

0:0:0.0 --> 0:0:0.320

Joy L. Goodwin
Fault.

0:0:7.850 --> 0:0:8.20

Joy L. Goodwin
Just.

0:0:13.730 --> 0:0:14.120

Joy L. Goodwin
As we.

0:0:32.380 --> 0:0:32.620

Joy L. Goodwin
It's.

0:1:8.550 --> 0:1:8.760

Ginger Cerola
Cool.

0:1:16.940 --> 0:1:17.760

Ginger Cerola
Camera mic.

0:1:17.530 --> 0:1:17.820

Joy L. Goodwin
But.

0:2:0.160 --> 0:2:0.310

Joy L. Goodwin
Yes.

0:2:8.660 --> 0:2:8.860

Joy L. Goodwin
And.

0:2:22.980 --> 0:2:24.960

Joy L. Goodwin
And then I was on the phone.

0:2:24.970 --> 0:2:25.550

Joy L. Goodwin
That Lady.

0:2:25.560 --> 0:2:28.510

Joy L. Goodwin
And then I'm like, oh, there's indexing, starts training.

0:2:34.940 --> 0:2:35.360

Joy L. Goodwin
Send.

0:2:38.120 --> 0:2:39.790

Ginger Cerola
No, that's not what I want.

0:2:45.210 --> 0:2:45.360

Joy L. Goodwin
Yeah.

0:2:47.440 --> 0:2:47.940

Joy L. Goodwin
Where are you going?

0:2:49.30 --> 0:2:49.730

Joy L. Goodwin
Yes, I have.

0:2:50.350 --> 0:2:51.80

Joy L. Goodwin
I have the hour.

0:2:52.580 --> 0:2:53.170

Joy L. Goodwin
That's right.

0:2:55.560 --> 0:2:57.830

Joy L. Goodwin
And then Thursday maybe and I have an hour come to.

0:3:14.470 --> 0:3:14.650

Joy L. Goodwin
Yeah.

0:3:15.880 --> 0:3:16.140

Joy L. Goodwin
Sure.

0:5:6.920 --> 0:5:7.600

Beverly
4:00 o'clock.

0:5:8.600 --> 0:5:9.500

Beverly
Don't forget on here.

0:5:22.580 --> 0:5:25.90

Beverly

Well, because I don't care about putting my camera.

0:5:25.240 --> 0:5:25.990

Beverly

I don't know how to do it.

0:5:27.240 --> 0:5:27.650

Beverly

I was my.

0:5:32.560 --> 0:5:32.910

Beverly

Camera.

0:5:34.450 --> 0:5:34.900

Beverly

Camera.

0:5:35.430 --> 0:5:37.350

Beverly

No, but you got a camera over a month.

0:5:54.960 --> 0:5:55.280

Alanna Hein (Guest)

OK.

0:5:55.350 --> 0:5:57.320

Alanna Hein (Guest)

OK, it's 4:00.

0:5:57.330 --> 0:5:59.210

Alanna Hein (Guest)

O'clock umm.

0:6:0.700 --> 0:6:5.950

Alanna Hein (Guest)

So when I go ahead and get started, it looks like we have most of our group members here.

0:6:6.500 --> 0:6:8.270

Alanna Hein (Guest)

I wanna welcome you all.

0:6:9.20 --> 0:6:10.410

Alanna Hein (Guest)

My name is Alana Heine.

0:6:10.420 --> 0:6:27.800

Alanna Hein (Guest)

I'm an organizational development consultant in private practice, and me and my colleague Cindy Kagan will be supporting the work of this group over the next year to look at the 2420 working group topics.

0:6:30.90 --> 0:6:32.880

Alanna Hein (Guest)

A few reminders as we get started.

0:6:32.890 --> 0:6:43.150

Alanna Hein (Guest)

First of all, this is a public meeting and it is being recorded and we will be taking notes and we will share notes with you all after the meeting.

0:6:45.280 --> 0:6:54.810

Alanna Hein (Guest)

The folks who are invited to speak and participate and post in the chat, or people who are appointed as work group members.

0:6:55.480 --> 0:7:3.950

Alanna Hein (Guest)

If any of you have a question about if your work group member, please let me know and I have the list of people who are appointed to be on this work group.

0:7:3.960 --> 0:7:6.380

Alanna Hein (Guest)

I'm I'll be happy to help clarify that.

