Subject: Increase in rates for electrocardiographic (ECG) recording services, effective January 1, 2023

The Oregon Health Authority (OHA) has updated its fee-for-service claim system to reflect new reimbursement rates for the following Current Procedural Terminology (CPT) codes effective January 1, 2023:

- CPT code 93243: External ECG recording for more than 48 hours up to 7 days
- CPT code 93247: External ECG recording for more than 7 days up to 15 days

Why is this happening?

The Centers for Medicare & Medicaid Services increased the rates for these codes effective January 1, 2023.

What should you do once the rate updates are complete?

OHA encourages providers to adjust claims to obtain the corrected rate.
