Mist Underground Natural Gas Storage Facility Amendment 13 Proposed Order & Opportunity to Request to Participate in a Contested Case

Summary:

Notice Date: November 21, 2024

Site Certificate Amendment Request:

In Request for Amendment 13 (RFA13), Northwest Natural Gas Company (certificate holder) requests: to construct and operate pipelines at four undeveloped reservoirs; three new natural-gas fired compressors; two replacement natural-gas fired compressors; underground collector line; control and operations building; three temporary laydown areas and one permanent laydown/storage area.

Location of Proposed Changes: Columbia County, near the town of Mist.

Review Process: Type A

Purpose of Notice:

- 1) To inform the public of the Oregon Department of Energy's (Department or ODOE) issuance of the Proposed Order on RFA13, described further on Page 2; and
- 2) To notify individuals or organizations that commented on the record of the Draft Proposed Order of their right to request a Contested Case proceeding, described further on Page 3.

Deadline to Request a Contested Case Proceeding: December 21, 2024 at 5:00 p.m. Pacific Time (PT)

Description of Facility (Approved): An operational facility consisting of surface facilities related to underground natural gas storage reservoirs including compressor stations, gathering pipelines, operations and maintenance facilities, and a gas transmission pipeline. The permitted storage area is approximately 5,472 acres; the permitted natural gas throughput is 635 million standard cubic feet per day (MMscfd).

Facility Location (Approved): Columbia County, near the town of Mist and approximately 5 miles southwest of the City of Clatskanie. A map of the site

boundary is included in this notice. For detailed maps, please see RFA13 Figures 1 and 2 at: <https://www.oregon.gov/energy/facilities-safety/facilities/Pages/MST.aspx>

Description of Amendment Request

RFA13 requests Council approval of the following changes to the site certificate within the existing, approved site boundary:

At Miller Station:

- replace two existing (end of life) natural-gas fired turbines
- replace existing (end of life) underground distribution powerline from Highway 202 to Miller Station; and,
- increase the fenced boundary of Miller Station by adding approximately 7.52 acres adjacent to the existing station to create a permanent storage yard.

At North Mist Compressor Station (NMCS):

Development of the existing Crater, and new Medicine, Newton, and Stegosaur storage reservoirs to implement the following changes:

- install approximately 2.6 miles of underground gas transmission pipelines to connect the new storage reservoirs to the NMCS;
- add three reciprocating gas fired compressors;
- add two dehydration trains, air compressor, inlet and outlet coalescing filters, two new back-up power generators, fuel gas heater, skidded fuel gas regulators, and a power transformer;
- add a control and operations building, a Power Distribution Center, compressor building,

dehydration regeneration building, and associated equipment.

These additions at NMCS will enable an increase of allowable throughput of natural gas from 635 MMscfd to 835 MMscfd.

Location of Requested Changes:

Columbia County, within existing, approved site boundary. See Figures 1 and 2.

Draft Proposed Order Issuance: On August 15, 2024 the Department issued a Draft Proposed Order (DPO) on RFA13. The DPO, ODOE's first evaluation of RFA13, included recommended findings of fact, conclusions of law, and recommended new and amended site certificate conditions. In the DPO, the Department recommended EFSC approve RFA13 and issue an amended site certificate.

Draft Proposed Order Public Hearing: Pursuant to OAR 345-027-0367, a public hearing on the DPO was held on September 19, 2024 at the People's Utility District Building in Clatskanie. The public comment period extended from August 15 through September 19, 2024, with the record closing at the conclusion of the comment period. The record was held open until September 30, 2024 to provide the certificate holder an opportunity to respond to public comments. The certificate holder submitted responses to public comments on September 27, 2024.

Council Review of the Draft Proposed Order: At its October 25, 2024 meeting, EFSC reviewed the DPO, DPO comments, and provided comments to the Department for consideration in the Proposed Order.

Proposed Order (Current Phase): The Proposed Order is the Department's second evaluation of the changes proposed in RFA13, and addresses issues raised in comments received on the record of the DPO hearing and comments provided by Council during their DPO review.

The Proposed Order recommends that EFSC find that a preponderance of evidence on the record supports the conclusions that the proposed RFA13 changes comply with all laws and Council standards applicable to an original site certificate application; the amount

of the bond or letter of credit required under OAR 345-022-0050 is adequate; and, the facility, with the proposed RFA13 changes, complies with the applicable laws or Council standards that protect a resource or interest that could be affected by the proposed change; and that EFSC approve RFA13, subject to existing and recommended new and amended conditions. All changes from the DPO are shown in the Proposed Order in underline/strikethrough format. There are no material changes in the Proposed Order.

Contested Case: Unlike an application for a site certificate (ASC), there is no requirement that an automatic contested case occur. For Type A amendment review, under OAR 345-027-0371, there is an opportunity to request a contested case proceeding. **Please go to pages 3-4 for information about contested cases for site certificate amendments, including how to request a contested case.**

If there are no requests for a contested case within the established deadline, the amendment request will proceed to the Final Order step.

Final Order: Following a contested case proceeding, or the Proposed Order phase if no requests for a contested case are received and granted by EFSC, EFSC will issue a Final Order either approving or rejecting RFA13. If approved, an Amended Site Certificate will be issued.