0:7:6.480 --> 0:7:6.600

Alanna Hein (Guest)

That.

0:7:9.340 --> 0:7:18.130

Alanna Hein (Guest)

And there are just a few ground rules for this work group that I'd like to go over there.

0:7:18.140 --> 0:7:22.890

Alanna Hein (Guest)

Also included on the agenda and they'll be included on every agenda.

0:7:24.780 --> 0:7:27.370

Alanna Hein (Guest)

The first one is my favorite.

0:7:27.380 --> 0:7:30.90

Alanna Hein (Guest)

Of course, let the facilitator facilitate.

0:7:30.680 --> 0:7:33.860

Alanna Hein (Guest)

So that means do things like use the raise hand function.

0:7:34.650 --> 0:7:38.950

Alanna Hein (Guest)

Umm, let me know if you if you have something to say.

0:7:41.420 --> 0:7:42.730

Alanna Hein (Guest)

Share the air.

0:7:42.780 --> 0:7:45.200

Alanna Hein (Guest)

Those of us who like to talk a lot, we know who we are.

0:7:47.20 --> 0:7:53.820

Alanna Hein (Guest)

Please try and keep your comments succinct so that there is time for other people to also make comments.

0:7:54.650 --> 0:8:3.960

Alanna Hein (Guest)

Umm, please plan to participate and engage in the discussions and with sharing your views and perspectives.

0:8:5.740 --> 0:8:12.390

Alanna Hein (Guest)

We're going to be maintaining a parking lot so that something that comes up that's off topic, that isn't what we're talking about at the moment.

0:8:12.460 --> 0:8:23.930

Alanna Hein (Guest)

We will capture so that we will be able to come back to it, umm, feel free and you are encouraged to ask questions that's going to be a big part of our approach.

0:8:25.450 --> 0:8:27.0

Alanna Hein (Guest)

Listen to understand.

0:8:27.10 --> 0:8:32.180

Alanna Hein (Guest)

So if something is confusing or you have questions about it, please go ahead and ask questions.

0:8:32.190 --> 0:8:33.20

Alanna Hein (Guest)

Get clarification.

0:8:34.700 --> 0:8:53.750

Alanna Hein (Guest)

Use the raise hand function to speak and use the chat just to like if you are sharing a link to a document or something, you want people to have access to, please don't carry on a separate conversation in the chat because it's too hard to track and it splits peoples attention.

0:8:54.520 --> 0:8:54.960

Alanna Hein (Guest)

Umm.

0:8:55.590 --> 0:9:1.360

Alanna Hein (Guest)

So again, only group members who were appointed can speak in the meeting or share in the chat.

0:9:2.660 --> 0:9:7.440

Alanna Hein (Guest)

And the meetings will be recorded and will be sending out notes within two weeks.

0:9:8.570 --> 0:9:13.740

Alanna Hein (Guest)

Any questions about the ground rules for the meetings?

0:9:14.360 --> 0:9:24.820

Alanna Hein (Guest)

Our goal is to meet once a month and we'll talk about the cadence, the timing of the meetings at the end of the agenda, umm, next, we're going to do a round of introductions.

0:9:24.910 --> 0:9:32.40

Alanna Hein (Guest)

I'm hoping to get to know you all the introductory questions are your name pronouns.

0:9:32.50 --> 0:9:44.200

Alanna Hein (Guest)

If you wanna share pronouns, the perspective that you bring to this conversation and something you like about where you live, which also gives us a chance to hear from you where you live.

0:9:44.210 --> 0:9:51.630

Alanna Hein (Guest)

Because I know that there are people from all across the state who are in this work group, I'm looking forward to hearing about where you live.

0:9:53.380 --> 0:10:7.650

Alanna Hein (Guest)

In the interest of of, of effective use of time when we get to the introductions, I'm gonna call down the list of people who are, as people are listed in the people under the People tab.

0:10:7.880 --> 0:10:10.810

Alanna Hein (Guest)

So I'll let you know when it's gonna be your turn to speak.

0:10:13.370 --> 0:10:22.190

Alanna Hein (Guest)

So if we can go ahead and get started, the first two things that are listed are phones without.

0:10:23.610 --> 0:10:30.400

Alanna Hein (Guest)

Names to them so it don't know somebody's phone number that starts with 1/2 and ends with 9/2.

