## ODA Pesticide Advisory

### Update for Voluntary Recall of Dacthal Products by AMVAC

October 23, 2024

#### **Update to AMVAC's voluntary recall of Dacthal Flowable Herbicide for pesticide retailers**

For all pesticide retailers, please see the attached letter from AMVAC regarding changes to their voluntary recall of Dacthal Flowable Herbicide (EPA Registration No. 5481-487).

#### [AMVAC Letter to Retailers](#)

As a reminder, on August 06, 2024, the Environmental Protection Agency (EPA) issued an Emergency Order suspending all registrations of pesticides containing DCPA, marketed under the trade name Dacthal. EPA determined that a suspension order was necessary to prevent an imminent hazard to human health.

On October 22, 2024, EPA announced the cancellation of all products containing DCPA. No person may distribute, sell, or use any pesticide containing DCPA. For more information, please see EPA's [News Release](#), [Federal Register Notice](#), and [DCPA Frequently Asked Questions](#) page.

Please see the letter from AMVAC and the FAQ page for questions regarding product returns and disposal.
