HRSN Housing Eligibility

Eligibility for housing services

To be eligible for HRSN housing services, a person must meet the eligibility requirements and submit documentation for these requirements.

OHP member

1

To be eligible for any HRSN service, a person must be on OHP.

- Before providing services, you must verify that the person has OHP, otherwise you might not get paid. You can do this by checking MMIS.
- **Determine if the OHP member is enrolled in a CCO or Open Card.** You'll have to be contracted with their CCO or Open Card to bill for services you provide.
- If the person does not have OHP, you can help connect them to enrollment help. Options include:
 - Visiting a local [Oregon Department of Human Services \(ODHS\) office](#)
 - Finding a local [OHP-certified community partner](#).
 - Applying online: <https://one.oregon.gov/>

HRSN clinical risk factor

2

**To be eligible for any HRSN service,
a person must have at least 1 of the HRSN clinical risk factors**

HRSN clinical risk factors include:

- Complex behavioral or physical health condition
- Developmental disability
- Needs assistance with Activities of Daily Living/Instrumental Activities of Daily Living or is eligible for Long Term Services and Supports
- Current or past interpersonal violence experience
- Repeated emergency department use
- Repeated crisis encounters
- Currently pregnant or 12 months postpartum and at risk of certain clinical factors
- Less than six years of age and at risk of certain clinical factors
- More than 65 years of age and at risk of certain clinical factors

This is not an all-inclusive list. View the [Clinical Risk Factor Crosswalk](#) to see a full list.

2. Documenting clinical risk factors

To be eligible for any HRSN services, the OHP member must have a clinical risk factor. To document this, a member can:

- Tell you that they have one or more of the HRSN housing clinical risk factors. This is called “self-attestation.”
 - A clinical diagnosis is not required.
 - When the CCO or Open Card gets the HRSN request form, they can review medical records and claims to support the self-attestation.

HRSN housing benefits and their benefit-specific requirements

Rent payments and tenancy supports

Tenancy supports

HRSN tenancy services are intended to connect renters with resources and services to help them keep their housing, rather than find new housing.

HRSN housing providers can use HRSN tenancy services to bill for time needed to:

- Coordinate and ensure HRSN housing services are delivered.
- Speak with the member's CCO or Open Card Care Coordination Team.
- Provide training and resources to help the member understand their lease.
- Support members with achieving their housing goals.
- Communicating with the member's landlord.

Are members required to engage in tenancy services to be eligible for other housing services?

- No, members are not required to participate in tenancy services to be eligible for housing services.

Can tenancy supports be provided as a standalone HRSN Service?

- Yes, tenancy supports can be provided as a standalone service, or alongside other HRSN Services.

Benefits: Tenancy supports and rent assistance

 In addition to 1) being an OHP member and 2) having at least 1 clinical risk factor, to be eligible for tenancy support and/or rent assistance a person must:

3

Belong to the at-risk of homelessness HRSN covered population

To meet the definition of “at risk of homelessness,” the member must:

- Have an income that is 30% or less than the area median income in their area **AND**
- Lack sufficient resources or support networks to prevent homelessness.

4

Meet additional eligibility requirements

All of these are required:

- Have housing **AND**
- Need support staying in their current housing **AND**
- Have a lease or written agreement with their landlord (only available for renters).

Documenting at-risk of homelessness

To get **tenancy supports** and/or **rent assistance**, a person must meet the definition of **at-risk of homelessness**.

You can help a member document that they are at risk by **providing gross income documentation** for all adults in the household for the last **2 months**.

Let's look at what you can provide for gross income documentation.

The definition of “at risk of homelessness” is:

- Have an income that is 30% or less than the area median income in their area **AND**
- Lack sufficient resources or support networks to prevent homelessness.

Documenting at-risk of homelessness

You can document gross income in one the following ways (in order of preference):

- Third party verification (such as a copy of most recent paystub(s), unemployment statement, worker's compensation, SSI, SSDI, most recent TANF payment statement, or records directly from the income source), **OR**
- Written statements by a case manager, social worker, or other staff, **OR**
- Self-attestation.
- The [HRSN Provider Website](#) has templates, and a list of income sources to include and exclude from the income calculation and acceptable documentation. Income should reflect the previous two months of earnings.

What is gross income? Gross income is total earnings before taxes (including wages, tips, and other forms of income).

Qualifying income

Use the [HRSN Housing Income Limits](#) document to help determine if a person has a household income of 30% or less than the area median income:

- Verify which county in Oregon the person lives in.
- Determine how many people are in their household.
- Check the income table in the **HRSN income limits** document.
- Provide the last 2 months of income for HRSN rent assistance eligibility.

How to know your household size

Use the table below to add up everyone in your household. Your household includes you, your spouse, children and anyone you list on your tax return (if you file taxes). You don't need to file taxes to qualify.

You (the person applying)	1
Your legal spouse	
Your live-in partner if you have a child (under age 19) together	
Children (under age 19) who live with you	
Anyone else you include on your federal income tax return, even if they don't live with you	
If you are under 19, include your parents, step-parents and any brothers or sisters (under age 19) who live with you	
If someone is pregnant in your household, count them and each expected baby
