OFFICIAL NOTICE  
NOTIFICATION DATE: 06/30/2023

Date of Inspection

Your weighing or measuring equipment was inspected on 04/30/2023 in order to assess compliance with Oregon's weights and measures laws. As a result of the inspection the Department issued the following repair orders or stop use orders for deficiencies identified during the inspection:

R000000, C00000, S00000

Unresolved Tags

Rejected equipment may not legally be used for commerce unless corrected or repaired as required per Oregon's Weights and Measures Laws ORS 618.

ORS 618.991 authorizes criminal penalties for violations of ORS 618; In addition ORS 618.146 authorizes the department to suspend or revoke a commercial device license issued use weighing or measuring equipment commercially if these laws are violated.

No evidence of repairs have been received as of this date.

YOU ARE HERBY NOTIFIED that the rejected equipment identified on the department issued repair orders (and their associated inspection reports) listed above may not be used commercially until it has been reexamined by an Oregon Department of Agriculture Weights and Measures inspector and found to be correct.

If you believe that this notice in error you should either;

1. Complete and return the blue repair order attached to the device, or
2. Download, complete, and return a placed in service report form from <http://ODA.DIRECT/MSDLicenses>, or
3. Notify the department in writing explaining what actions were taken to correct or repair the device (i.e. calibrated, repaired, removed from service, etc.). Be sure to identify who completed the service work if appropriate, or
4. Contact the department in order to request an extension to the repair order.
