for the preceding month throughout the Reporting Period.
- MED-Project submitted monthly reports listing the scheduled installations of Secure Repositories in the State throughout the Reporting Period.

B. Reporting Period Operations Overview

MED-Project operated 258 Secure Repositories at participating Drop-Off Sites in the State during the Reporting Period. In addition, MED-Project distributed Mail-Back

Packages to 127 Mail-Back Distribution Locations during the Reporting Period. Secure Repositories were installed in pharmacies, hospitals/clinics, and LEAs that meet all state, and federal requirements and that executed agreements with MED-Project. In addition, outreach and educational materials, including signage and/or brochures, were distributed to all new Drop-Off Sites and offered to Mail-Back Distribution Locations and to those that requested promotional materials. All promotional material included in this Report are representative examples from the Reporting Period.

As outlined in the Approved Plan, the goal of the Program is to provide Covered Entities with convenient, safe, and accessible methods to dispose of Covered Drugs.

MED-Project continues to communicate with Collection Sites to distribute outreach materials and review procedures as needed and improve the overall Program design.

The following sections of the Report respond to specific reporting requirements either in the Act or the Approved Plan. Each section of the Report restates the corresponding Act or Approved Plan requirement and provides the required information. All figures are rounded to the nearest tenth place.

II. Covered Manufacturers

ORS 459A.230 (1)(a): “A list of covered manufacturers participating in the drug take-back program;”

See Appendix A, Covered Manufacturers.

MED-Project submitted producer list updates, as required, throughout the Reporting Period.

III. Collection Methods and Weights

ORS 459A.230 (1)(b): “The total amount, by weight, of drugs collected under the drug take-back program;”

ORS 459A.230 (1)(c): “The amount, by weight, of drugs collected under each method of collecting drugs under the drug take-back program;”

ORS 459A.230 (1)(i): “The total amount, by weight, of drugs disposed of by each method, presented in a manner that allows the department to conduct an audit to verify the information;”

A. Total Collection

MED-Project collected a total of pounds 62,711.8 pounds of Covered Drugs through all collection methods during the Reporting Period. The total amount of Covered Drugs disposed of by each method is included as a separate Excel spreadsheet attachment to this Annual Report. Please see Attachment A: Collection Report, Sheet: Total Collection.

B. Kiosk Drop-Off Sites

ORS 459A.230 (1)(e): “The total amount, by weight, of drugs collected at each drop-off site, presented in a manner that assists the department in determining the rate of use of each drop-off site;”

MED-Project collected 61,882.9 pounds of Covered Drugs through Secure Repositories.

The weight of covered drugs collected at each Drop-Off Sites is provided in an Excel spreadsheet attached to this Report. See Attachment A: Collection Report, Sheet: Drop-Off Site Collection. Eight sites were newly installed during the Reporting Period. MED-Project distributed five Injector Mail-Back Packages to each of the eight installed Drop-Off Sites. Ten sites ceased participation during the Reporting Period.

C. Mail-Back Services

MED-Project distributed Mail-Back Packages through the following methods during the Reporting Period:

- 127 Mail-Back Distribution Locations. MED-Project provides a list of Mail-Back Distribution Locations that were active during the Reporting Period. See Appendix B; Mail-Back Distribution Locations.
- Resident request through the Website and Call Center.
- Drop-Off Sites providing Injector Mail-Back Packages.

MED-Project collected 722.7 pounds of Covered Drugs through Mail-Back Services. The amount of Covered Drugs collected by Mail-Back Services and disposed of is included as a separate Excel spreadsheet attachment to this Annual Report. Please see Attachment A: Collection Report, Sheet: Mail-Back Services Collection.

- MED-Project collected 508.4 pounds of Covered Drugs through the return of 1,115 Standard Mail-Back Packages.
- MED-Project collected 6.8 pounds of Covered Drugs through the return of 20 Inhaler Mail-Back Packages.
- MED-Project collected 207.5 pounds of Covered Drugs through the return of 50 Injector Mail-Back Packages.