0:10:30.670 --> 0:10:33.20

Alanna Hein (Guest)

Can you tell us who you are please?

0:10:36.700 --> 0:10:38.980

ee0aa41e-5123-4082-acf7-6bedbe712463

Sure, that is myself.

0:10:39.480 --> 0:10:39.840

Alanna Hein (Guest)

Can you hear?

0:10:38.990 --> 0:10:40.140

ee0aa41e-5123-4082-acf7-6bedbe712463

Sauna Peterson.

0:10:43.80 --> 0:10:43.560

Alanna Hein (Guest)

OK.

0:10:44.70 --> 0:10:44.370

ee0aa41e-5123-4082-acf7-6bedbe712463

OK.

0:10:45.10 --> 0:10:45.760

Alanna Hein (Guest)

Thank you.

0:10:46.0 --> 0:10:46.420

ee0aa41e-5123-4082-acf7-6bedbe712463

Thank you.

0:10:45.830 --> 0:10:50.200

Alanna Hein (Guest)

So that makes you first up for doing the introductions.

0:10:50.210 --> 0:10:58.200

Alanna Hein (Guest)

If you're willing your name pronouns if you wanna share the perspective that you bring to the conversation and something you like about where you live.

0:11:0.50 --> 0:11:0.850

ee0aa41e-5123-4082-acf7-6bedbe712463

Sure, happy to.

0:11:1.660 --> 0:11:3.170

ee0aa41e-5123-4082-acf7-6bedbe712463

I'm my name again.

0:11:3.180 --> 0:11:4.270

ee0aa41e-5123-4082-acf7-6bedbe712463

Is Shawna Peterson.

0:11:4.320 --> 0:11:8.810

ee0aa41e-5123-4082-acf7-6bedbe712463

I am an attorney in Ontario so far Eastern Oregon.

0:11:9.600 --> 0:11:23.630

ee0aa41e-5123-4082-acf7-6bedbe712463

I love the the rural way of life and opportunities that presents like this to get involved and and what I bring to the table is my practice focuses on a lot of succession planning, estate planning and administration.

0:11:23.640 --> 0:11:32.260

ee0aa41e-5123-4082-acf7-6bedbe712463

So primarily on the desk dedicate end of things and hopefully I can share some practical experiences and and I look forward to doing so.

0:11:34.120 --> 0:11:34.800

Alanna Hein (Guest)

Thank you.

0:11:34.810 --> 0:11:36.240

Alanna Hein (Guest)

Nice to meet you, Shawna.

0:11:36.650 --> 0:11:40.280

Alanna Hein (Guest)

The next the person that's in the list is.

0:11:40.430 --> 0:11:44.300

Alanna Hein (Guest)

There a phone number ends in three, two starts in 1/5 and ends in three.

0:11:44.310 --> 0:11:45.850

Alanna Hein (Guest)

Two, can you tell us who you are, please?

0:11:48.460 --> 0:11:49.970

a657d52e-b15e-4050-8f0f-1262ed55b69e

Hi, my name is Lisa Mendoza.

0:11:49.980 --> 0:11:56.100

a657d52e-b15e-4050-8f0f-1262ed55b69e

I'm with Umatilla County and Pendleton, so Eastern Oregon also come in the center of it all.

0:11:57.990 --> 0:12:1.50

a657d52e-b15e-4050-8f0f-1262ed55b69e

I love my Eastern Oregon Oregonian, born and raised.

0:12:1.60 --> 0:12:3.380

a657d52e-b15e-4050-8f0f-1262ed55b69e

So that's the part I enjoy the most.

0:12:3.450 --> 0:12:21.230

a657d52e-b15e-4050-8f0f-1262ed55b69e

And then my perspective is we have a very diverse community like most of you do, but so much in trying to help these people that don't understand where they need to go, how they can get things done, where they get their information corrected and fixed or where kind of things like that to understand and be able to help them more.

0:12:23.240 --> 0:12:23.490

Alanna Hein (Guest)

Right.

0:12:24.530 --> 0:12:25.100

Alanna Hein (Guest)

Thank you.

0:12:25.110 --> 0:12:25.850

Alanna Hein (Guest)

Nice to meet you.

0:12:27.330 --> 0:12:28.990

Alanna Hein (Guest)

Then I have Beverly and.

