Young Children Receiving Social-Emotional Issue-Focused Interventions/Treatment Services CCO Quality Incentive Metric

Coding and Billing Guidance

Audience: Coordinated Care Organizations

Today's content is based on the Coding and Billing Guidance document recently released for the Social-Emotional Metric.

<https://www.oregon.gov/oha/HPA/dsi-tc/Documents/Social-Emotional-Interventions-for-1-5-Metric-Coding-and-Billing-Guidance.pdf>

Please note that the metric has been retitled “Young Children Receiving Social-Emotional Issue-Focused Interventions/Treatment Services” (shortened title “Social-Emotional Interventions for 1-5”).

December 2024

Measure stewardship

The **Young Children Receiving Social-Emotional Issue-Focused Interventions/Treatment Services CCO quality incentive metric** was developed by the **Oregon Pediatric Improvement Partnership (OPIP)**.

The intent of the metric is to measure and enhance the provision of intervention and treatment services for children 1-5 years of age with identified social-emotional needs or issues.

Social-Emotional Interventions for 1-5 CPT code set

44 CPT codes will be used for measurement of the quality metric starting January 2025.

CPT code information is based on the Fee-for-Service (FFS) [August 2024 behavioral health](#) and [September 2024 medical/dental](#) fee schedules.

CPT Claim Title	CPT Claim Code	Fee Schedule

Claims submission and payment

- The necessary system components are set up so that CCOs can support all appropriate provider types within their delivery system network to submit and be paid for claims associated with the Young Children Receiving Social-Emotional Issue-Focused Interventions/Treatment Services quality metric CPT code set.
- CCOs establish their own rates with in-network providers and should do so according to the [CCO contract](#) (Exhibit B, part 8, number 5) and as outlined in [OAR 410-120-1295](#). CCOs may use OHA's Fee-for-Service (FFS) fee schedules to establish payment for services for in-network providers. If paying out-of-network providers, CCOs must pay at least the FFS fee schedule rates. CCOs should work with their CCO account representative if they have questions or issues establishing provider payment rates.

Public health home visitors

- Public health home visitors offer assessments, case management, care coordination and health education to families in their home or a location of their choice
- Home visitors may submit claims for Targeted Case Management (TCM), but may also provide some direct services that would apply to the issue-focused interventions/treatment services included in this quality metric
- OHA is currently working to develop guidance related to these scenarios

Certificate of Approval (COA)

COAs are required for outpatient behavioral health organizations that employ non-licensed (and some licensed) staff who provide behavioral health services.

Requirements for COAs are outlined in [OAR 309-008-001](#)

Contact

In lieu of services (ILOS)

- There are three existing ILOS in 2024 CCO contracts that may support providers delivering social-emotional health services associated with the quality metric:
 - CHW Services – alternative setting
 - Peer and QMHA services – alternative setting
 - Infant mental health pre- and post-testing services
- In addition to the suggested codes in ILOS guidance documents, codes from the Social-Emotional Interventions for 1-5 metric CPT code set that **may** be appropriate for the above ILOS include:
 - CHW services - alternative setting: 98960-98962, H0023
 - Infant mental health pre- and post-testing services: 98960-98962
- As described in the [ILOS billing and reporting guide](#), CCOs must submit ILOS encounter data, including the ILOS modifier “V4.” This modifier does not impact how the encounter data counts toward the metric.
- Contact ILOS.info@odhsoha.oregon.gov with questions.