In late 2022, MED-Project presented the 2021-2022 Annual Report to a broad audience, including stakeholders representing jurisdictions in several counties and states, the Oregon Board of Pharmacy, and environmental, community, and public health organizations. Following that presentation, MED-Project met with several audience members who had questions about the program, including representatives of in-home hospice service providers. MED-Project met with the CEO of the Oregon Hospice and Palliative Care Association, on January 9th, 2023, to discuss the needs of hospice facilities in the State. MED-Project discussed impressions, interest in the program, and services available for in-home hospice service providers and their patients. Hospice facilities, upon request, can register to become a Mail-Back Distribution Location and be provided Mail-Back Packages that can be handed out to their patients, upon request. During the reporting period, MED-Project had a hospice and palliative care services site participating, Kaiser Hospice and Palliative Care Services, as a Mail-Back Distribution Location.

D. Collection Events

ORS 459A.230 (1)(f): “The date and location of each collection event held pursuant to ORS 459A.221;”

MED-Project supported law enforcement at three Collection Events resulting in the collection of 106.2 pounds of Covered Drugs in the State during the Reporting Period. The amount of Covered Drugs collected at Collection Events and disposed of is included as a separate Excel spreadsheet attachment to this Annual Report. Please see Attachment A: Collection Report, Sheet: Collection Event Collection. A list of the Collection Events that were supported during the Reporting Period is included in this Report. See Appendix C; Collection Events.

IV. Kiosk Drop-Off Sites

ORS 459A.230 (1)(d): *“The address of each drop-off site used under the drug take-back program;”*

A list of Drop-Off Sites that were active during the Reporting Period is included in this Annual Report. See Appendix D Drop-Off Site Locations.

V. Transporters and Disposal Facilities

ORS 459A.230 (1)(g): *“The method or methods used to transport drugs collected under the drug take-back program;”*

ORS 459A.230 (1)(h): *“The disposal technologies or processes used pursuant to ORS 459A.224 and which facilities or incinerators were used;”*

A. Transporters

See Appendix E; Transporters.

B. Disposal Facilities

See Appendix F; Disposal Facilities.

VI. Safety and Security Report

ORS 459A.230 (1)(j): *“Whether any safety or security problems occurred during the collection, transportation or disposal of drugs and, if a problem occurred, a summary of the occurrence and possible resolutions;”*

There were no safety or security problems during the Reporting Period.

VII. Educational Efforts and Public Outreach

ORS 459A.230 (1)(k): “A summary of the drug take-back program’s compliance with ORS 459A.227;”

A. Public Education Activities

During the Reporting Period, MED-Project promoted the safe and secure storage of Covered Drugs by Covered Entities by providing disposal instructions for Kiosk Drop-Off Sites through the Approved Plan, providing information through the MED-Project Website and Call Center, and distribution of promotional materials such as brochures and posters. MED-Project established the MED-Project Website and Call Center prior to the Reporting Period. The MED-Project Website, Call Center, and promotional materials were available in English, Spanish, Chinese, Russian, Vietnamese, and Somali during the Reporting Period. The MED-Project Website lists all Kiosk Drop-Off Sites and Mail-Back Distribution Locations.

MED-Project launched the Single Source of Promotion website and call center with the other approved Program Operator in December of 2021. During the Reporting Period, the Single Source of Promotion website and call center served as the primary method for Covered Entities to locate Kiosk Drop-Off Sites and Mail-Back Distribution Locations. The Single Source of Promotion website and call center were available in English, Spanish, Chinese, Russian, Vietnamese, and Somali.

MED-Project Website pages are provided in Appendix G; MED-Project Website Pages. Statistics for the MED-Project Website and the Single Source of Promotion Website are included in Appendix H; Website Statistics. See Appendix I for examples of promotional materials such as brochures or posters available during the Reporting Period. A list of sites that received promotional materials during the Reporting Period is provided in this Report. See Appendix J; Promotional Material Distribution.

Since 2015, MED-Project and its subsidiaries have worked with pharmacies, law enforcement agencies, vendors, regulators, and others across jurisdictions to develop readily recognizable and consistent design for Secure Repositories and to develop clear, standardized instructions on how to use those repositories. In Oregon, Authorized Collectors were able to provide feedback on MED-Project’s Program, including on the design of secure repositories and on its instructions for their use, through the Help Desk. MED-Project did not receive feedback on the design and consistency of its secure repositories during the Reporting Period and did not revise the designs and instructions.

