<b>Totals</b>	<b>3,847.49</b>	<b>8,971.75</b>	<b>44,757.72</b>	<b>53,729.47</b>	<b>\$3,223,768.00</b>	<b>\$55,669.45</b>

Source: Oregon Department of Agriculture, Food Safety Program

\* Acres leased from State of Oregon for shellfish cultivation at the end of the year. Numbers do not reflect production from lands not owned by the State of Oregon. For example, considerable shellfish production occurs in Coos Bay on lands owned by the Port and County, which are not included in the numbers.

\*\* Numbers include dozens that have been converted into bushels.

\*\*\* Two bushels of Pacific oysters will yield approximately one gallon of oyster meats. Total production is expressed as sum of gallons and bushels for comparative purposes.

\*\*\*\* Oyster price used in computing value at \$35 per gallon.
