### Background Information:

Coordinated Care Organizations (CCOs) are required to develop a Comprehensive Behavioral Health Plan (CBHP) pursuant to Exhibit M, Section 14, Paragraph (b) of the CCO Contract. Year One (2022) involved the system assessment and the creation of an improvement plan. The following four years (2023 – 2026) requires the completion of a progress report about the improvement plan. Based, in part, on recommendations from CCOs, OHA developed a CBHP progress report template which each CCO will complete and submit. OHA will utilize the following evaluation criteria to score the submission. The reporting template, implementation guide, and evaluation criteria is posted on the [CCO Contract Forms page](#).

The scoring section of this evaluation criteria is scored as “Yes/No”, with “Yes” scores indicating the CCO demonstrated continued progress from the prior year’s evaluation related to each criterion. A “No” score indicates there was no demonstration of continued progress from the prior year’s evaluation related to each criterion or an explanation for lack of progress was not provided. If there is a “No” score marked, OHA will outreach the CCO to meet and discuss the relevant criterion before formal approval.

### Submission Specifications:

- Any attachments, addendums, etc. submitted with the CBHP must have file names clearly reflecting the content (e.g., CCO[name]\_CBHP\_Policy).
- The CBHP and relevant supporting documentation must be submitted via the CCO Contract Deliverables portal by December 31, 2024. The portal is located at <https://oha-cco.powerappsportals.us/>. (The submitter must have an OHA account to access the portal.)