B. Outreach Activities

To promote the Program during the Reporting Period, MED-Project: provided digital, television, social media, and direct mail campaigns; provided information through the MED-Project Website; and posted information on social media sites. MED-Project publicized information on the location of drop-off sites, collection options, and collection events through social media posts. A list of the organic social media activities is provided in Appendix K. MED-Project initiated outreach campaigns during the Reporting Period. The outreach campaigns ran for the duration of one month, three times during the Reporting Period, and were designed to be viewed by 50% of State residents over age 18. Part of these outreach activities were directed and targeted at the Historically Underserved Communities, and include a direct mail campaign for small communities. The reach percentage for the State during the Reporting Period was 84%, exceeding the target of 50% reach. The reach percentage for each media activity is provided in the multimedia outreach summary detailed in Appendix L.

C. Evaluation Activities

MED-Project conducted its initial biennial survey from July through August during the Reporting Period. The survey results were posted to the MED-Project website at <https://med-project.org/locations/oregon/learn/> on March 1, 2023.

The MED-Project Survey was designed to measure awareness levels of a program for the collection and disposal of household unwanted medications, as well as perceptions as to whether the program services were easy to locate and easy to use. The MED-Project Survey was targeted at health care providers and State residents over the age of 18. The MED-Project Survey was conducted via phone and the web, resulting in a total of 1,272 surveys collected between health care providers and residents. Sampling was done at random throughout the population. The MED-Project Survey reported 40% awareness among State residents over the age of 18, with 37% awareness in urban areas and 45% awareness in rural areas.

The MED-Project Survey reported that 49% of Oregon State healthcare providers are aware of the safe, convenient and free disposal program for expired and/or unwanted medicine offered to residents of Oregon State. Additionally, 33% of residents who were aware of the program, indicated that pharmacies, hospitals, or other healthcare providers were one of the channels where they received the information.

MED-Project is aware that the MED-Project Survey was not the only survey performed to evaluate awareness of Drug Take-Back Programs in the State (“Other Survey”). Based on information provided by the Department, MED-Project’s Survey appears to have used similar methodology to and appears to have a larger sample size than the Other Survey. The Other Survey reported 47.2% awareness among respondents.

Because a Covered Entity could utilize more than one Drug Take-Back Program during the reporting period and outreach, education, and surveying cannot distinguish between which Drug Take-Back Program a Covered Entity may have seen or utilized, it can be

assumed with reasonable confidence that either survey's results are accurate, and that awareness is somewhere between the upper and lower margins of error for both surveys, which indicates that the goal to achieve 50% awareness was generally met.

MED-Project plans to continue to conduct outreach campaigns for the duration of one month, three times per year, designed to be viewed by 50% of State residents over the age of 18 during the Reporting Period to drive increased awareness over time.

The following are highlights from the MED-Project Survey:

- 49% of State healthcare providers are aware of the disposal program for expired and/or unwanted household medicine in the State.
- 40% of respondents were aware of the Drug Take-Back Program.
- 78% of respondents who have used the Drug Take-Back Program indicated the services are easy to use, and 71% of respondents believe they are easy to locate.
- 85% of respondents who indicated they have used drop-off locations or mail-back services to disposal of expired and/or unwanted medicine in the past year, specified they used drop-off sites.

VIII. Annual Expenditures

ORS 459A.230 (1)(I): “A summary of the annual expenditures of the drug take-back program, aggregated by category;”

A summary of the annual expenditures of the Take-Back Program, aggregated by category, are provided in this Annual Report. See Appendix M; Annual Expenditures. MED-Project maintained a six-month balance during the Reporting Period.

IX. Goals

ORS 459A.230 (1)(m): “Whether service was provided in compliance with the program operator’s description pursuant to ORS 459A.209 (2)(i) and whether the public awareness goals have been met, including a summary of strategies and surveys used, and copies of any promotional materials developed by, the drug take-back program; and”

A. Convenience Standard Results

Figure 1 provides a visual representation of how MED-Project met this collection goal with active Drop-Off Sites as well as the location of Mail-Back Distribution Locations.

