History of the Adult High School Diploma

The Oregon Adult High School Diploma, or AHSD as it is commonly called, was created in the early 1970s to provide an opportunity for individuals with an exemption from compulsory school attendance, or who otherwise are not required to attend school, to earn a rigorous diploma equivalent to an Oregon high school diploma.

The AHSD is designed to meet all state graduation requirements as provided in Oregon Administrative Rule (OAR) 581-022-2000 and enable students to move toward postsecondary education and credentials. As state diploma requirements change, so do AHSD requirements—AHSD programs are required to implement new diploma requirements on the same schedule required by the Oregon Department of Education (ODE).¹

The AHSD administrative rule¹ and program requirements were last updated in the late 1990s in response to the educational changes² in Oregon brought about by the state legislature's passage of the Oregon Educational Act for the 21st Century in 1991. More recently, in 2007, the State Board of Education (SBE) adopted new high school graduation requirements to better prepare students for postsecondary education, careers, and citizenship. These new graduation requirements included revised credit requirements, demonstrated proficiency in Essential Skills, and attainment of personalized learning requirements.

The Office of Community Colleges and Workforce Development (CCWD) worked collaboratively with ODE staff and a community college AHSD advisory committee from 2010 to 2013 to revise the AHSD OAR and program plan requirements to better align with current state graduation requirements and clarify the AHSD target population.²

On April 12, 2013, the SBE approved the revised AHSD administrative rule. This manual details the current processes for obtaining and maintaining program approval, describes comprehensive plan requirements, and provides links to helpful resources.

¹ See OAR 589-007-0600, Adult High School Diploma Program.

² Most notable were the additions of a Certificate of Initial Mastery and a Certificate of Advanced Mastery.

Certification of Adult High School Diploma Programs

Program Authority

The State of Oregon Higher Education Coordinating Commission (HECC) oversees the Adult High School Diploma (AHSD) and approves AHSD programs of the community colleges. The Office of Community Colleges and Workforce Development (CCWD), on behalf of the HECC, administers the AHSD program and establishes policies and procedures for the approval and monitoring of local programs. Oregon community colleges are authorized to provide AHSD instructional programs and award AHSDs, subject to HECC approval of the community college AHSD program plan, in accordance with administrative policies and procedures of CCWD.

Once a plan is approved, a college is presumed to maintain an approved AHSD program unless the college has been found to be deficient by the Director of CCWD pursuant to the AHSD plan requirements. The HECC may suspend, revoke, or refuse to renew its approval of an AHSD program if the community college does one of the following:³

- A. Fails to maintain the requirements specified in Oregon Administrative Rule (OAR) 581-022-2000;
- B. Fails to maintain the requirements specified in OAR 589-007-0600; or
- C. Refuses to implement corrective actions before the beginning of the next program year or by the end of the granted extension period.

Finally, a community college may request to terminate its AHSD program by submitting a letter of termination from the community college board of education.

The letter of termination must specify a timeline and final operating date that conforms to college policy and describe the college's process for notifying enrolled students of the program's termination and implications for their AHSD degree attainment. Programs requesting re-approval are required to follow the *AHSD Program Approval Procedure* identified by CCWD.

³ See OAR 589-007-0600 for a complete description of policy related to findings of plan deficiencies and required corrective action plans.

Program Approval Procedure

Before the community college may award an AHSD, the college must have an approved program plan on file at CCWD. The plan must be approved by the local community college board of education prior to being filed for review with CCWD and recommendation for approval by the Director of CCWD. The community college will submit the plan to CCWD on a date and in a format described in guidance documents provided by CCWD. The process will be complete when the HECC has approved the plan and the community college has received a letter of authorization from CCWD.

