

Exhibit C to Ordinance No. 18-1427

Conditions of Approval on Land Added to UGB

A. Comprehensive planning in the four UGB expansion areas:

1. Within four years after the date of this ordinance, the four cities shall complete comprehensive planning consistent with Metro code section 3.07.1120 (Planning for Areas Added to the UGB).
2. The four cities shall allow, at a minimum, single family attached housing, including townhomes, duplexes, triplexes, and fourplexes, in all zones that permit single family housing in the expansion areas.
3. The four cities shall explore ways to encourage the construction of ADUs in the expansion areas.
4. As the four cities conduct comprehensive planning for the expansion areas, they shall address how their plans implement relevant policies adopted by Metro in the 2014 regional Climate Smart Strategy regarding: (a) concentrating mixed-use and higher density development in existing or planned centers; (b) increasing use of transit; and (c) increasing active transportation options. The cities shall coordinate with the appropriate county and transit provider regarding identification and adoption of transportation strategies.
5. As the four cities conduct comprehensive planning for the expansion areas, they shall regularly consult with Metro Planning and Development staff regarding compliance with these conditions, compliance with the Urban Growth Management Functional Plan, compliance with the state Metropolitan Housing Rule, and use of best practices in planning and development, and community engagement. To those ends, cities shall include Metro staff in advisory groups as appropriate.
6. At the beginning of comprehensive planning, the four cities shall develop – in consultation with Metro – a public engagement plan that encourages broad-based, early and continuing opportunity for public involvement. Throughout the planning process, focused efforts shall be made to engage historically marginalized populations, including people of color, people with limited English proficiency and people with low income, as well as people with disabilities, older adults and youth.

B. Citywide requirements (for the four cities):

1. Within one year after the date this ordinance is acknowledged by LCDC (excluding any subsequent appeals), the four cities shall demonstrate compliance with Metro code section 3.07.120(g) and ORS 197.312(5) regarding accessory dwelling units. In addition to the specific requirements cited in Metro code and state law, cities shall not require that

accessory dwelling units be owner occupied and shall not require off street parking when street parking is available.

2. Before amending their comprehensive plans to include the expansion areas, the four cities shall amend their codes to ensure that any future homeowners associations will not regulate housing types, including accessory dwelling units, or impose any standards that would have the effect of prohibiting or limiting the type or density of housing that would otherwise be allowable under city zoning.
3. Before amending their comprehensive plans to include the expansion areas, the four cities shall amend their codes to ensure that any future homeowners associations will not require owner occupancy of homes that have accessory dwelling units.
4. The four cities shall continue making progress toward the actions described in Metro Code section 3.07.620 (Actions and Investments in Centers, Corridors, Station Communities, and Main Streets).
5. Cities shall engage with service providers to consider adoption of variable system development charges designed to reduce the costs of building smaller homes in order to make them more affordable to purchasers and renters.
6. For at least six years after this UGB expansion, the four cities shall provide Metro with a written annual update on compliance with these conditions as well as planning and development progress in the expansion areas. These reports will be due to the Metro Chief Operating Officer by December 31 of each year, beginning December 31, 2019.

C. Beaverton:

1. Beaverton shall plan for at least 3,760 homes in the Cooper Mountain expansion area.
2. The expansion area shall be designated Neighborhood on the 2040 Growth Concept map.
3. The city may propose the addition of Corridors for depiction on the 2040 Growth Concept map as an outcome of comprehensive planning for the area.

D. Hillsboro:

2. The expansion area shall be designated Neighborhood on the 2040 Growth Concept map.

E. King City:

1. King City shall coordinate with Washington County and the City of Tigard as it engages in its work on a Transportation System Plan, other infrastructure planning, and comprehensive planning.
2. Before amending the King City comprehensive plan to include the expansion area, King City shall conduct additional market analysis to better understand the feasibility of creating a new mixed-use town center.
3. Pending the results of the market analysis of a new town center, King City shall plan for at least 3,300 homes in the Beef Bend South expansion area. If the market analysis indicates that this housing target is infeasible, King City shall work with Metro to determine an appropriate housing target for the expansion area.
4. The expansion area shall be designated Neighborhood on the 2040 Growth Concept map.
5. Pending the results of the market analysis of a new town center, Metro will work with King City to make necessary changes to the 2040 Growth Concept map.
6. Prior to amending the King City comprehensive plan to include the expansion area, King City shall complete a Transportation System Plan for the city.
7. Prior to amending the King City comprehensive plan to include the expansion area, King City shall amend its code to remove barriers to the construction of accessory dwelling units, including:
 - a. Remove the requirement that accessory dwelling units can only be built on lots that are at least 7,500 square feet, which effectively prohibits construction of accessory dwelling units in the city.
 - b. Remove or increase the requirement that accessory dwelling units be no bigger than 33 percent of the square footage of the primary home so that an accessory dwelling unit of at least 800 square feet would be allowable.
8. The Columbia Land Trust holds a conservation easement over portions of the Bankston property, which King City's concept plan identifies as the intended location for a key transportation facility serving the expansion area. King City shall work with the Columbia Land Trust to protect, to the maximum extent possible, the portion of the