B. Collection Goals

MED-Project also met the July 1, 2023, collection goal of collecting approximately 24,000 pounds of Covered Drugs by July 1, 2023, as described in the Approved Plan. During the Reporting Period MED-Project collected 62,711.8 pounds of Covered Drugs, exceeding the collection goal.

C. Public Outreach and Education Goals

The MED-Project's goals with respect to public awareness of the Program that were provided in the Approved Plan dated May 6, 2021, stated that by July 1, 2023, and July 1 each year thereafter:

- MED-Project's goal is to continue to improve awareness in urban areas and rural areas each year, based on the biennial survey results and other methods used to evaluate awareness.
- MED-Project's goal is to continue to improve its outreach and education program each year as needed to address the needs and interests of Historically Underserved Communities, based on Oregon's Kitchen Table's analysis.

The following section describes how MED-Project achieved the outreach and education goals described in the Approved Plan during the Reporting Period.

In 2022 and during the Reporting Period, MED-Project conducted the first biennial survey of Covered Entities and of pharmacists and health care providers who interact with Covered Entities. Results from this survey served as a key tool for assessing awareness levels and refining MED-Project's outreach and education strategies. For additional information about the biennial survey, see Section VII.C of this Report. The next survey of Covered Entities and of pharmacists and health care providers who interact with Covered Entities will be completed during 2024.

During the Reporting Period, in addition to providing Covered Entities the ability to provide feedback and ask questions via the MED-Project website and Call Center, MED-Project maintained a community feedback questionnaire, accessible via the community feedback page of the Website, to assess program awareness among Covered Entities. No Covered Entities elected to provide feedback and MED-Project didn't receive any completed questionnaires during the Reporting Period. MED-Project is evaluating additional other methods to obtain feedback from Covered Entities.

Based upon the results of the biennial survey on preferred method of exposure and recognizing the limitations of traditional media in reaching Historically Underserved Communities, MED-Project adapted a strategic outreach approach by implementing media campaigns utilizing digital, social media, and connected TV platforms to continue to improve its outreach and educational program in urban and rural areas. These initiatives were also developed to engage the diverse audiences that were identified by

Oregon's Kitchen Table – Safe Medicine Return in Oregon report. By leveraging digital, social media, and connected TV channels, MED-Project aimed to continue improving broader outreach and inclusion, addressing potential barriers to communication faced by Historically Underserved Communities. Through the combination of these digital platforms, MED-Project sought to bridge gaps in communications and cultivate meaningful connections with Historically Underserved Communities.

As discussed in Section I.F.3 of the Additional Services Proposal, submitted to the Department on June 1st, 2023, and approved by the Department on June 27, 2023, MED-Project implemented an outreach and education program for Historically Underserved Communities. During the first year of Program operation following July 1, 2021, MED-Project added a third-party translation tool to the Website, enabling translations into over 100 languages. This translation tool continues to enhance accessibility, allowing speakers of diverse languages to access Program information. As additional languages are added to the third-party translation tool, the MED-Project website will offer content in those languages as well. Additionally, MED-Project added an accessibility tool to the MED-Project website to facilitate engagement for individuals with disabilities. As of May 12, 2023, the MED-Project website had received 20,943 website views.

MED-Project's media outreach generated over 26 million impressions as of May 12, 2023, including reach to traditionally served communities and Historically Underserved Communities. On April 28, 2023, and May 12, 2023, MED-Project conducted additional outreach social media outreach to promote Collection Events in Clackamas County. Moreover, MED-Project provided materials to participating law enforcement agencies to further promote these Collection Events. These initiatives provided outreach to populations in counties where Historically Underserved Communities are represented.

MED-Project has included representative promotional materials in the Specified Languages: English, Spanish, Russian, Somali, Vietnamese, and Chinese, during the Reporting Period. MED-Project continued to include Somali in the Specified Languages as a result of the consultation with, and report from, Oregon's Kitchen Table and as stated in the MED-Project July 1, 2021 Additional Services Proposal. See Appendix I; MED-Project Promotional Materials.

