

Mobile App Voice Attestation

DCI Mobile App voice attestation allows clients to recite a phrase in the mobile app to electronically verify the Employees visit. This option is still EVV compliant.

1. Begin Clock In/Out process as normal
2. Select Voice from EVV options list
3. Select  at the bottom of the page
4. Client should record verification message
5. Select the  button when finished
6. Select Save in the top right corner
7. Confirm Clock In/Out and begin shift
