12:15pm	Community Engagement	Carol Matsuzaki

	<p><i>AG Members were encouraged to help to distribute the Town Hall flier and let folks know that families are invited to attend. If there are any questions, please don't hesitate to reach out to Carol.</i></p> <p><i>The agenda will largely focus on introducing the NHPI SSP work to the communities that we visit and to share the rules and pieces of the draft Interim NHPI SSP.</i></p> <p><i>If AG members are able to attend and willing to participate, please let Carol know.</i></p>

It was noted that the goals that support the solidified 10 goals can be negotiated/adjusted.</i></p> <p><i>Student Success Plans are not mandated to be implemented in the schools, but are high level suggestions.</i></p> <p><i>Carol notated the new format of the SSP. The strategies were highlighted and it was explained that the strategies are what will guide the work of the grantees who will be implementing this SSP.</i></p> <p><i>It was explained that there are meetings in the works to begin further refining and tweaking the Success Plan to entail what has been discussed and any gaps. What do these SSPs look like as they are unfolding in communities? What does it look like for students applying for college? What does it look like for the various recipients of these services and offerings? Note: We are really trying to examine the plan and how it will unfold from all of the various and relevant perspectives and groups: CBOS, state level, district level, secondary education, early childhood education, and so forth.</i></p> <p><u><i>Carol M:</i></u> <i>I need your assistance in retaining the culture in this Student Success Plan. Please advise, consult, and give feedback on how we can retain the spirit of this Success Plan and the essence of the culture and heritage.</i></p>	Carol Matsuzaki

	<p><i>This feedback is really pivotal. The ask is for you to please take a look at the goal that I assigned to your “village” before the next meeting. The assignment material is forthcoming.</i></p> <p><u><i>Carol M. Cont:</i></u> <i>The goal behind showing this rough draft that contains commentary and pending edits is for you to be aware of the stages of the process we are in, how many steps we need to go through in order to finalize this plan, and to ensure that everyone here is a part of the process:</i></p> <p><i>Question(MS) Are we just meeting with relevant community members as we continue in new meetings with the community rather than gathering more feedback on what the issues are and barriers in the community?</i></p> <p><u><i>Carol’s response:</i></u> <i>Yes and no. One of the big components is to bring awareness to the existence of this program and what we are about. Additionally, we are always in a state of collecting information, data, and input/feedback from the community. We are balancing the community input with the stipulations of legislators, statutory objectives, and the needs from the community. All of these points are all being addressed in the SSP creation.</i></p> <p><u><i>Comment (SM):</i></u> <i>We really want to highlight and increase student success and after we look at this goal, we can look at the steps needed to reach this objective. We need to see what the overarching goal is: students to be in school, be successful, complete high school. And then we need to see the ways in which to accomplish this. And then we can clean up the areas that cause barriers. In a nutshell, the first goal needs to be clear and precise.</i></p> <p><u><i>Carol M’s ask:</i></u> <i>Is there anyone willing to have a further conversation about this in a focus group? Carol will send the ask out in a follow up email.</i></p> <p>TOWN HALL MEETINGS: <i>The TownHall flier was shared and presented with the group. NHPI AG members were invited to attend and be included in the meetings.</i> <i>Our people learn by sitting together, eating together, working closely with one another rather than being lectured. We will structure the TownHalls as such.</i> <i>Reminder: Please make sure that you let people know that families are invited, please let people know that they can bring their children and have them with them.</i></p>
