The following are various scenarios agencies may encounter when hiring, reclassifying, or re-hiring public safety professionals. There is a separate table for officers and dispatchers due to the differences in the requirements. **Unless specifically defined, officer means police, corrections, parole and probation. Dispatcher means telecommunicator and emergency medical dispatcher (EMD).** Any questions regarding these or other scenarios can be directed to our CJ Certifications Program at 503-378-4411 or [certification.scheduling@dpsst.oregon.gov](mailto:certification.scheduling@dpsst.oregon.gov).
