

Standard	OAR FOR STANDARD	Standards	OAR FOR CONTENT	Corresponding Application Content Language	Clean Match
General Standard of Review	345-022-0000 (1)(a)	Complies with ORS 469.300 to 469.570 and 469.590 to 469.619			No
General Standard of Review	345-022-0000 (1)(a)	[complies with] the standards adopted by the Council pursuant to 469.501			No
General Standard of Review	345-022-0000 (1)(a)	[complies with] the overall public benefits of the facility outweigh any adverse effects on a resource or interest protected by the applicable standards the facility does not meet as described in section (2)			No
General Standard of Review	345-022-0000(1)(b)	the facility complies with all other Oregon statutes and administrative rules identified in the project order, as amended, as applicable to the issuance of a site certificate for the proposed facility			No
Water Description		345-022-0110 - Public Services mentions water, but not in the way described by 345-021-0010(1)(j), which seems to suggest open waters and waterways, not public water systems for residential use.	345-021-0010(1)(j)	Information based on literature and field study, as appropriate, about waters of this state, as defined under ORS 196.800, including	No
Water Use During Construction and Operation			345-021-0010(1)(o)	Information about anticipated water use during construction and operation of the proposed facility.	No
Noise			345-021-0010(1)(y)	Information about noise generated by construction and operation of the proposed facility, providing evidence to support a finding by the Council that the proposed facility complies with the Oregon Department of Environmental Quality's noise	No
Evaporative Cooling Tower			345-021-0010(1)(z)	If the proposed facility has an evaporative cooling tower, information about the cooling tower plume,	No
Catch all (my words)			345-021-0010(1)(bb)	Any other information that the Department	No
State statutes and administrative rules and local government ordinances			345-021-0010(1)(cc)	Identification, by legal citation, of all state statutes and administrative rules and local government ordinances containing standards or criteria that the proposed facility must meet for the Council to issue a site certificate, other than statutes, rules and ordinances identified in Exhibit E, and identification of the agencies administering those statutes, administrative rules and ordinances. The applicant must identify all statutes, administrative rules and	No

Organizational Expertise	345-022-0010 (1)	The Council may consider the applicant's experience, the applicant's access to technical expertise and the applicant's past performance in constructing, operating and retiring other facilities, including, but not limited to, the number and severity of regulatory citations issued to the applicant	345-021-0010(1)(a)	Name, address, corporate structure, etc.	Sort Of
	345-022-0010 (1)	The Council may consider the applicant's experience, the applicant's access to technical expertise and the applicant's past performance in constructing, operating and retiring other facilities, including, but not limited to, the number and severity of regulatory citations issued to the applicant	345-021-0010(1)(d)	Information about the organizational expertise of the applicant to construct and operate the proposed facility	Yes
Organizational Expertise	345-022-0010 (2)	The Council may base its findings under section (1) on a rebuttable presumption that an applicant has organizational, managerial and technical expertise, if the applicant has an ISO 9000 or ISO 14000 certified program and proposes to design, construct and operate the facility according to that program	345-021-0010(1)(d)(F)	If the applicant has an ISO 9000 or ISO 14000 certified program and proposes to design, construct and operate the facility according to that program, a description of the program; and	YES
Organizational Expertise	345-022-0010 (3)	[If relying on a third party, permits, approval or contracts with that party]	345-021-0010(1)(e)	[Exhibit E basically has what you find in 22-0010(3), which is focused on third parties, but also has stuff about permits granted to the applicant that isn't	Sort of
Project Description - Facility Description	345-022-00XX	No	345-021-0010(1)(b)	Background information, e.g., a description of the facility	Arguably
Project Description - Map	345-022-00XX	No	345-021-0010(1)(c)	Map showing areas disturbed during construction and nearby energy facilities	Arguably
Project Description - Property Owners Near Project	345-022-00XX	No	345-021-0010(1)(f)	A list of the names and mailing addresses of property owners, as described in this subsection	Arguably
Structural Standard - Seismic Hazard	345-022-0020(1)(a)-(b)	(a) The applicant, through appropriate site-specific study, has adequately characterized the seismic hazard risk of the site [and can deal with it]	345-021-0010(1)(h)	[A whole bunch of stuff]	Sort of
Structural Standard - Geological / Soil Hazards (non-seismic)	345-022-0020(1)(c)-(d)	(c) The applicant, through appropriate site-specific study, has adequately characterized the potential geological and soils hazards of the site and its vicinity that could, in the absence of a seismic event, adversely affect, or be aggravated by, the construction and operation of the proposed facility; and [can deal with it]	345-021-0010(1)(h)(F)	An assessment of geology and soil-related hazards which could, in the absence of a seismic event, adversely affect or be aggravated by the construction or operation of the facility, in accordance with standard-of-practice methods and best practices, that address all issues relating to the consultation with the Oregon Department of	Yes

