BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Progress in the industry means a mutuality of confidence between the Employer and the Union. All will benefit by a continuous peace and by adjusting any difference by rational common-sense methods.

It is the policy of the Employer and the Union not to discriminate against any employee because of race, color, age, sex, national origin, handicap, or membership/non-membership in a labor organization.

Now hereinafter by and in consideration of the mutual promises and agreement herein contained, the parties hereto agree as follows:

- II.2 **FAVORED NATION CLAUSE:** The Union agrees that if, during the life of this Agreement, it grants to any other Employer in the Electrical Contracting Industry on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.
- II.3 **RECOGNITION CLAUSE:** The employer recognizes the Union as the exclusive representative of all its employees performing work within the jurisdiction of the Union for the purpose of collective bargaining in respect to rates of pay, wages, and hours of employment. Any and all employees shall receive at least the minimum wages and other conditions of employment.
- II.4 **UNION SECURITY CLAUSE:** All employees covered by the terms of this Agreement shall be required to become and remain members of the Union as a condition of employment from and after the eighth (8th) day following the date of their employment or the effective date of this Agreement, whichever is later.
- II.5 **SYMPATHY STRIKE:** This Agreement does not deny the right of the Union or its representatives to render assistance to other labor organizations by removal of its members and/or employees from jobs when the Union or its proper representatives decide to do so; but no removal shall take place until 72 hours' notice (**if possible**) is first given to the employer involved.
- II.6 **SECURE WORK AREA:** When such a removal takes place, the Union or its representatives shall direct the member and/or employees on such job to carefully put away all tools, materials, equipment, or other property of the employer, in a safe manner. The Union shall be financially responsible for any loss to the employer for neglect in carrying out this provision, but only when a safe place is provided for these by the employer.

The employer will be notified in writing the name of such steward. The steward shall confine his activities to the employer to which he was referred.

II.8 ANNULMENT/SUBCONTRACTING: The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of Paragraph 2 of this Section, will be sufficient cause for the cancellation of his Agreement

by the Local Union after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

The subletting, assigning, or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

All charges of violations of Paragraph 2 of this Section shall be considered as a dispute and shall be processed in accordance with the provision of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

Standard Inside Apprenticeship & Training Language

IV.1 There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either 6 or 8 members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.)

IV.2 All JATC member appointments, re-appointments and acceptance of appointments shall be in writing. Each member shall be appointed for a four (4) year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent, or they voluntarily resign. All vacancies shall be filled immediately.

JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for Trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

IV.3 Any issue concerning an apprentice, or an apprenticeship matter shall be referred to the JATC for its review, evaluation, and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

IV.4 There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunication apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

IV.5 The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualification, duties, and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

IV.6 To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job-training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job-training assignments. If the employer is unable

to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at some time in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.
- IV.8 The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.
- IV.9 Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.
- IV.10 To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualification for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage and hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer, agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage and hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured, such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

IV.11 The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

A job site is considered to be the physical location where employees report for their work assignments. The employer’s shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

the same manner as a Journeyman Wireman.

Apprentices who have received their “indirect supervision” license shall be permitted to work alone on any jobsite and receive work assignments in the same manner as a Journeyman Wireman.

An apprentice that does not have an “indirect supervision” license shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

IV.14 Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

IV.15 The parties to this Agreement shall be bound by the Local Joint Apprenticeship Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA, and other applicable regulations.

and the Declaration of Trust for the Harrison Electrical Workers (Harrison Trust Agreement) signed by the Oregon Pacific-Cascade Chapter of the National Electrical Contractors Association and Local Union 280 of the International Brotherhood of Electrical Workers, shall continue in full force and effect during the term hereof and agree to be bound by the terms of said Harrison Trust Agreement, as amended from time to time. Effective January 1, 2017 and for the duration of this agreement each employer shall on a monthly basis pay to the Electrical Trust Fund Administrative Office, the sum shown in the chart below, per hour for each hour worked by all employees covered by this collective bargaining agreement. (See Article III.8)

Payment of contributions and reporting by the employer shall be on the terms and conditions provided for in Article VI.3 below.

