<b>Oregon State Board of Agriculture Resolution</b>	
<b>Title:</b> Siting of Agri-tourism, Entertainment Activities and associated activities on Agricultural Lands	<b>Number:</b> 310 <b>Effective Date:</b> 08/17/2023
<b>Workgroup B:</b> Boyer, Harper, Johnson, Miller, Svaty <b>ODA Staff Contact:</b> Jim Johnson	<b>Next Review Date:</b> 00/00/2026 <b>Date of Last Review/Revision:</b> 08/17/2023 <b>Original Resolution Date:</b> 09/19/2012
<b>Board Chair:</b> Luisa Santamaria	Signature on file

## **Background**

Whereas the appropriate siting of commercial activities associated with farm use can be beneficial to operators and help to educate the public about Oregon agriculture;

Whereas there is increasing interest in the development of rural tourism and entertainment activities, many times in relation to agriculture;

Whereas increasingly there are many cases of such activities presenting compatibility issues with farming practices and presenting implications to rural infrastructure and services

Whereas issues have been raised relating to the uneven application of the laws dealing with the siting of agri-

# What is our goal as an agricultural community, and as a state?

A. To maximize short term economic return for a few individuals... regardless of the impacts to neighbors, and/or our already compromised landscape?

B. To be thoughtful, conservative, and cautious before we do irreparable harm to future generations and the greater landscape we all depend on?

## **Points to address:**

- A. Multitude of currently allowable agro tourism uses.
- B. Impacts to adjacent farmland and farming practices.
- C. Traffic impacts on farm to market roads.
- D. Impacts to the affordability of farmland.
- E. Impacts to our limited supply of farmland.
