Source Selection

- (1) General: Either the Board or the Executive Director must Award Contracts for Goods or Services by one of the source selection methods in this rule. Except as provided in section (2), (5) and (6) of this rule, the Board will generally conduct a competitive process for Goods or Services by issuing a Solicitation Document.
- (2) Small Procurements: Any procurement of Goods or Services not exceeding \$15,000 may be awarded without a competitive process. The Board may Award a Contract in any manner deemed practical or convenient by the Board, including by direct selection or Award. A procurement may not be artificially divided or fragmented so as to constitute a small procurement under this rule.
- (3) Intermediate Procurements: Any procurement of Goods or Services exceeding \$15,000 but not exceeding \$150,000 may be awarded after seeking three competitive price quotes or Offers. Either the Board or the Executive Director must keep a written record of the sources of the Offers received. If three Offers are not reasonably available, fewer will suffice, but either the Board or the Executive Director must make a written record of the effort made to obtain the Offers. If a Contract is awarded, either the Board or the Executive Director must Award the Contract to the Offeror whose Offer will best serve the interests of the Board. A procurement may not be artificially divided or fragmented so as to constitute an intermediate procurement under this rule.
- (4) Large Procurements: Any procurement of Goods or Services exceeding \$150,000 may be awarded after seeking three solicited competitive Offers. The Board must keep a written record of the sources of the Offers received. If three Offers are not reasonably available, fewer will suffice, but the Board must make a written record of the effort made to obtain the Offers. If a Contract is awarded, the Board must Award the Contract to the Offeror whose Offer will best serve the interests of the Board.
- (5) Sole Source Procurements: Either the Board or the Executive Director may Award a Contract for Goods or Services without a competitive process when the Executive Director, or a person designated in Writing by the Board, determines in Writing, based on findings of current market research, that the Goods or Services are available from only one seller or source.
- (6) Emergency Procurements:
 - (a) General: The Executive Director may conduct an Emergency procurement and enter into Contracts Awarded as Emergency procurements in an Emergency. The Executive Director may conduct an Emergency procurement and enter into Contracts Awarded as Emergency procurements regardless of the dollar amount of the Contract without the Board's approval. The Board may, in its discretion, enter into a contract without a competitive solicitation if an emergency exists. Regardless of the dollar value of the contract, the Board entering into an Emergency Contract must encourage competition that is reasonable and appropriate under the Emergency circumstances.
 - (b) Large Procurements:
 - (A) Notwithstanding subsection 6(a) of this rule, the Executive Director may conduct an Emergency procurement or enter into an Emergency Contract for a Large Procurement only upon the approval of the Board.
 - (B) The Executive Director may establish an extension of an Emergency Contract for a Large Procurement without the approval of the Board, where the original Contract specifically provides for the extension, the extension does not result in any change in the terms and conditions of the Contract other than an extension in its term.
 - (C) The Executive Director must make reasonable efforts to report to the Board in Writing, within five days of the Contract Award, or by the next scheduled Board meeting following the Contract Award date, whichever is later, any Emergency Contracts entered into by the Executive Director. However, the Executive Director's inability or failure to report to the Board within this time must not affect the validity of any Emergency Contract.
- (7) Alternative Procurement Methods:
 - (a) The Board reserves the right to use an alternative procurement method if that method will be more likely to:
 - (A) Maximize the Board's net revenue;
 - (B) Achieve the specific business objective or business objectives of the procurement; or
 - (C) Aid the Executive Director in fulfilling the statutory mandate to operate and administer the Board.

Contract Amendments

- (1) Additional Goods or Services: The Board may amend a Contract without additional competition to add additional Goods or Services within the Scope of the Solicitation Document, or if no Solicitation Document, the Contract, subject to the following conditions:
- (a) The additional Goods or Services are required by reason of existing or new laws, rules, regulations, or ordinances that affect the performance of the original Contract; or
 - (b) The prices for the Goods or Services are modified only as follows:
 - (A) When prices for the Goods or Services are based on unit prices, unit prices that establish the cost basis for the additional Goods or Services were provided in the Offer or original Contract and those prices do not increase except as permitted by an escalation clause in the Contract; or
 - B) When prices for the Goods or Services are not based on unit prices, options that establish the cost basis for the additional Goods or Services were provided in the Solicitation Document, Offer, or original Contract.
- (2) Renegotiated Contract: The Board may renegotiate the terms and conditions, including the Contract Price, of a Contract without additional competition and amend a Contract if it is Advantageous to the Board subject to the following conditions:
- (a) The amended Contract is within the Scope of the Solicitation Document, or if no Solicitation Document, within the Scope the Contract;
 - (b) The Board must determine that, with all things considered, the renegotiated Contract is at least as favorable to the Board as the original Contract; and
 - (c) The renegotiated Contract will not have a total term greater than allowed in the original Solicitation Document or Contract after combining the initial and extended terms.
 - (d) If a Contractor offers a lower price in exchange for a term or condition that was expressly rejected in the original solicitation, the amended Contract may be structured with this changed term as an optional, but not as a mandatory Contract term.
- (3) Small or Intermediate Contract: The Executive Director may amend a contract awarded as a small or intermediate procurement pursuant to sections (1) or (2) of this rule, but the cumulative amendments must not increase the total Contract Price to a sum that is greater than twenty-five percent of the original Contract Price, unless the amendment increasing the original Contract Price to more than twenty-five percent of the original Contract Price is approved in writing by the Board prior to execution of the amendment.
- (4) Emergency Contract: The Board may amend a Contract Awarded as an Emergency procurement if the Emergency justification for entering into the Contract still exists, and the amendment is necessary to address the continuing Emergency.

