

DID YOU KNOW?

Did high school student success team implementation impact 9G-OTG rates?

Note. Data from the 2019-20 school year were not available due to pandemic era impacts on school operations.

Implementation, COVID-19, and 9G-OTG

- ✓ In the figure to the left, 9th grade on track to graduation (9G-OTG) rates by student success team implementation before and after passage of Measure 98 and the COVID-19 pandemic are presented.
- ✓ The trend in 9G-OTG rates for no-, partial-, and full-implementation schools differed before passage of Measure 98.
- ✓ After passage of Measure 98, 9G-OTG rates initially held steady in full and partial implementation schools, but slightly dropped in schools that did not implement success teams.
- ✓ During the pandemic, 9G-OTG rates declined for each school type before rebounding in 2021-22.
- ✓ **None of the differences between school types post Measure 98 were statistically significant.**
