

Oregon Department of Environmental Quality

Searching for Underground Storage Tank Facility Information Online

The Underground Storage Tank Compliance Program has scanned and uploaded all of its paper files having to do with active and recently decommissioned UST facilities. For facilities decommissioned before 2021, the files are not yet online, and must be requested through DEQ's [Public Records Request portal](#).

Oregon Records Management Solution

The active UST facility files are stored in the [ORMS website](#).

The screenshot shows the 'Oregon Records Management Solution' search interface. It features a header with a mountain landscape and the title 'Oregon Records Management Solution'. Below the header is a navigation bar with 'SEARCH' and 'HELP' links. The main content area is titled 'Search Form' and contains the following sections:

- ORMS Description:** A paragraph explaining that ORMS provides public access to records from various jurisdictions in Oregon. It notes that the default search includes all jurisdictions and that users can filter by jurisdiction using a 'SELECT JURISDICTION' dropdown. A 'HELP' link is provided for instructions.
- SELECT JURISDICTION:** A dropdown menu currently showing '- Optional Selector for Jurisdic'.
- SEARCH BY:** Three rows of search criteria. Each row consists of a dropdown menu (all showing '-- Select --'), a search operator (all showing 'Equal To'), and logical connectors 'And' and 'Or'.
- SORT BY:** Two rows of sorting options. Each row has a dropdown menu (all showing '-- Select --') and a checkbox labeled 'Descending'.
- Search Button:** A blue button labeled 'Search' located at the bottom right of the form.

Searching by Facility ID

The most efficient way to find records for a particular UST facility is to search using the DEQ-issued facility ID number.

1. Choose "Department of Environmental Storage Tanks, Underground Storage Tanks" from the SELECT JURISDICTION menu. **Important: If you do not select this, your search will return records from other departments and agencies.**

2. Select "Title (Free Text Part)" in the SEARCH BY menu:

-- Select --
Any Word
Application Number
Date Created
Document Content
Enforcement Number
File Number
Parcel Number
Permit Number
Record Number
Title (Free Text Part)
Title Word

3. In the text field next to the menu, enter the UST Facility ID number. There are 2 important requirements:
 - a. You must add leading zeros to make the number 5 digits long. (So "01234", not just "1234.")

- b. You must type an asterisk before and after the number (*01234*)

01234

Searching by address, facility name or county

If you don't know the DEQ-issued facility ID number, you can search by the street address, the county, or the facility name.

Searching by address

If you know the street address of the UST facility, follow these steps:

1. Choose “Department of Environmental Storage Tanks, Underground Storage Tanks” from the SELECT JURISDICTION menu. **Important: If you do not select this, your search will return records from other departments and agencies.**

SELECT JURISDICTION

- Optional Selector for Jurisdic ▼

- Click the record you are interested in, and then the blue View/Download button to look at it in your browser, or download it to you own computer.

Searching by facility name

This is not the best way to find a particular facility. The facility name associated with the UST records available online is the one that was current in 2021. You cannot search for either very old facility names, or the new

names of facilities that have changed hands since 2021. Follow the steps above, but type in the facility name instead of the address in step 3.

Searching for “Texaco” returns all of the facilities that had “Texaco” in their name in 2021.

	Title	Record Number
	04849 D H TEXACO MINI MART	DECF/22/738
	04852 LA PINE TEXACO 85	DECF/22/740
	04859 WESTSIDE TEXACO FOOD MART CC 81	DECF/22/741
	06195 SKINNYS TEXACO	DECF/22/903
	07102 WARRENTON MINI MART TEXACO	DECF/22/1026
	07972 CLACKAMAS TEXACO	DECF/22/1104
	09187 FAIRGROUNDS TEXACO	DECF/22/1241

Report Template or Generic Document? Generally, if your document is long enough to need a table of contents, it should use the report template.

Searching by county

If you’re interested in knowing what regulated UST facilities are in each county, you can search by county name. Obviously, populous counties like Multnomah or Marion will return many more results. Follow the above steps, but type in the county name in step 3.