To continue to improve its outreach and education program each year, as needed, MED-Project will continue to evaluate outreach to Historically Underserved Communities in future years' campaign activity, including running translated media in targeted media channels where appropriate.

X. Additional Services Metrics

Plan Section III.C: *“For additional services provided during the reporting period, MED-Project’s annual report will include relevant metrics for the additional services, which will include the number of Mail-Back Packages provided to additional Mail-Back Distribution Locations, the weight collected through returned Mail-Back Packages Distributed by each additional Mail-Back Package Distribution Location, the number of households receiving direct mailers sent by zip code, the amount of Covered Drugs collected through additional Drop-Off Sites, and changes to outreach and educational materials, including the provision of materials in additional languages.”*

Pursuant to Section III.C; Reporting, in the Approved Plan, MED-Project is providing a summary of relevant metrics for additional services. A list of Mail-Back Distribution Locations including the number of Mail-Back Packages distributed to each site is provided in Appendix B; Mail-Back Distribution Locations. The amount of weight collected from each Drop-Off Site is provided in an attachment to the Annual Report. See Attachment A; Drop-Off Site Collection Weights, Sheet: Drop-Off Site Collection. Representative promotional materials, including brochures and posters in additional languages are provided in Appendix I; MED-Project Promotional Materials. See Appendix N; Additional Services Metrics for:

- The weight of Covered Drugs collected through returned Mail-Back Packages, by Mail-Back Distribution Locations.
- The number of households that were sent direct mailers, by ZIP Code.

XI. Certification

ORS 459A.230 (1)(n): *“An attestation that all covered drugs collected under the drug take-back program were disposed of in compliance with applicable laws, rules and regulations.”*

MED-Project complied with all elements of the laws, rules, and regulations during the Reporting Period. An attestation as described in ORS 459A.230 (1)(n) is provided in Appendix O.

Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication.

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans.

Take medication as directed by your health care provider and as indicated on the label or packaging, then store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets.

MED-Project's disposal services for your unwanted household medication are safe, free, and convenient.

For additional information on the program, MED-Project has developed an educational toolkit which includes the materials below.

Safe Storage Information

It is important to take medication as prescribed by your health care provider and as indicated on the label or packaging. Opioids and opiates are powerful medicine, and like other medications, can be dangerous when used in ways that are not intended.

Always be sure to store medicine securely to prevent accidental ingestion or misuse by others, especially children. If you have expired or unwanted household medication, proper storage and disposal are easy.

To protect your family, pets, and community, follow these instructions for secure storage and safe disposal.

Use as Directed

Use medication as directed. If there are any specific instructions on the label, package, or package insert, please follow those. If you have any questions, ask your healthcare providers.

Store Securely

Follow storage instructions as provided on medicine labels and on the information accompanying medicine. Keep medication in a secure location safely away from people or pets that might come in contact with them.

Dispose Safely

Check your medicine cabinet and remove all expired and unwanted medication. If you do not know if a drug is still safe, check with your pharmacist. Count medication to keep track of amounts. Drop off or mail back expired or unwanted medications for safe disposal.

Please separate and remove any items and medication that are not accepted before disposing.

Do not place medicine in the trash or recycling and never flush them down the sink or toilet.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

Brochure

Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about proper disposal of household unwanted medicine and sharps.

Safely Dispose of Expired or Unwanted Medicine

What Should You Do With Your Expired or Unwanted Medicine?

It is important that patients take their medicine as prescribed by their health care provider and as indicated on the label or packaging. Opioids and opiates are powerful medicine and, like other medicine, can be dangerous when used in ways that are not intended.

It is also important to be sure to store all medicine securely to prevent accidental ingestion or misuse by others, especially children. If you have expired or unwanted medicine, proper storage and disposal are important.

How to safely store medicine

Take as Prescribed

Take medicine only as prescribed. Never give them away or share them.

Store Safely

Follow storage instructions as provided on medicine labels and on the information accompanying medicine. Keep medicine in a secure location safely away from people or pets that might come in contact with it.

Dispose of it Immediately

Count medicine to know how many are left and if there are any missing. Dispose expired, unwanted, or unused medicine immediately and properly

What items can I dispose of at a kiosk?