Employers who fail to remit regularly shall be subject to having this working Agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the employer fails to show satisfactory proof that delinquent payments have been paid to the Electrical Trust Fund Administrative Office or other designated collecting agent for the Trust.

Hours worked shall be deemed to include straight time hours worked, actual overtime hours, report time, and shift premium hours not worked, in addition to such other time as provided for in the Harrison Trust Agreement.

Upon recommendation of the Trustees of the Harrison Electrical Workers Trust Fund, the contribution to the Fund may be increased by the joint signing of an amendment. The Employer will pay 100% of the increase.

It is understood and intended by the parties to the Agreement that the purpose of this clause is to establish an employer-financed health and welfare trust fund and that contributions thereto shall not be deemed to be wages to which any employee shall have any right other than the right to have such contributions paid over to the applicable trust fund in accordance with the Harrison Trust Agreement.

Failure of an employer to comply with any employer obligations under the Harrison Trust Agreement shall also constitute a breach of the Agreement.

VI.2a **CASCADE PENSION:** Each employer who is bound hereby, agrees that the

Agreement and Declaration of Trust of the Cascade Pension Trust (Cascade Trust Agreement) established July 1, 1975, shall continue in full force and effect during the term hereof, and agrees to be bound by the terms of the Cascade Trust Agreement.

VI.2b Each employer who is a party hereto or who agrees to be bound by the terms hereof, shall make payments on a monthly basis to the Trustees of the Cascade Pension Trust for each hour of work which is a covered hour under the terms of this collective bargaining agreement at the rate shown in Article III Section 8 (see Cascade Pension) for all employees who are not apprentices. Apprentices shall be paid on the basis of the percentage relationship to the journeyman wage rate. Payment of contributions and reporting by the employer shall be on the terms and conditions provided for in Article VI.3 below.

VI.2d Employers who fail to remit regularly shall be subject to having this working Agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the employer fails to show satisfactory proof that delinquent payments have been paid to the Portland Administrative Office or other designated collecting agent for the Cascade Pension Trust. The failure of any employer to comply with the applicable provisions of the Cascade Trust Agreement shall also constitute a breach of this Agreement.

VI.2e In addition to the contributions above, the Cascade Pension Trust permits participants in the Trust to elect to reduce the salary payable to them by employers and direct the amount of the reduction be contributed to the Cascade Pension Trust under Section 401K of the Internal Revenue Code of 1954. In order to permit such voluntary contributions, the following rules shall control:

(1) The amount of the voluntary contribution shall be determined by the participant as a percentage of such hourly wages. The participant shall designate the percentage on forms provided by the Trust and delivered to the employer at the time the participant is dispatched to the employer. In addition, during the month of December of each year, the participant may

change the amount of the percentage effective the following January 1 for the next year. Once a participant designates a percentage, it may not be changed without the consent of the employer except during the month of December of each year.

- (2) The percentage elected by a participant may not exceed
 - (a) 25% of the basic hourly wage

VI.3 PAYMENT, REPORT AND COLLECTION:

Employer contributions to employee benefit trust funds and contributions to the apprenticeship and training trust are due and payable on or before the 15th day of each month covering the hours worked by each employee through the last full payroll period in the prior calendar month. Each employer shall file a monthly report for each contribution or fringe benefit in the form established therefore. A report shall be filed, regardless of whether or not the employer employed any covered employees in the period covered by said report, and a report indicating no contributions shall constitute a certification by the employer that there were no contributions owing for the period covered by the report.

