

"STEWARDSHIP IN FORESTRY"

Oregon Department of Forestry Written Plan Form

A written plan specifically describes how a forest operation will be conducted to meet the minimum standards for resource protection prescribed by the forest practice rules. Include complete, detailed information about the operation to be conducted. While it is not necessary to use this form for a written plan, this form is cross-referenced with Forest Practices Notes #9, "Written Plans Guidance," to make writing a written plan easier. "Written Plans Guidance" contains checklists for each subsection in this form. Additionally, an Oregon Department of Forestry forest practices forester can answer questions about writing a written plan.

Please submit the completed Written Plan for Application of Chemicals as part of a Notification of Operations/ Application for Permis to Use Fire or Operate Power Driven Machinery on the Oregon Department of Forestry (ODF) E-Notification website at <https://ferns.odf.oregon.gov/e-notification> or to the stewardship forester at the ODF office in your area. A list of these offices are on the last page of this publication.