Oregon Board of Massage Therapists

Oregon Administrative Rules (OAR) Chapter 334

July 2024 Edition

Page 19 of 35

- (1) The Board requires a criminal background check of all applicants for a massage therapist license to determine the professional fitness of an applicant. These must be provided on prescribed forms provided by the Board. Fingerprints shall be obtained at a fingerprinting site approved by the Board. The Board must submit fingerprints to the Oregon Department of State Police for checks against state law enforcement data systems and national data sources. Any original fingerprint cards or any electronic fingerprint records must subsequently be destroyed by the Oregon Department of State Police.
 - (a) The Board requires completed electronic fingerprint of all applicants for an initial license; licensees applying to reinstate a lapsed license or licensees applying to reactivate an inactive license; and licensees under investigation to determine the professional fitness of an applicant or licensee.
- (2) These rules are to be applied when evaluating the criminal background of all licensees and applicants for a massage therapist license and conducting professional fitness determinations based upon such history. The fact that the applicant has cleared the criminal background check does not guarantee the granting of a license.
- (3) The Board may require fingerprints of any Oregon licensed massage therapist who is the subject of a complaint or investigation for the purpose of requesting a state or nationwide criminal background check.
- (4) All criminal background checks must include, but not be limited to, all available state law enforcement data systems and national data sources, unless obtaining one or the other is an acceptable alternative.
- (5) Additional information required. In order to conduct the Oregon and National Criminal Background Check and professional fitness determination, the Board may require additional information from the licensee/applicant as necessary, including but not limited to, proof of identity; residential history; names used while living at each residence; or additional criminal, judicial or other background information.
- (6) Criminal offender information is confidential. Dissemination of information received under ORS 181.534 is only to people with a demonstrated and legitimate need to know the information. The information is part of the investigation of an applicant or licensee and as such is confidential pursuant to ORS 676.175(1).
- (7) The Board must determine whether an individual is professionally fit to be granted a license. If an individual is determined to be unfit, then the individual may not be granted a license. The Board may make professional fitness determinations conditional upon applicant's acceptance of probation, conditions, limitations, or other restrictions upon licensure. Except as otherwise provided in section (1), in making the professional fitness determination the Board must consider:
 - (a) Criminal background check;
 - (b) The nature of the crime;
 - (c) The facts that support the conviction or pending indictment or that indicates the making of any false statement;
 - (d) The relevancy, if any, of the crime or the false statement to the specific requirements of applicant's or licensee's present or proposed license, services, employment, position, or permit;
 - (e) Any refusal to submit or consent to a criminal background check including, but not limited to, fingerprint identification;
 - (f) Any other pertinent information requested or obtained as a part of an investigation;
 - (g) Intervening circumstances relevant to the responsibilities and circumstances of the position, services, employment, license, or permit. Intervening circumstances include but are not limited to:
 - (A) The passage of time since the commission of the crime;
 - (B) The age of the subject individual at the time of the crime;
 - (C) The likelihood of a repetition of offenses or of the commission of another crime;
 - (D) The subsequent commission of another relevant crime;
 - (E) Whether the conviction was set aside and the legal effect of setting aside the conviction; and
 - (F) A recommendation of an employer.
- (8) The Board may consider any conviction of any violation of the law for which the court could impose a punishment and in compliance with ORS 670.280. The Board may also consider any arrests, court records, Department of Motor Vehicle records, or other information that may be indicative of a person's inability to perform as a licensee with care and safety to the public.

- (9) If an applicant or licensee is determined not to be professionally fit for a license, the applicant or licensee is entitled to a contested case process pursuant to ORS 183.413-470. Challenges to the accuracy of completeness of information provided by the Oregon Department of State Police, Federal Bureau of Investigation and agencies reporting information must be made through the Oregon Department of State Police, Federal Bureau of Investigation, or reporting agency and not through the contested case process pursuant to ORS 183.
- (a) If an individual successfully contests the accuracy or completeness of information provided by the Oregon State Police, the FBI or other reporting agency, the Board must conduct a new criminal background check upon submission of a new request.
- (10) If the applicant discontinues the application process or fails to cooperate with the criminal background check process, the application is considered incomplete.