Any employer who fails to file a report or pay contributions by the 15th of the month in which such report or payment is due shall be considered delinquent and in violation of this Agreement. Legal action may be brought by the appropriate parties to enforce collection and/or reporting without resort to arbitration. Delinquent employers shall be liable for all reasonable attorney fees; court costs and other expenses incurred in the enforcement of any applicable trust agreement or collection from such employer plus liquidated damages and lost earnings charges provided below. Each employer shall make available applicable books and records for the purpose of auditing same to determine the amount of his liability and shall pay the expenses of the audit if any delinquencies are found under the guidelines of any of the applicable trust agreements. Action to collect contributions may be brought in the name of the respective trust fund involved, its Trustees or any assignee or agency designated by said Trustees. Any employer which is delinquent in the payment or reporting of contributions shall be liable for liquidated damages and for damages for loss of

earnings and related administrative and collection expenses which may be difficult to assess. These liquidated damages are in addition to contributions otherwise due. Damages for loss of earnings on contributions which are delinquent past the last day of the month in which they are due, shall be charged at the rate of twelve percent (12%) per year of the delinquent contributions from the first day of the month following the month in which they are due until paid. Liquidated damages for administrative and collection efforts or expenses shall be computed for each trust for delinquencies during each twelve consecutive calendar months as follows: (1) For the first delinquency, \$25 per full or partial calendar month of delinquency up to a maximum of \$100; (2) for the second delinquency, 5% of the contributions owed, or \$25 if greater, per full or partial calendar month of delinquency, up to a maximum of 20% or \$100 if greater; (3) for the third and subsequent delinquencies, 10% of contributions owed, or \$25 if greater, per full or partial calendar month of delinquency, up to a maximum of 20% or \$100 if greater.

The parties agree to abide by the terms and conditions established from time to time by the trustees of the various trust providing the fringe benefits, with respect to any collection procedure for delinquent contributions; provided, however, this Agreement or the applicable trust agreement shall control to the extent of any direct conflict with such collection procedures. Each employer without prior participation and contribution history to the trust funds shall post security for contributions due the trust funds in the manner and to the extent required by the collection policies and procedures established by the trust.

Delinquent employers shall be liable to any employee affected by such delinquency for all benefits lost by such employee by virtue of such delinquency, plus interest at the statutory rate, and such delinquent employer shall also be liable for reasonable attorney fees for any action brought to recover the amount of said benefits.

The union may remove employees covered by this Agreement from the employ of a delinquent employer provided advance notice to the delinquent employer of not less than seventy-two (72) hours is given of such proposed action. Such removal of employees and the cessation of work by the employees of any such delinquent employer shall continue until the administrator or collecting agent of the applicable trust involved confirms that no amounts remain owing to said fund by said employer.

Apprentices above second period shall be paid on the basis of the percentage relationship to the journeyman wage rate. Payment of contributions and reporting by the employer shall be on the terms and conditions provided for in Article VI.3 of the Inside Agreement.

* These amounts may change; see Article III.8 Family Health Care

Hours worked shall be deemed to include straight time hours, actual overtime hours, report time and shift premium hours not worked, in addition to such other time as provided for the District No. 9 Pension Trust Agreement.

Employers who fail to remit regularly shall be subject to having the Inside Collective Bargaining Agreement terminated upon seventy two-hour notice in writing being served by the Union, provided the employer fails to show satisfactory proof that delinquent payments have been paid to the designated collecting agent for the District No. 9 Pension Plan. The failure of any employer to comply with the applicable provisions of the District No. 9 Pension Plan shall constitute a breach of the Inside Collective Bargaining Agreement.

VI.5 **FLEX PLAN:** This is a place holder for the description, when the contract is officially updated.

ARTICLE VII

National Electrical Benefit Fund

VII.1 It is agreed that in accord with the Employees Benefit Agreement of the

National Electrical Benefit Fund ("NEBF"), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized otherwise by the NEBF the individual Employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having his agreement terminated upon seventy-two (72) hours notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Agreement.