Soil Protection	345-022-0022	, are not likely to result in a significant adverse impact to soils including, but not limited to, erosion and chemical factors such as salt deposition from cooling towers, land application of liquid effluent, and chemical spills	345-021-0010(1)(g)	An inventory of substantial quantities of industrial materials flowing into and out of the proposed facility during construction and operation (and plans to manage hazardous and non-hazardous	No - See Exhibit I
Soil Protection	345-022-0022	SAME	345-021-0010(1)(i)	Information from reasonably available sources regarding soil conditions and uses in the analysis area [and potential impact and measures to avoid]	No - See Exhibit G
Land Use - Local Path	345-022-0030(2)(a)	local land use approvals under ORS 469.504(1)(a)	345-021-0010(1)(k)	Information about the proposed facility's compliance with the statewide planning goals adopted by the Land Conservation and Development Commission, providing evidence to	Arguably yes
Land Use - Council Path	345-022-0030(2)(b)	a Council determination under ORS 469.504(1)(b)	345-021-0010(1)(k)	Information about the proposed facility's compliance with the statewide planning goals adopted by the Land Conservation and Development Commission, providing evidence to	Arguably yes
Land Use - Goal Exception	345-022-0030(4)	[GOAL EXCEPTION CRITERIA]	345-021-0010(1)(k)	Information about the proposed facility's compliance with the statewide planning goals adopted by the Land Conservation and Development Commission, providing evidence to	Arguably yes
Protected Areas - Bar On Construction	345-022-0040(1)(a)	The proposed facility will not be located within the boundaries of a protected area	345-021-0010(1)(l)(A)	A list of all protected areas within the analysis area	YES
Protected Areas - No Significant Adverse Impact	345-022-0040(1)(b)	The design, construction and operation of the facility, taking into account mitigation, are not likely to result in significant adverse impact to a protected area	345-021-0010(1)(l)	Information about the potential impacts of the proposed facility on protected areas in the analysis area [and] a map [and noise, traffic, water use,	YES
Retirement and Financial Assurance - Site restoration possible	345-022-0050(1)	The site, taking into account mitigation, can be restored adequately to a useful, non-hazardous condition following permanent cessation of construction or operation of the facility.	345-021-0010(1)(x)	Information about site restoration, providing evidence to support a finding by the Council as required by OAR 345-022-0050(1).	Yes
Retirement and Financial Assurance - Bond or letter of credit	345-022-0050(2)	The applicant has a reasonable likelihood of obtaining a bond or letter of credit in a form and amount satisfactory to the Council to restore the site to a useful, non- hazardous condition.	345-021-0010(1)(m)	Information about the applicant's financial capability, providing evidence to support a finding by the Council as required by OAR 345-022-0050(2)	Yes