Receipt of this Notice: Please note that you may be receiving this notice for one or more of the following reasons:

1. You commented in person or in writing on the record of the DPO public hearing conducted under OAR 345-027-0367.
2. You own property within or adjacent to (within 500 feet of) the site boundary. You will automatically receive all future Council notices regarding this facility.
3. You have requested to receive paper notices on the Mist Underground Natural Gas Storage Facility. If you wish to be removed from this mailing list, please contact Kathleen Sloan.
4. You have previously signed up via GovDelivery/ClickDimensions to receive email

notices related to the facility or all EFSC project-related notices. You will automatically receive all future email notices per your request, unless you unsubscribe via ClickDimensions or by contacting the Department.

Contested Case Details: A ten-minute video describing the Type A Amendment Contested Case threshold is available at <https://www.youtube.com/watch?v=uBBGGhRXHu8>

Eligibility to Request a Contested Case (OAR 345-027-0371(5)): Only those persons, including the certificate holder, who commented in person or in writing on the record of the public hearing described in OAR 345-027-0367 may request a contested case proceeding on the proposed order for an amendment to the site certificate. To properly raise an issue in a request for a contested case proceeding on the Proposed Order for an amendment, the issue must be within the jurisdiction of the Council, and the person must have raised the issue in person or in writing on the record of the DPO public hearing, unless the Department did not follow the requirements of OAR 345-027-0367, or unless the action recommended in the proposed order differs materially from the DPO, including any recommended conditions of approval, in which case the person may raise only new issues within the jurisdiction of the Council that are related to such differences. If a person has not raised an issue at the DPO public hearing with sufficient specificity to afford the decision maker an opportunity to respond to the issue, the Council may not grant a contested case proceeding for that issue. To have raised an issue with sufficient specificity, the person must have presented facts at the DPO public hearing that support that person’s position on the issue.

Deadline to submit a Request for a Contested Case: (OAR 345-027-0371(6)): Persons eligible to request a contested case must submit a written request to the Department. To be considered, all requests for contested case must be received no later than **December 21, 2024 at 5:00 p.m. PT**. Requests must be submitted to Kathleen Sloan at the address or email included on Page 3.

If the Department does not receive the request by **December 21, 2024 at 5:00 p.m. PT** the requesting person(s) will have waived any right to participate in a contested case, if one is granted.

Contents of a Request for Contested Case (OAR 345-027-0371(6)): Contested case requests must include:

(a) The person's name, mailing address and email address and any organization the person represents;

(b) A short and plain statement of the issue or issues the person desires to raise in a contested case proceeding;

(c) A statement that describes why the Council should find that the requester properly raised each issue, as described in OAR 345-027-0371(7), including a specific reference to the person's prior comments to demonstrate that the person raised the specific issue or issues on the record of the public hearing, if applicable;

(d) A statement that describes why the Council should determine that each identified issue justifies a contested case, under the evaluation described in OAR 345-027-0371(9);

(e) Name and address of the person's attorney, if any;

(f) A statement of whether the person's request to participate in a contested case is as a party or a limited party, and if as a limited party, the precise area or areas in which participation is sought;

(g) If the person seeks to protect a personal interest in the outcome of the proceeding, a detailed statement of the person's interest, economic or otherwise, and how such interest may be affected by the results of the proceeding;

(h) If the person seeks to represent a public interest in the results of the proceeding, a detailed statement of such public interest, the manner in which such public interest will be affected by the results of the proceeding, and the person's qualifications to represent such public interest; and

(i) A statement of the reasons why others who commented on the record of the public hearing cannot adequately represent the interest identified in OAR 345-027-0371(6)(h) or (i).

A template Request for Contested Case is provided as an attachment to this Notice, which can be used

for submission of a Request in accordance with the submittal requirements outlined in this Notice (OAR 345-027-0371(6)).

EFSC Consideration of Requests for a Contested Case (OAR 345-027-0371(7)-(9))

Before considering whether an issue justifies a contested case proceeding under OAR 345-027-0371(9), the Council must determine that the person requesting a contested case commented in person or in writing on the record of the public hearing and properly raised each issue included in the request. To determine that a person properly raised each issue included in the request, the Council must find that:

(a) The person making the contested case request raised the issue on the record of the public hearing described in OAR 345-027-0367 with sufficient specificity to afford the Council, the Department, and the certificate holder an adequate opportunity to respond to the issue;

(b) The Department did not follow the requirements of OAR 345-027-0367; or

(c) If the action recommended in the Proposed Order, including any recommended conditions of approval, differs materially from the action recommended in the DPO, the contested case request identified new issues that are related to such material differences.

If the Council finds that the person requesting a contested case failed to comment in person or in writing on the record of the public hearing or failed to properly raise any issue, as described in OAR 345-027-0371(7), the Council must deny that person's contested case request. If the Council finds that the person requesting a contested case commented in person or in writing on the record of the public hearing and properly raised one or more issues, the Council's determination of whether an issue justifies a contested case, as described in OAR 345-027-0371(9), must be limited to those issues the Council finds were properly raised.

After identifying the issues properly raised the Council must determine whether any properly raised

issue justifies a contested case proceeding on that issue. To determine that an issue justifies a contested case proceeding, **the Council must find that the request raises a significant issue of fact or law that is reasonably likely to affect the Council's determination whether the facility, with the change proposed by the amendment, meets the applicable laws and Council standards included in chapter 345 divisions 22, 23 and 24.** If the Council does not have jurisdiction over the issue raised in the request, the Council must deny the request.