ARTICLE VIII

National Electrical Industry Fund

VIII.1 Each individual employer shall contribute an amount not to exceed one percent (1%) nor less than two-tenths of one percent (.2%) of the productive electrical payroll, as determined by each local Chapter and approved by the Trustees with the following exclusions:

1. Twenty-five percent (25%) of all productive electrical payroll in excess of 75,000 man-hours paid for electrical work in any one Chapter area during any one calendar year, but not exceeding 150,000 man-hours.

2. One hundred percent (100%) of all productive electrical payroll in excess of 150,000 man-hours paid for electrical work in any one Chapter during any one calendar year.

Productive electrical payroll is defined as the total wages (including overtime) paid with respect to all hours worked by all classes of electrical labor for which a rate is established in the prevailing labor area where business is transacted.

Payment shall be forwarded monthly to the National Electrical Industry Fund in a form and manner prescribed by the Trustees no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Failure to do so will be considered a breach of this Agreement on the part of the individual employer.

ARTICLE IX Administrative Maintenance Fund

- IX. Effective 1-1-96, all employers' party to this Labor Agreement shall each contribute 0.6 percent (0.6%) of the rate of pay per hour for each hour worked by each employee covered by this Labor Agreement to the Administrative Maintenance Fund of the Oregon Pacific-Cascade Chapter, NECA, which can be modified by a unanimous vote of the members of the Oregon Pacific-Cascade Chapter NECA.

This Fund is to be administered solely by the Chapter or Employers. The monies are for the purpose of administration of the Collective Bargaining Agreement, grievance handling and all other management duties and responsibilities in this agreement and the Fund may not be used in any manner detrimental to the Local Union or the IBEW.

The Administration Maintenance Fund contribution shall be submitted with all other fringe benefits covered in the Labor Agreement by the 15th of the month and shall be bound to the same delinquency requirements under this Labor Agreement.

The enforcement of delinquent payments to the fund shall be the sole responsibility of the fund or the Chapter or employers and not the Local Union.

ARTICLE X
Safety

- X.1 **JOINT SAFETY COMMITTEE:** There shall be a Joint Safety Committee consisting of three members representing the Employer and three members representing the Union. The duties of this Committee shall be to develop and recommend safe work rules that are equal to or greater than the Standards of Construction as established by the Occupational Safety and Health Act of 1970, or other applicable Federal or State laws. Such rules, and the other safety rules provided in this Article, are minimum rules and not intended to imply that the Union objects to the establishment and imposition by the Employers of additional or more stringent safety rules to protect the health and safety of the employees.
- X.2 **FUNCTION OF SAFETY COMMITTEE:** It shall also be the function of this Committee to study these safe work rules and recommend their update to the parties to this Agreement for possible inclusion in this Agreement. This Committee shall meet at least once each quarter and also when called by the Chairman or when called by a majority of the current Committee members.
- X.3 **SELECTION OF SAFETY COMMITTEE:** Members of the Joint Safety Committee shall be selected by the party they represent. Their term of office shall be three years unless removed by the party they represent. The term of one Employer and one Union representative shall expire each year with successors to be determined in the same manner as the original appointments were made. A Committee member is eligible to succeed himself.
- X.4 **ENERGIZED CIRCUIT WORK:** Two Journeymen shall work together on all energized circuits of 480 volts AC or 250 volts DC, or respective higher voltages in accordance with a safety plan such as the guidelines set forth in the 2004 NFPA 70E standard. Journeymen shall be used in assisting a Journeyman while splicing cable. Apprentices shall not work on energized circuits over 200 volts to ground. When apprentices, excluding those in their final stage, are required to work on energized circuits under 200 volts phase to ground, they shall do so under the supervision of a Journeyman.
- X.5 Journeyman wiremen, while splicing cable, shall not be required to work on

wires or cables when the difference in potentials is over 200 volts between any two conductors or between any conductor or ground, unless assisted by one journeyman. In no case shall journeyman wiremen, while splicing cable, be required to work on energized cables carrying in excess of 480 volts.

