

E-mails you receive from DHS/OHA are secure e-mail messages. This is necessary to protect your confidential information.

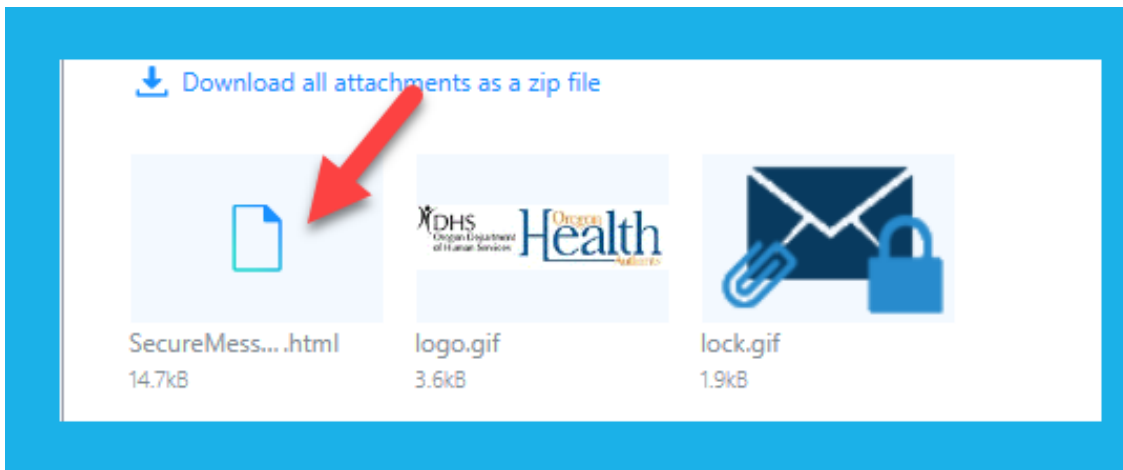

You will receive a notification letting you know that you have a secure message from DHS/OHA. The notification email will contain a link that will direct you to the secure message.

## Retrieving a Secure Email Message

- Select the “Click here” link in the notification email received.
  - If you are already registered, you will be asked to provide your password.
  - If you forgot your password, see the **Reset Password** instructions below.
  - If you need to register, see the **Register** instructions below.

The hyperlink included in the notification is active for 30 days. After 30 days, you will need to open the accompanying attachment in order to view the email.

## Replying to a Secure Email

Use the **Reply** or **Reply All** buttons within the secure email system to respond to your secured email. Your reply will be routed back through the secure email system and will be encrypted.

## Registration

Enter First Name, Last Name

## **To Print a Secure Email Using Internet Explorer:**

- Open the secure email in your browser. See instructions above for "Retrieving your secure email."
- Click File on the browser menu bar.
- Click Print.
- Verify or change any print settings.
- Click the Print button.

## **To Save a Secure Email Using Internet Explorer:**

- Open the secure email in your browser. See instructions above for "Retrieving your secure email."
- Click File on the browser menu bar.
- Click Save as.
- Navigate to a folder on your computer where you want to save the file.
- Verify or change the File name and Save as type options. We recommend you select Text file (.txt) in the 'Save as type' box.
- Click the Save button.
