Re: Letter of explanation for late filing

As Superintendent of the South Umpqua School District I filed ethics report for many years, but not electronically. I did register electronically with information given to me from the city of Myrtle Creek shortly after being sworn in as a new council member. At that time I thought I had also filed my ethics report. Although you have stated that several reminders have been sent this is the first that I have seen. I or my wife may have deleted them. In any case I will be more diligent with correspondence from the State of Oregon in the future.

Dear Commissioners;

I was notified by the City of Cornelius on May 8th that I was late in filing an Annual Verified Statement of Economic Interest (SEI) and that I had accrued a penalty of \$10.00.

I am requesting that the penalty be waived because I had inadvertently neglected to update my email address. My previous email address had to be removed due to an overabundance of junk email and infected or corrupt correspondence.

Thank you for your consideration.

My name is Bessie Johnson. I am a City Councilor with the City of Albany.

I got a call from David Hunter and was told I was late with my filing of the SEI and that penalties are being added daily. David told me he tried to e mail me on my City of Albany e mail and that it bounced back to him. So I was not aware that he attempted to reach me.

In mid March I asked our City Clerk, Mary Dibble, when the filings were due. She told me I would receive word when they were ready to take the filings. So I kept waiting for some correspondence and never got anything.

As soon as I received David's call, I filed immediately.

Because of the circumstances, I respectfully request that the penalties be waived.

I thank you for your consideration of this matter.

I was just notified by staff of a failure to file my 2017 ethics report. It appears there was an e-mail problem. The address on file was valid but apparently messages from your system were bouncing. When I was notified by phone, I filed immediately and updated my account with a secondary e-mail address.

Our e-mail service is hosted by Microsoft and is usually very reliable. Given you are now fully on an electronic notification basis, you might consider adding a secondary e-mail address to prevent problems like this from happening in the future.

I would like to appeal the pending penalties. My failure to file was not due to a conscious decision on my part to avoid this obligation. When you were on a paper system, I never failed to file on time. When I became aware of the need, I completed the filing process immediately.

Dear Oregon Government Ethics Commissioners,

My deepest apologies for my tardy SEI filing.

Frankly, I was surprised to receive an email notification that I had not filed because I knew I had entered my information into your system prior to April 15 this year. I was confused, so I called and spoke with David. He was very helpful and understanding as we discovered that I had filled out all of the required information, but must have not clicked the send button at the very bottom. With David's help, it took all of 30 seconds for him to help me log in and navigate to the send button and actually submit the information.

I hope that you will favorably consider waiving my \$20 penalty for filing late and forgive my technical ineptitude.

Thank you,

Camden King

Hello, I was appointed as a Umatilla City planning commissioner last month in April 2017. I did a 2 day training seminar 2 weeks ago to learn about ethics and legal responsibilities of this position. I was not aware of OGEC until this correspondence May 11 as noted below. If there was previous correspondence it hit my junk mail box or was deleted before I opened it. As your record will reflect when I opened this May 11 I did set up an account under my name, I thought that was all I was requested to do. The next day I received a \$10 penalty notice for failure to file a form I was not aware of. I responded to that email and it was rejected. I was able to navigate your website today and understand what information and form you needed to have filled out. I believe I have completed the information as requested. Sorry for my confusion on this process, I just did not understand. I will make sure OGEC does not hit my junk filter and I now know you are a legitimate agency not just another spam attempt.

Please accept my commitment going forward and waive to \$20 penalty for the reasons I have explained.

Thank you, Kelly

Dear Kelly Nobles:

ORS 244.050 specifically identifies certain public officials who are required to complete and file an Annual Verified Statement of Economic Interest (SEI) form with the Oregon Government Ethics Commission (Commission). The jurisdiction of UMATILLA has indicated that you currently hold a public position that is required to file.

All filings are now being submitted electronically through the Commission's Electronic Filing System (EFS). SEI filings are due on April 15 of each year. You will be notified by system-generated email when the filing window is open to you.

Please click on the following link to enter the system and create your account now. You will create only one account even if you hold multiple positions.

<http://apps.oregon.gov/OGEC/EFS/SEIAccount/SEIInvite?confirmationCode=MRX37F>

Additional information and training materials are available on the Commission's website at www.oregon.gov/ogec.

If you believe that you are not required to file or have other concerns, please contact the Commission at 503-378-5105 or by email at ogec.mail@oregon.gov.

Please do not reply to this system-generated email as replies will not be delivered to the Commission.

Thank you.

Dear Commissioners,

My name is Taner Elliott and I hold the Councilor at Large position in The Dalles. During the open filing period earlier this spring I completed the online form but did not receive an email confirmation or receipt. I said something to the city clerk about this and she couldn't see any non-compliance issues when she checked into this. I then received a late notice in early May and again completed the filing online. This time I received an email acknowledgement of completion. I am asking to remove the \$ 10.00 fine associated with this late notice. I have learned that if no receipt is giving to seek more information.