- X.6 **FIRST AID / CPR:** The Union and the employers recognizing the importance of safety in accordance with the Occupational Safety and Health act agree to jointly sponsor First Aid, CPR and OSHA 10 classes for all employees. Employees are required to have a first aid, CPR and OSHA 10 card. Employees shall be required to attend any safety classes as mandated by the Local Union.
- X.7 **ALCOHOL/DRUGS:** Any employee, who reports at a job site with alcoholic beverages, drugs, or firearms in his/her possession, shall be subject to immediate termination.
- X.8 **ASSURANCE OF SAFETY:** It is the employer's exclusive responsibility to insure the safety of their employees and their compliance with these safety rules and standards.

Work on energized circuits or parts having a potential exceeding 50VAC or 100VDC shall be allowed only within applicable state and federal regulations. NFPA 70E shall be used to set forth the guidelines and activities of such work.

When performing work on energized circuits or parts of 480VAC or higher, or 250VDC or higher, two journeymen shall work together when working inside the Limited Approach Boundary or Arc Flash Protection Boundary, whichever is greater, as defined in NFPA 70E Art. 100. Apprentices other than those in their 6th period with the appropriate related training shall not work within the boundaries referenced above but can work outside of them performing tasks such as safety watch or running tools and parts.

- X.9 Disregard for the Employer's safety policy or use of safety equipment shall result in the employee being referred to the NECA / IBEW Joint Safety Committee for review and training.
- X.10 **DRUG ABUSE POLICY:** The dangers and costs which alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve

to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and program must be subject to all applicable federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

- X.11 **CONSECUTIVE HOURS WORKED:** No employee shall work more than 16 hours without an 8-hour break except in circumstances that are unforeseen or are outside the control of the contractor, in which case no employee shall work more than 32 hours in any 48-hour period. This section shall not apply to employees designated by the contractor who are provided with acceptable sleeping accommodations.

Article XI Furlough

- XI.1 When an employer submits less than 80 hours for an employee on the employer's monthly reports, that employee shall be terminated with a reduction-in-force except in cases of illness or authorized vacation.

Article XII Code of Excellence

The parties to this Agreement recognize that to meet the needs of our customers, both employer and employee must meet the highest levels of performance, professionalism, and productivity. The Code of Excellence has proven to be a vital element in meeting the customer's expectations. Therefore, each IBEW local union and NECA chapter shall implement a Code of Excellence Program. The program shall include minimum standards as designed by the IBEW and NECA.

SEPARABILITY CLAUSE

Should any provision of this Agreement be declared illegal by any court of competent jurisdiction, such provisions shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the parties shall, thereupon, seek to negotiate substitute provisions which are in conformity with the applicable laws.

Nothing in this Agreement shall be construed as waiving any rights or protection granted to either the employer or the Union under any applicable Federal or State law.

APPENDIX A:

Oregon administrative rules Chapter 839, Division 20

Working Conditions Meal and Rest Periods 839-20-050

1. Every employer shall provide to each employee an appropriate meal period and an appropriate rest period.
2. "Appropriate rest period" means: A period of rest not less than ten (10) minutes without deduction from the employee's pay for every segment of four (4) hours or major part thereof worked in one work period. Said period of rest shall be in addition to and taken separately from the time allowed for the usual meal period. Insofar as feasible, considering the nature and circumstances of the work, such period of rest is to be taken by an employee approximately in the middle of each segment of the work period, but in no case is the time to be added to the usual meal period or deducted from the beginning or end of the work period to reduce the overall length of the total work period.

(b) "Appropriate rest period" means: A period of rest of not less than ten minutes for every segment of four hours or major part thereof worked in one work period without deduction from the employee's pay. The period of rest must be in addition to and taken separately from the time allowed for the usual meal period. Insofar as feasible, considering the nature and circumstances of the work, such period of rest is to be taken by an employee approximately in the middle of each four hour (or major part thereof) segment. The rest period is not to be added to the usual meal period or deducted from the beginning or end of the work period to reduce the overall length of the total work period.