0:12:30.880 --> 0:12:31.710

Alanna Hein (Guest)

Is next.

0:12:33.880 --> 0:12:36.680

Alanna Hein (Guest)

Beverly, you wanna introduce yourself?

0:12:46.330 --> 0:12:46.720

Beverly

Yes.

0:12:44.590 --> 0:12:46.900

Alanna Hein (Guest)

Maybe Beverly can't hear quite yet.

0:12:46.790 --> 0:12:47.430

Beverly

Can you hear me now?

0:12:47.170 --> 0:12:48.320

Alanna Hein (Guest)

OK. Yes.

0:12:49.270 --> 0:12:51.800

Beverly

Sorry, Beverly LaFollette with Burns Mortuary.

0:12:51.810 --> 0:12:53.500

Beverly

I am also a new Matilla county.

0:12:54.330 --> 0:12:55.540

Beverly

Umm I am.

0:12:55.550 --> 0:12:57.230

Beverly

I guess the one that brought the bill forward.

0:12:57.990 --> 0:13:20.820

Beverly

On this issue with the death certificates and the first certificate to have them more, uh, accessible I guess, but for as far As for Eastern Oregon, I think we all just love the more rule, live more simple life, quieter type of live stream out this way and I appreciate everybody that's here and going to have some input on this.

0:13:23.200 --> 0:13:24.70

Alanna Hein (Guest)

Thank you, Beverly.

0:13:24.80 --> 0:13:25.0

Alanna Hein (Guest)

Nice to meet you.

0:13:25.980 --> 0:13:27.620

Alanna Hein (Guest)

And then.

0:13:28.30 --> 0:13:28.240

Alanna Hein (Guest)

There.

0:13:29.50 --> 0:13:34.510

Alanna Hein (Guest)

Next person who's I think is on the working group is Chad.

0:13:35.940 --> 0:13:37.80

We work closely with vital records, vital statistics in multiple capacities.

0:13:55.810 --> 0:13:58.680

DRESSELHAUS Chad W * OMCB

So very interested in how this conversation is going.

0:13:59.330 --> 0:14:13.980

DRESSELHAUS Chad W * OMCB

I currently reside in Milwaukee, so it's a small enough town to where you kind of feel like, you know everyone, although you don't and it's, you know, kind of centrally located where you can can, yeah, travel elsewhere pretty quickly as well, so.

0:14:14.910 --> 0:14:15.760

DRESSELHAUS Chad W * OMCB

Kind of a jewel.

0:14:15.770 --> 0:14:19.400

DRESSELHAUS Chad W * OMCB

A jewel hidden jewel like probably many of you think you know.

0:14:19.410 --> 0:14:20.400

DRESSELHAUS Chad W * OMCB

Believe where you live so.

0:14:21.410 --> 0:14:21.760

DRESSELHAUS Chad W * OMCB

Thank.

0:14:21.770 --> 0:14:23.760

DRESSELHAUS Chad W * OMCB

Thank you for inviting me to this.

0:14:23.770 --> 0:14:24.370

DRESSELHAUS Chad W * OMCB

I appreciate it.

0:14:25.370 --> 0:14:26.160

Alanna Hein (Guest)

Thanks, Chad.

0:14:26.170 --> 0:14:27.300

Alanna Hein (Guest)

Nice to meet you.

0:14:28.30 --> 0:14:31.140

Alanna Hein (Guest)

Next we have Lucy Ann and then Ginger.

Gibson Lucyann S

Excuse me, I live on the Oregon coast in Newport and have been here most of my life and love it.

0:15:12.400 --> 0:15:13.500

Gibson Lucyann S

Can't get away from the ocean?

0:15:16.600 --> 0:15:17.770

Alanna Hein (Guest)

Thank you, Lucy.

0:15:17.820 --> 0:15:18.660

Alanna Hein (Guest)

Nice to meet you.

0:15:19.370 --> 0:15:22.530

Alanna Hein (Guest)

Umm, we have next ginger.

0:15:24.810 --> 0:15:26.900

Ginger Cerola

Hi, my name's Ginger sorolla.

0:15:27.290 --> 0:15:33.330

Ginger Cerola

I've resigned in Medford OR Jackson County vital records, so I I faced the public.

0:15:34.430 --> 0:15:53.350

Ginger Cerola

Umm, I'm interested to find what this meeting is about because in regards to birth and death records, I think it's a great service to our public to provide for them and as far as wonderful little spots close to the California border.