Thank you for your consideration in this matter,

Dear Commission

Please wave my \$40 late filing fee.

I was sent several reminders to fill out the simple form.
I failed to do so because my daughter reviews my business emails so I don't ignore important emails (like the ethics commission reminders) Trudy thought because I ended my 24 years as Astoria's mayor it was unnecessary and deleted the reminders,

End of story. If you say no I will pay up

OREGON GOVERNMENT
ETHICS COMMISSION

Dear Commissioners:

I learned today from Cathy Daniels of the Office of Oregon Government Ethics that I had missed the date for filing my annual report. I apologize for this and should have remembered independent of any notification from the State. However, she checked the records and learned that my account had been set up by the Pilot Rock Court and the notifications all went to an email address for the City of Pilot Rock which I have no knowledge of nor ability to access. The Court personnel have changed once or twice in the past year and the new clerk may have no knowledge of the system.

I filed today as soon as I got the information from Ms. Daniels and have never been late before. I ask that you waive the penalty of \$30 that has been assessed. Thank you for your time and your courtesy.

Sincerely yours,

Maureen McCormach

Re: Late Response to SEI filing - \$60.00 fine or letter

To the Ethics Commission:

Yesterday afternoon, I received an email from David Hunter alerting me to the fact that I had not filed the required SEI report. I immediately went to the attached link. When I tried to access the link, it opened pre-filled with my name spelled correctly and an encrypted password. When I tried to proceed, it kept stating that the information was incorrect. I called the attached phone number for assistance.

Kathy Daniel offered to assist me in accessing the link. She advised my name should not have a space and offered to update the password. As I kept having difficulties accessing the link, she offered to gather the necessary information from me to meet the requirement.

When I asked if there were any notices or reminders sent about the filing, she told me notices were sent. I checked my emails. I had a notice from OGEC dated February 17, 2017 captioned about setting up a new account. This message coincidentally came the Friday before I left for a two week vacation. That was the only notice I received. That notice stated further notice would be sent when 'the filing window 'could be accessed.

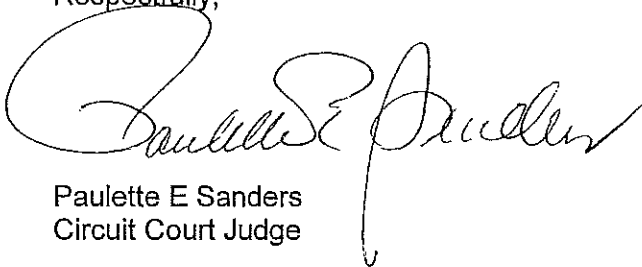

When I explained that I had not received any further notices, Kathy discussed making sure notices did not go to SPAM. When Kathy was attempting to send me a new password and I was still not receiving the information, she caught that somehow the system had my first name spelled PAULLETTE – with two L's, which is incorrect. I never received anything further from OGEC after February 17, 2017. Mr. Hunter advised me today that when he attempted to send his email notice to me regarding my lack of filing – the email was returned to him. I am not sure what occurred between the February notice and now regarding my contact information.

Ms. Daniels advised my choice was to pay the fine or write a letter, but that I could not do both. The obligation is mine and I have no hesitation with complying with the requirement or paying the fine. The reality is, even if I had remembered independently that I had to file an SEI form by April 15, 2017, I would have had to figure out where to access that information.

I am choosing the letter option because I wanted to ask you to consider the following: please use the full name of the commission – Oregon Government Commission when sending email communication and not just the organization's initials. I am sure that the individuals subject to the requirement receive voluminous amounts of email. Just a few organizations from which the court receives emails include: OETO, OECL, OSPS, and now OGEC. The reality is that I do not read every email sent to me. The timing of this event also coincides with the Ransomware issue. I receive invitations to join LinkedIn and multiple other types of requests that I do not open or respond to. An invitation to open an account at work is not one that I would open.

Please consider my request to use the full name of the commission in email communications. My lack of filing was human error. If you require me to pay the fine, I will remit payment promptly.

Respectfully,

OREGON GOVERNMENT
ETHICS COMMISSION

Commissioners.

I am Judge Jim Egan on the Oregon Court of Appeals.

You will see from my previous filings that I have been filing these reports for a while either as a judge, a member of my local fire board, or as a member of my local planning commission. On and off, I think that I have been filing for decades.

The last few months have been pretty cramped. I was out of the office for a week taking care of a new grandchild; out of the office helping take care of my mother-in-law who was recently diagnosed with Frontotemporal Lobe Dementia (FTLD), and then my father-in-law had cancer surgery last week requiring personal daily attention from my wife -- which left me with other family duties (as you can imagine with FTLD in the household).

