

Memorandum

To: Adult mental health residential providers

From: Holly Heiberg, Medicaid Policy Director, Fee-for-Service Operations Director

Date: Dec. 12, 2024

Subject: Adult mental health residential rates, effective Jan. 1, 2025

Effective Jan. 1, 2025, Oregon Health Authority (OHA) is updating the adult mental health residential rates in the fee-for-service Behavioral Health [Fee Schedule](#).

The rates for each setting will vary, but there will be an overall increase for most settings by region, type, and bed count. This is an increase of 6.9 percent from 2023 rates. Updated rates can be found at the end of this memo.

For each new assessment completed after Jan. 1, 2025, Comagine Health will enter the new rate, consistent with the fee schedule, in MMIS. MMIS will generate an approval letter that includes the new rate to bill OHA. Additionally, Comagine Health will send the individual and the provider:

- The resident's person-centered services plan and
- Results of the resident's functional needs assessment.

Why is this happening?

OHA has completed the standardized rate review described in [410-172-0705](#). OHA reviewed claims data and providers' reported expenses and revenues. In this review OHA sought to ensure rate equity statewide across all residential tiers.

What should you do?

Please bill the rate listed in your approval letter.