Accepted: Medication in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

Not Accepted: Herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, pet-pesticide products, animal medicines, and biologics.

Cómo almacenar los medicamentos de forma segura

TOMARLOS COMO SE INDICA
Tome los medicamentos solo como se lo indicaron.
Nunca los regale ni los comparta.

ALMACENAR EN LUGAR SEGURO
Siga las instrucciones de almacenamiento provistas en las etiquetas de los medicamentos y en la información que los acompaña. Mantenga los medicamentos en un lugar protegido, alejados del alcance de las personas o las mascotas.

ELIMINAR DE INMEDIATO
Cuenta los medicamentos para saber cuántos quedan y si falta alguno. Elimine de forma inmediata y adecuada los medicamentos caducados, no deseados o no utilizados.

ELIMINACIÓN SEGURA DE MEDICAMENTOS CADUCADOS O NO DESEADOS

Medication Education & Disposal

Si desea obtener más información acerca del programa MED-Project, visite www.medtakebackoregon.org o llame al 1 (844) 4-TAKE-BACK o al 1 (844) 482-5322 (TTY: 711)

¿Qué se debe hacer con los medicamentos caducados o no deseados?

Es importante que los pacientes tomen sus medicamentos según lo prescrito por su proveedor de atención médica y según lo indicado en la etiqueta o el envase. Los opioides y los opiáceos son medicamentos potentes y, al igual que otros medicamentos, pueden ser peligrosos cuando se utilizan para otros fines.

También es importante asegurarse de almacenar los medicamentos de manera segura para evitar la ingestión accidental o el uso indebido por parte de otras personas, especialmente por parte de los niños. Sin embargo, si tiene medicamentos caducados o no deseados, la almacenamiento y eliminación adecuada son importantes.

Este material se ha proporcionado con el fin de cumplir con la legislación y no refleja necesariamente las opiniones de MED-Project ni las empresas que participan en el Plan de Administración de Productos de MED-Project.

Как безопасно хранить лекарства

ПРИЕМ ПО НАЗНАЧЕНИЮ

Принимайте лекарства только по назначению. Не отдавайте лекарства и не делитесь ими.

БЕЗОПАСНОЕ ХРАНЕНИЕ

Следуйте инструкциям по хранению, указанным на этикетках и в информационных материалах, прилагаемых к лекарствам. Храните лекарство в надежном и безопасном месте, вдали от людей или домашних животных, которые могут с ним взаимодействовать.

НЕМЕДЛЕННАЯ УТИЛИЗАЦИЯ

Подсчитайте количество лекарства, чтобы узнать, сколько его осталось и все ли порции на месте. Утилизируйте просроченные, ненужные или неиспользованные лекарства немедленно и следуя правилам.

Что следует делать с просроченными или ненужными лекарствами?

Важно, чтобы пациенты принимали лекарства в соответствии с предписанием лечащего врача и инструкциями, указанными на этикетке или упаковке. Опиоиды и опиаты — сильнодействующие лекарства и, как и другие лекарства, могут быть опасны, если используются не по назначению.

Также важно хранить все лекарства в безопасном месте, чтобы предотвратить их случайное проглатывание или использование не по назначению другими лицами, особенно детьми. Если у вас имеются просроченные или ненужные лекарства, важны правильное хранение и утилизация.

Quý vị nên làm gì với thuốc không dùng đến hoặc đã hết hạn?

Việc bệnh nhân sử dụng thuốc theo chỉ định của nhà cung cấp dịch vụ sức khỏe và như chỉ dẫn trên nhãn dán hoặc bao bì là rất quan trọng. Thuốc giảm đau nhóm opioid và thuốc có thuốc phiện là những thuốc có tác dụng mạnh và, giống như các loại thuốc khác, có thể gây nguy hiểm khi được sử dụng sai mục đích.

Việc bảo đảm bảo quản thuốc một cách an toàn để ngăn ngừa người khác, đặc biệt là trẻ em, vô tình nuốt phải hoặc dùng sai cũng rất quan trọng. Nếu quý vị có thuốc hết hạn hoặc không dùng đến, việc bảo quản và tiêu hủy đúng cách là rất quan trọng.
