

Q&A Sessions with Publishers on the 2023 Adopted Science Instructional Materials List

To assist districts in the selection of science instructional materials to review and adopt, Oregon Department of Education is hosting question and answer sessions with publishers. These publishers have been approved by the Oregon State Board of Education and are on the [science instructional materials list](#) adopted by the State Board of Education in October 2023.

Each Q&A session will be limited to 30 minutes, and questions will be collected ahead of time to assist with the facilitation of the meeting. If you have questions for one or more publisher, please email ODE's Instructional Materials Coordinator, Aujalee Moore, at aujalee.moore@ode.oregon.gov