Key Steps for Program Approval⁴

- Step 1: Prepare an AHSD program plan⁵ that describes how the college will meet OAR 589-007-0600 and submit a draft to CCWD for initial review. CCWD will review the plan and provide comment.
- Step 2: Finalize the AHSD program plan and obtain approval from the local community college board of education.
- Step 3: Submit the AHSD program plan to CCWD for final review. CCWD will review the plan and make a recommendation to the HECC regarding program approval.
- Step 4: Upon approval by the HECC, CCWD will issue a letter of authorization to the college. The college is now authorized to award the AHSD to eligible students.
- Step 5: Maintain annual program approval by completing accountability requirements as required by CCWD. If accountability requirements are met, CCWD will issue an annual letter of continuing authorization to the college.

⁴ See Appendix G for a current program approval timeline.

⁵ See manual section, *Adult High School Diploma Program Plan Requirements*.

Program Accountability

Programs participate in ongoing program monitoring to ensure compliance with state diploma requirements and to maintain approval of the AHSD program. Colleges submit an annual plan update and statistical report, and participate in on-site evaluations when required by CCWD.

Key Steps for Annual Program Accountability⁶

- Step 1: Prepare AHSD program accountability requirements⁷ and submit to CCWD for review and approval. CCWD will review the accountability materials and provide comments as necessary.
- Step 2: If necessary, revise the AHSD program accountability requirements and resubmit to CCWD for final review and approval.⁷
- Step 3: Upon approval, CCWD will issue a letter of continuing authorization to the college.

⁶ See Appendix H for a current program accountability timeline.

⁷ See manual section, *Adult High School Diploma Program Accountability Requirements*.

- (xi) Other community college or program requirements; and
- (xii) Recognition of student achievement.

(7) Once a plan is approved by the SBE, monitoring and evaluation of the approved plan is by CCWD through the Commissioner, pursuant to standards and rules of the SBE. Monitoring and evaluation shall include annual reporting by the community college with such information as CCWD may require.

(8) A community college shall adopt policies and procedures for the annual update of the AHSD program plan. These policies and procedures shall provide that:

- (a) The program shall submit annually the signed statement of assurances as required by CCWD.
- (b) The program shall submit annually a plan update and statistical reports as required by CCWD.
- (c) The program shall participate in ongoing program monitoring and evaluation as required by CCWD.

(9) All community colleges are presumed to maintain an approved AHSD program unless the college has been found to be deficient by the Commissioner, pursuant to the AHSD plan requirements.

(10) If any deficiency is not corrected before the beginning of the program year following the date of the finding of deficiency and if an extension has not been granted under section (11), the Commissioner may recommend to the SBE that AHSD program approval be rescinded until any such deficiency is corrected unless the recommendation would create an undue hardship, as determined pursuant to rules of the SBE.

(11) The Commissioner must submit notification to a community college regarding a deficiency that will require the community college to submit a corrective action plan and a staff member of CCWD staff shall contact the community college and offer technical assistance.

- (a) Within 90 days of the finding of deficiency, a community college shall submit a corrective action plan acceptable to the Commissioner for meeting AHSD plan requirements.
- (b) When an acceptable plan for meeting AHSD plan requirements has been submitted, the Commissioner may allow an extension of time before recommending program approval be rescinded, not to exceed 12 months, if the Commissioner determines that any such deficiency cannot be corrected or removed before the beginning of the next program year.

(12) Pursuant to rules adopted by the SBE, the Commissioner may extend the time specified for submitting a corrective action plan if the Commissioner determines that a human-created disaster or a natural disaster affects the ability of the community college to comply with the date requirement.

(13) The SBE may suspend, revoke, or refuse to renew its approval of an AHSD program if:

(a) The community college fails to maintain the requirements in OAR 581-022-1130;

(b) The community college fails to maintain the requirements in OAR 589-007-0600; or

(c) The community college refuses to implement corrective actions before the beginning of the next program year or by the end of the granted extension period.

(14) A community college may request to terminate its AHSD program by submitting a letter of termination from the community college board of education.

(15) Program suspension or termination begins on the date that:

(a) The SBE suspends, revokes, or refuses to renew its approval of an AHSD program; or

(b) The college designates as the final operating date in its letter of termination.

(16) Suspended or terminated programs requesting re-approval are required to utilize the *AHSD Program Approval Procedure* identified by CCWD.