Hi-Voltage Safety for Journeyman Wireman

A recommended procedure for working on hi-voltage circuits that have been de-energized or new systems that have a possibility of being energized.

NEVER WORK ON ANY SYSTEM OVER 480 VOLTS LIVE, without formal training.

Have adequate knowledge of the system you are working on.

Open all switches or breakers or cut-outs supplying the equipment to be worked on, including any dual feed possibilities. (Caution: If a back-feed possibility exists, the removal of secondary conductors from a transformer may be required.)

LOCKOUT AND TAGOUT ALL SWITCHES, BREAKERS AND CUTOUPS and conform with any customer or contractor procedures.

Test all circuits to be worked on with an approved hi-voltage tester which has been tested on a live hi-voltage circuit prior to the work to be done. NEVER ASSUME ANYTHING!

Install ground jumpers from ground to the conductors including neutral conductors on 4-wire systems, and then phase to phase.(CONNECT ALL JUMPERS TO GROUND FIRST.)

Proceed and complete work.

Remove ground jumpers. (CONDUCTOR SIDE FIRST.)

Megger all conductors.

Remove all tags and locks.

When appropriate, close switches, breakers and cutouts.

Leave work area cleaner than you found it.

Hi-Voltage Safety Capacitors

A recommended procedure for working on hi-voltage circuits that have been de-energized.

FOLLOW Pre-Task plan - "Hi-Voltage Safety for Journeyman Wireman" procedure as it relates to de-energized circuits.

After supply circuits have been de-energized, wait 5 minutes.

Short capacitor terminals with a jumper and bond to the case and ground.

On circuits below 7,500 volts use approved rubber gloves to install jumpers.

On circuits above 7,500 volts use live line tools to install jumpers.

Hi-Voltage Safety for Supervisory Personnel

A recommended procedure for working on hi-voltage circuits that have been de-energized or new systems that have a possibility of being energized. Outline the work to be followed in the Pre-Task plan:

Each worker will understand the purpose of the job.

Each worker will understand what he is to do.

Each worker will understand what the other members of the crew are to do.

Each worker will understand the hazards or trouble spots involved.

Each worker will understand the lockout procedure and will be directly involved in all lockouts and removal of all lockouts.

IBEW Local 280

Lockout and Tagout Safety Procedure For Systems of 600 Volts AC or less

This is a recommended procedure for safely working on equipment that is to be de-energized electrically and rendered safe from all hazardous stored energy. In-plant procedures specified by the owner, client, or electrical contractor take precedence over the procedure outlined here, providing there is no conflict of existing codes or statutes.

NO employee shall attempt to work on equipment until all potentially hazardous energy sources have been identified and rendered safe by a lockout device or other physical means of restraint. Lockout and tagout procedures shall be performed by the wiremen personally involved with the system. All wiremen involved shall use individually keyed locks and fill out appropriate tags. Where necessary, gangable locking devices shall be used.

Lockout/Tagout Procedure

Identify the types, magnitudes, and hazards of energy, and the means of controlling that energy.

Other than electrical, these types of energy may include auxiliary systems such as air, gas, water, springs, hydraulics.

Notify all affected personnel.

Shutdown the equipment in a sequential manner.

Apply locks and tags so that the energy isolating devices are held in the open or off position.

Disconnect and restrain all hazardous stored energy. This includes auxiliary systems such as air, gas, water, springs, hydraulics, etc. Discharge and ground all capacitors.

Verify that equipment is isolated by initiating start procedure. Mechanical defeats should be in their safe, normal positions.

Test all circuits to be worked with a U.L. approved Cat 3/1000 volt, voltage/continuity tester.

Lockout/Tagout Removal Procedure

Insure safeguards and mechanical defeats are in their safe positions.

Clear the equipment and surrounding area for tools and material.

Notify affected employees of a potential equipment restart.

Verify the controls are in neutral or off positions and remove all lockout devices and tags.

If necessary, energize equipment for normal operation.