I admit that I have been coming in and collecting work in the evenings and spending time at the court for arguments and conferences -- but I have been putting off most of my other business. I actually thought that your emails were warnings that the date was coming up.

I started through my filing process today (I am about to leave for a week and I thought I better get it done) and when I accessed my account, I was surprised to see an \$80 fine.

I apologize for the delay. I meant no harm. Like I said, the month has been pretty cramped. I hope that you can see your way to forgive this fine. Take a look at my previous filings and you will see that I am a pretty diligent public official.

Thanks for considering my request.

Jim Egan

I serve on the Clatskanie City Council. I am writing to request a waiver on the penalty for late filing of the SEI Filing. As you know, the people who volunteer for service positions are often volunteering for many service positions and busy running their businesses or with their careers. I am not making excuses, I received the email and subsequent reminders. I just have extremely long to do lists and things get forgotten.

Oregon Government Ethics Commission,
Please permit me to explain my late filing of my Economic Interest Statement. The email address entered was incorrect—missing a period between my first and last names—thus, I did not receive the notifications for filing. Fortunately, I received a telephonic reminder prompting me to call Kathy Daniel. Upon doing so, I was assisted in resetting my password and filing my statement. The statement is completed and filed (electronically). I am requesting mitigation of the penalty for late filing by this email transmission. Thank you for your consideration.

Dear Commissioners,

My name is Daniel J. Korber and I am the Superintendent emeritus at Ukiah High School. Last year, 2016, I was half time and completed my code of ethics report in a timely manner. This year, 2017, I retired in October of 2016 and am no longer paid by Ukiah School District 80R. I am acting superintendent until the principal of the school is accredited and takes over that position. Thus, I have not checked my emails regularly and did not complete the report in a timely manner. I completed the report on May 16, 2017 and am asking for a waiver of the \$70.00 late fees.

Please consider waiving my fees.

Thank you

Dear Commission,
I apparently have had a problem with receiving your filing alert this year. I will have my spam account checked to make sure I receive alerts in the future. I have also had a problem with getting my user name and password accepted by your computer. I would appreciate it if you would consider mitigating the fine this year and I will do everything in my power to file "on time" next year.

MAY 16 2017
OREGON GOVERNMENT
ETHICS COMMISSION

Dear Sirs:

I was fully aware and willing to file my information SEI. I however have some mitigating circumstances that I hope will you will consider. At around the same time this filing was due, I was involved in, and focused on several requirements for a new employment position that I have pursued for the past 2 years. I finally was granted interview, then hired. This position required meetings, orientations, trainings, testing, fingerprinting, photo ID processing for accessing Federal property, background check and vetting for computer access card. All of these requirements were scheduled at various locations, and throughout the last month. I apologize for not being more diligent, but I would like to include that I attempted to file on several occasions, but was frustrated by the message that I needed a 'code number'. I e-mailed at least three times requesting the code and responding that I would like to get this done, however I was met each time with the same issue of needing the code number. Finally this morning I opened the e-mail from David Hunter with a link and password reset to open the filing system without needing the 'code number'. I immediately finished the filing. I would appreciate any consideration you could give in waiving the penalty, as I have not had a steady paycheck, and it is all we can do to keep up with the bills that we have, I really can't afford any extra expenses. The hours at my new job will not be full time, the work is seasonal counting fish for a contractor at the John Day Dam, and the hours for first year employees slowly increase through the first few months. So, in conclusion, I did make an effort to avoid the penalty, and it would be a hardship for me to pay.

Thank-you, Janice Strand

Subject: fees to my account

RECEIVED

MAY 15 2017

OREGON GOVERNMENT
ETHICS COMMISSION

Good Afternoon.

I would like you to consider waving the penalty fees that are currently on my account please. My e-mail address was changed last September-ish. However Wasco City hall was getting the e-mails from you all, and then sending them to an not valid e-mail address. I was just informed of all of this last Friday on May 12, 2017 via the phone from the City recorder of Wasco. She then sent me the info to the correct e-mail address and I made a call to your office today to get the updated link to re-set the password and have filed the report.

Thank you for your time and considering this request.
Please let me know on your decision as soon as you can please, so I can make -payment arrangements if needed, I don't want this to get any larger. 😊

Beth

Subject: LATE FILING

RECEIVED

MAY 23 2017

**OREGON GOVERNMENT
ETHICS COMMISSION**

My filing fee was late because I receive so many emails daily that many important items get lost in the crowd. When I was on the West Linn Planning Commission and then the City Council I was not being notified via email and had no problems with timeliness. I would like to plead for a reduction of my fine. Thank you for considering this.