Fish and Wildlife Habitat	345-022-0060(1)	the general fish and wildlife habitat mitigation goals and standards of OAR 635-415-0025(1) through (6) in effect as of February 24, 2017, and	345-021-0010(1)(p)	Information about the fish and wildlife habitat and the fish and wildlife species, other than the species addressed in subsection (q) that could be affected by the proposed facility, providing evidence to support a finding by the Council as required by OAR	Yes
Fish and Wildlife Habitat - Sage-grouse	345-022-0060(2)	for energy facilities that impact sage-grouse habitat, the sage-grouse specific habitat mitigation requirements of the Greater Sage-Grouse Conservation Strategy for Oregon at OAR 635-415-0025(7) and OAR 635-140-0000 through - 0025 in effect as of February 24, 2017.	345-021-0010(1)(p)(B) and (G)	the sage-grouse specific habitats described in the Greater Sage-Grouse Conservation Strategy for Oregon at OAR 635-140-0000 through 635-140-0025 (core, low density, and general habitats) [AND] provide compensatory mitigation for the potential adverse impacts described in (F) in accordance with the sage-grouse specific habitat mitigation requirements described in the Greater Sage-Grouse	Yes
Threatened and Endangered Species - Plants	345-022-0070(1)	For plant species that the Oregon Department of Agriculture has listed as threatened or endangered under ORS 564.105(2), the design, construction and operation of the proposed facility, taking into account mitigation [are consistent with ORS 564.105(3) passed by ODA]	345-021-0010(1)(q)	Information about threatened and endangered plant and animal species that may be affected by the proposed facility, providing evidence to support a finding by the Council as required by OAR 345-022-0070.	Yes
Threatened and Endangered Species - Wildlife	345-022-0070(2)	For wildlife species that the Oregon Fish and Wildlife Commission has listed as threatened or endangered under ORS 496.172(2), the design, construction and operation of the proposed facility, taking into account mitigation, are not likely to cause a significant reduction in the likelihood of survival or recovery of the species.	345-021-0010(1)(q)	Information about threatened and endangered plant and animal species that may be affected by the proposed facility, providing evidence to support a finding by the Council as required by OAR 345-022-0070.	Yes
Scenic Resources	345-022-0080	the design, construction and operation of the facility, taking into account mitigation, are not likely to result in significant adverse visual impacts to significant or important scenic resources.	345-021-0010(1)(r)	An analysis of potential visual impacts of the proposed facility, if any, on significant or important scenic resources within the analysis area, providing evidence to support a finding by the Council under	Yes
Historic, Cultural and Archaeological Resources	345-022-0090	the Council must find that the construction and operation of the facility, taking into account mitigation, are not likely to result in significant adverse impacts to [note the "must" becomes "may" for solar, wind, or geothermal facilities]	345-021-0010(1)(s)	Information about historic, cultural and archaeological resources.	Yes
Recreation	345-022-0100	the design, construction and operation of a facility, taking into account mitigation, are not likely to result in a significant adverse impact to important recreational opportunities	345-021-0010(1)(t)	Information about the impacts the proposed facility would have on important recreational opportunities in the analysis area	Yes

Public Services	345-022-0110	the Council must find that the construction and operation of the facility, taking into account mitigation, are not likely to result in significant adverse impact to the ability of public and private providers within the analysis area described in the project order to provide: sewers and sewage treatment, water, storm water drainage, solid waste management, housing, traffic safety, police and fire protection, health care and schools [note the "must" becomes "may" for solar, wind, or geothermal facilities]	345-021-0010(1)(u)	Information about significant potential adverse impacts of construction and operation of the proposed facility on the ability of public and private providers in the analysis area to provide the services listed in OAR 345-022-0110	Yes
Wildfire Prevention and Risk Mitigation - describing fire risk	345-022-0115(a)	The applicant has adequately characterized wildfire risk within the analysis area using current data from reputable sources	345-021-0010(1)(v)	Information about wildfire risk within the analysis area, providing evidence to support findings by the Council as required by OAR 345-022-0115	Yes
Wildfire Prevention and Risk Mitigation - Wildfire Mitigation Plan	345-022-0115(b)	That the proposed facility will be designed, constructed, and operated in compliance with a Wildfire Mitigation Plan approved by the Council	345-021-0010(1)(v)	Information about wildfire risk within the analysis area, providing evidence to support findings by the Council as required by OAR 345-022-0115, including but not limited to, a draft Wildfire Mitigation Plan	Yes
Waste Minimization - minimize waste	345-022-0120(1)(a)	The applicant's solid waste and wastewater plans are likely to minimize generation of solid waste and wastewater in the construction and operation of the facility, and when solid waste or wastewater is generated, to result in recycling and reuse of such wastes	345-021-0010(1)(w)(A)-(D)	Information about the applicant's plans to minimize the generation of solid waste and wastewater and to recycle or reuse solid waste and wastewater, providing evidence to support a finding by the Council as required by OAR 345-022-0120	Yes
Waste Minimization - accumulation, storage, disposal, and transportation of waste	345-022-0120(1)(b)	The applicant's plans to manage the accumulation, storage, disposal and transportation of waste generated by the construction and operation of the facility are likely to result in minimal adverse impact on surrounding and adjacent areas	345-021-0010(1)(w)(E)-(G)	Information about the applicant's plans to minimize the generation of solid waste and wastewater and to recycle or reuse solid waste and wastewater, providing evidence to support a finding by the Council as required by OAR 345-022-0120	Yes
Need for non-generating facility	NONE	NONE	345-021-0010(1)(n)	If the proposed facility is a non-generating facility for which the applicant must demonstrate need	No
Noise	NONE	NONE	345-021-0010(1)(y)	Information about noise generated by construction and operation of the proposed facility	No
Evaporative cooling tower	NONE	NONE	345-021-0010(1)(z)	If the proposed facility has an evaporative cooling tower, information about the cooling tower plume	No
