NEED FOR THE RULE(S)

Per ORS 430.389(2)(a) the Oregon Health Authority (OHA) is to adopt rules that establish a grant application process, a process to appeal the denial of a grant and general criteria and requirements for the Behavioral Health Resource Networks and the grants and funding required by ORS 430.389, including rules requiring recipients of grants and funding to collect and report information necessary for the Secretary of State to conduct the financial and performance audits required by ORS 430.392.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE

STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE

These rules are expected to have a positive impact on racial equity across the state, because these rules facilitate successful implementation of the Behavioral Health Resource Networks (BHRNs). These new rules and expectations are clearer for BHRNs, facilitating the BHRNs' provision of culturally and linguistically specific services throughout their service array continuum. The BHRN grantees were and will continue to be selected with attention to culturally and linguistically specific and/or responsive services and services for minoritized. Providing clarity to the grantees will make it more likely that the grantees can successfully provide these services.

FISCAL AND ECONOMIC IMPACT:

The Authority does not anticipate there will be a fiscal impact from these rule changes, as these new rules clarify or align with the existing requirements or rules or are administrative in nature.

COST OF COMPLIANCE:

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). OHA does not believe there will be any economic impact.

(2) Effect on Small Businesses: OHA does not believe there will be any effect on small businesses.

(a) Estimate the number and type of small businesses subject to the rule(s); OHA does not believe there will be any small businesses impacted.

(b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); OHA does not believe there will be any small businesses impacted.

(c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s). OHA does not believe there will be any small businesses impacted

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

It is expected that small businesses or representatives of small business will submit comments either through the RAC or public comment phase of this rulemaking

Screenings

(1) Screening services provided by an entity funded under ORS 430.389(2) must be provided by a Peer Support Specialist, Certified Recovery Mentor, Peer Wellness Specialist, or other addiction professional acting within their scope of practice to determine whether an individual needs a comprehensive behavioral health needs assessment or referrals to additional services and supports. A screening must at a minimum cover the following:¶

(a) Acute care needs;¶

(b) Treatment for substance use disorders and co-existing health problems;¶

(c) Personal safety;¶

(d) Harm reduction;¶

(e) Addiction Peer supports;¶

(f) Housing;¶

(g) Employment and training;¶

(h) Childcare; ¶

(i) Food and other basic living needs; and¶

(j) The need for, and provision of, mobile or virtual outreach services.¶

(2) Screening services must be provided 24 hours a day, seven days a week, every calendar day of the year through a telephone line or other means. A BHRN can rely on the statewide telephone hotline established by the Oregon Health Authority under ORS 430.391 for telephone screenings during nonbusiness hours such as evenings, weekends, and holidays. ¶

(3) Once screening is completed, an individual must be provided, at a minimum, with:¶

(a) Referrals to all requested and appropriate services.¶

(b) Supportive services if the individual is waiting for services that are not readily available.¶

(4) If, after the completion of a screening, an individual indicates a desire to address some or all of the identified needs, a case manager must work with the individual to design an individual intervention plan. The plan must address all of the individual's needs identified in the screening.

(a) Can not: ¶

(A) Have programmatic barriers such as lengthy intake, appointment requirements, assessments or treatment planning sessions. ¶

(B) Exclude individuals because of prior missed appointments. ¶

(b) Must provide treatment services: ¶

(A) With little or no wait time, but no more than 48 hours after a screening and an assessment that identifies substance use treatment as a needed service. ¶

(B) Regardless of an individual's ability to pay or insurance coverage. ¶

(C) Regardless of an individual's criminal history, warrant status, state residency or citizenship status. ¶

(c) Must engage in outreach services and community engagement. ¶

(d) Must offer individuals using substances by injection, interim referrals, or information to immediately reduce the adverse health effects of substance use, promote the health of the individual, and reduce the risk of overdose and the transmission of disease, including but not limited to: ¶

(A) Counseling and education about blood borne pathogens including Hepatitis, HIV, STIs, and TB; the risks of needle and paraphernalia sharing; and the likelihood of transmission to sexual partners and infants; ¶

(B) If the individual is pregnant, counseling on blood borne pathogen transmission, as well as the effects of alcohol, tobacco, and other drugs use on the fetus, and a referral to prenatal care; and ¶

(C) Peer delivered supports, mentoring, and recovery services that address parenting and youth in transition support, if applicable. ¶

(2) A funded entity must provide treatment that: ¶

(a) Is without stigma. ¶

(b) Is trauma-informed regardless of active use. ¶

(c) Is culturally and linguistically specific. ¶

(d) Uses a harm reduction approach, including the immediate goal of improving quality of life and protecting against loss of life. ¶

(e) Is individualized to meet the unique needs of each individual. ¶

(f) Provides unique recovery trajectories personal to each individual rather than dictated by treatment providers. ¶

(g) Includes medication for substance use disorders or a referral, if appropriate. ¶

(3) To facilitate low-barrier substance use treatment an entity must address any transportation barriers facing the individual in order to facilitate access to treatment, services and supports, including minimizing or eliminating travel between multiple service providers.
