#### **System Overview**

The Oregon Department of Environmental Quality has instituted the use of a modernized, cloud-based tool for a selection of compliance programs within the agency and several business processes that involve the public and regulated entities.

Your DEQ Online is an Environmental Data Management System designed to combine current DEQ processes across air, land and water divisions in one convenient and easily accessible portal. The system enables users to submit applications, upload reports, enter data, check the status of applications, pay fees or fines, and manage account activity. In addition, the system allows for greater public access to environmental data without the need to request this information from DEQ staff.

### 1. Introduction

This document provides information to the owner/operator of a facility submitting an annual report in <u>Your DEQ</u> <u>Online</u>. The information is grouped by:

- i. Overview of Annual Reports
- ii. Response to an Annual Reporting Obligation
- iii. Basic Information
- iv. Attachments
- v. Review of the submittal
- vi. Submission of the Annual Report

### 2. Overview of Annual Reports for General ACDPs

Owners and operators assigned to General ACDPs must submit an annual report(s) as required by the permit. Stationary source reporting requirements are outlined in Oregon Administrative Rule (OAR) Chapter 340, <u>Division 214</u>.

An annual report typically consists of various records that are required to be retained by the permit. The records must be prepared in the form of a report and submitted to DEQ, typically on an annual basis. The annual report form that permittees use in Your DEQ Online is called a submittal. Annual report submittals must be provided to DEQ by the date(s) listed in the permit, typically in February each year.

Unless otherwise required by rule or permit, semi-annual periods are Jan. 1 to June 30, and July 1 to Dec. 31. A more frequent basis for reporting may be required due to noncompliance or if necessary to protect human health or the environment. [OAR <u>340-214</u>-0114(2)]

Annual reports must be submitted within 30 days after the end of the reporting period, unless otherwise authorized by the permit. [OAR 340-214-0114(3)]

#### 3. Response to an Annual Reporting Obligation

Login to your account on the <u>Your DEQ Online Public Portal</u>. In the top right-hand corner on your Dashboard, select 'Upcoming Obligations and Unpaid Submittals'. This will show you all New Obligations. You may also scroll down on the Dashboard page to locate New Obligations.

Note: If you have started filling out an annual report, saved it, and are now going to continue filling it out, you will find it by clicking the three lines at the top left of the screen, then selecting 'Pending Submittals'.

Select the 'edit' icon 🖉 to open the outstanding New Obligations.

### 4. Confidential Business Information

All information submitted to DEQ is subject to inspection by any member of the public upon request, unless the information is determined to be exempt from disclosure under the Oregon Public Records law. If you are submitting materials that you believe to contain confidential business information or information containing trade secrets, carefully review the requirements in <u>OAR 340-214-0130</u>, including the criteria for trade secret information in section 3 of the rule. Note that emissions data is **not** exempt from disclosure.

#### 4.1. Submit Confidential Business Information using file attachment

If you are submitting information using the file attachment tool that is believed to be confidential, trade secret, or otherwise exempt from disclosure, please follow these steps:

- 1. State the specific statutory provision under which you claim exemption and explain why the information in your submittal meets the requirements of that provision.
- 2. Include the word "CONFIDENTIAL" in the filename.
- 3. Ensure that the claimed exempt material is clearly distinguishable from non-exempt material by clearly marking the relevant file names and relevant pages of your submittal with annotation such as "CONTAINS CONFIDENTIAL BUSINESS INFORMATION".
- 4. For each confidential information attachment uploaded, the equivalent redacted (all CBI removed) attachment must also be uploaded. Ensure that the word 'REDACTED' is included in the file name to distinguish it from the CBI containing equivalent.
- 5. When you are ready to complete the submittal on the 'Submission' tab, make sure to select 'YES' on the confidential business information question at the bottom of the form prior to submitting.

#### 4.2. Submit Confidential Business Information using a YDO form

If you are filling out a submittal using a YDO form that contains information you believe to be confidential, trade secret, or otherwise exempt from disclosure, you will be given an opportunity to redact your application during the Review phase. Please follow these steps to learn how to redact CBI from YDO forms:

- 1. Complete the application beginning on the 'Basic Info' tab, including the confidential information that is relevant to the required and optional fields.
- 2. Proceed through the Payment tab and pay any required fees.
- 3. Proceed to the 'Review' tab and click the PDF icon. A new window will open with a PDF summary of your application.

DEQ will segregate marked information in its files, and if such information is requested by a member of the public, then DEQ will determine if the information qualifies as exempt from disclosure under Oregon's Public Records law (see <u>Oregon Revised Statutes Chapter 192</u>) and will either disclose it or not, as appropriate.

#### 5. Basic Info

Complete the required fields in the Basic Info tab. The required fields will reflect the annual reporting requirements from the General ACDP.

If you select the 'yes' button for any question in the 'Other Information' section on the Basic Info tab, you will be prompted with the +New '+New' icon. Additional information is required for any of these questions you answer with a 'yes'. Click on the '+New' button and add the necessary information.

The annual report submittal may have specific additional data required before you can submit to DEQ. For example, an annual report for a permittee operating on a General ACDP for boilers will require fuel usage for greenhouse gas reporting. This screening is used to determine if the permittee needs to report to the GHG program.

Facilities are required to submit GHG emission details, in addition to this Annual Report, if they emit over 2500 metric tons CO2e. Complete this GHG screener to calculate GHG emissions from the most common combustion sources. Facilities emitting less than 2500 metric tons CO2e on this screener may still need to report if they have additional process GHG emissions that are not included in this screener or if they have been over the threshold in the last three years.

### 6. Specific General ACDP Examples

#### 6.1. Boilers

Select the '+New' icon +New and report all types of fuel used in the boiler(s) during the reporting period. The fuel type drop-down menu allows you to select the fuel type and any controls for natural gas boilers. Input maximum daily amounts and annual usage.

**NOTE:** Maximum daily amount is only required for boilers located in the Medford-Ashland AQMA.

Once you have added all types and quantities, select the Calculate Total Emissions Calculate Total Emissions icon to calculate annual and daily maximum emissions. For each boiler, include the date of the last

maintenance service records required by the General ACDP. Select the appropriate button to respond to the semi-annual reporting requirement to complete the Basic Info tab.

#### 7. Attachments

Depending on the type of General ACDP, an attachment may be required.

When uploading an attachment, first click the file record and **select a document type option** for the uploaded file. If you want to mail the documents to the authorized agency, please navigate to the Review tab and use the "Mail To" checkbox.

To upload the attachment(s), use the 'Click to Upload or Drag Files Over Here' icon accordingly.

Once you have uploaded a file, select 'Click on the document to identify the attachment type', use the dropdown menu to 'Select the Document Type' and add any comments. The document type options are 'MeCl minimization plan', 'Other', 'Redacted Submittal Form in PDF', 'Site-specific welding emissions management

plan', or 'VOC emissions calculations'. If necessary, you can remove the document by selecting the red trash can icon.

#### 8. Review

Please review your submittal information and any attachments provided. Under the Submittal Form(s) Summary section, sections that are incomplete will be identified with a red x and will indicate the tab with incomplete data.

If needed, please click on the Basic Info tab, specific General ACDP tab, or Attachment tab to make changes to your submission. All required fields must be addressed before you are able to complete the submission.

Click the Save icon in the bottom right corner.

### 9. Submission

Review the Certification Statement and select the box to acknowledge that you have read and agree to the above certification statement.

Complete the Submission tab by entering the answer to your security question and inputting your PIN number (for assistance, refer to Paragraph 9).
