FAFSA/ORSAA Completion Rates
Oregon Public High School Schools: Class of 2024

November 2024

This report contains the FAFSA/ORSAA completion rates as of November 1, 2024 for the Oregon public high school senior class of 2024. Its aim is to enable Oregon public high schools to track their completion rates and thereby monitor progress and maximize success. FAFSA/ORSAA completion is a critical step for high school students in achieving their postsecondary goals due to the access it can provide to critical financial aid.

Methodological Notes

The completion rates in the following tables were calculated by matching the Oregon Department of Education (ODE) Fall census for 2023-2024 Oregon public high school seniors with current FAFSA/ORSAA filers. Note that completion rates are available only for public high schools. Private schools and home school students are not included as they are outside the reach of the ODE census.

The completion rate for any location (school, district, county, or educational service district) is calculated by dividing the number of FAFSA/ORSAAs for that location by the number of seniors. Completion rates for any location with fewer than 10 students have been left undisclosed to preserve the anonymity of individual students, and instead are designated with a "---", yet all completions have been incorporated into the statewide completion rate.

Statewide FAFSA/ORSAA Completion Rate

All tables of this report include FAFSA/ORSAA completion rates as of November 1, 2024. As seen below, the completion rate for this month represents a 0.5% increase over last month. In addition, the completion rate for this month also represents a decrease of 1.2% from last year, though consideration must be given to the late FAFSA opening this past winter.

The statewide FAFSA/ORSAA completion rate as of **November 1st, 2024** was: **49.8%**
The statewide FAFSA/ORSAA completion rate as of **October 1st, 2024** was: **49.3%**

The statewide FAFSA/ORSAA completion rate as of **November 1st, 2023** was: **51.0%**
