July 31, 2024 / 5:00 pm – 7:00 pm

Zoom Link for virtual participants: [Zoom Meeting Link](#)

#### Objectives

- Establish a common understanding of the Oregon Energy Strategy. This includes (1) understanding the project as a whole, which will run from now until we publish the Energy Strategy by November 1, 2025; and (2) learning about modeling – the phase of the project we are in today – which will inform discussions on the costs, benefits, barriers, and challenges to meeting our state’s energy policy objectives.
- Learn about the types of questions that participants would like to see the Energy Strategy address, and how these relate to their interests, priorities, and expectations.