0:15:53.400 --> 0:15:58.630

Ginger Cerola

So there's a lot of wonderful places to I like to camp, so there's lakes and rivers.

0:15:59.280 --> 0:16:0.300

Ginger Cerola

It's a wonderful paradise.

0:16:1.920 --> 0:16:2.340

Ginger Cerola

Thank you.

0:16:3.310 --> 0:16:4.200

Alanna Hein (Guest)

Thank you, ginger.

0:16:4.210 --> 0:16:5.50

Alanna Hein (Guest)

Nice to meet you.

0:16:6.360 --> 0:16:9.810

Alanna Hein (Guest)

The next person in the working group is joy.

0:16:10.290 --> 0:16:11.990

Alanna Hein (Guest)

Do you wanna introduce yourself, joy?

0:16:12.920 --> 0:16:14.190

Joy L. Goodwin

Hi, I'm joy Goodwin.

0:16:14.200 --> 0:16:17.640

Joy L. Goodwin

I am uh, Douglas County Vital records registrar.

0:16:19.270 --> 0:16:24.80

Joy L. Goodwin

I have only lived in Oregon five years, but I absolutely love it.

0:16:24.450 --> 0:16:25.500

Joy L. Goodwin

The green I'm.

0:16:25.510 --> 0:16:33.40

Joy L. Goodwin

I'm from California, Northern California, and it's a lot more rural here than what I'm used to, but I love it.

0:16:34.790 --> 0:16:35.150

Joy L. Goodwin

And.

0:16:39.110 --> 0:16:39.550

Joy L. Goodwin

That's it.

0:16:40.730 --> 0:16:41.320

Alanna Hein (Guest)

OK.

0:16:41.380 --> 0:16:41.830

Alanna Hein (Guest)

Thank you.

0:16:43.160 --> 0:16:43.660

Alanna Hein (Guest)

0:16:45.580 --> 0:16:50.590

Alanna Hein (Guest)

Then I think the next person in the list that's on the group is Derek.

0:16:52.570 --> 0:16:54.540

Patterson Derrick C

Hi, my name's Derek Patterson.

0:16:54.610 --> 0:17:13.180

Patterson Derrick C

I use he him pronouns and I am the liaison to the counties for the state, Vital Records office and so the perspective that I bring is a state vital records perspective, but with a very strong focus on partners, especially funeral homes and county staff.

0:17:13.310 --> 0:17:29.100

Patterson Derrick C

I started out working for Vital Records as an amendment specialist working with funeral directors to amend death records, and in my current job as the liaison to the counties, I get to visit the county Vital records, offices and funeral homes across the state.

0:17:29.630 --> 0:17:34.700

Patterson Derrick C

So I I bring sort of a an approach of of trying to look at state vital records.

0:17:34.710 --> 0:17:36.650

Patterson Derrick C

But with our partners.

0:17:38.590 --> 0:17:54.490

Patterson Derrick C

And what I like about where I live, I'm literally on the border of Portland and Gresham and and I love that I can be in sort of big city if I want or it's a very short drive to get into rural communities and get back to my rural roots.

0:17:54.500 --> 0:17:58.390

Patterson Derrick C

I grew up in a really small town, so I I like being on the edge of things.

0:18:0.940 --> 0:18:1.620

Alanna Hein (Guest)

Thanks, Derek.

0:18:3.240 --> 0:18:6.550

Alanna Hein (Guest)

Next we have Sarah Reynolds.

0:18:7.140 --> 0:18:8.360

Alanna Hein (Guest)

Do you wanna introduce yourself?

0:18:10.430 --> 0:18:12.180

Sarah Reynolds

Hi, can everybody hear me?

0:18:12.190 --> 0:18:13.590

Sarah Reynolds

I've never done this before.

0:18:13.980 --> 0:18:14.250

Alanna Hein (Guest)

Yes.

0:18:14.20 --> 0:18:14.650

Sarah Reynolds

Thank you.

0:18:15.220 --> 0:18:16.90

Sarah Reynolds

I'm Sarah.

0:18:16.100 --> 0:18:20.190

Sarah Reynolds

I'm the office manager at Macy and Son Funeral Home in McMinnville.

0:18:20.200 --> 0:18:29.750

Sarah Reynolds

I've been here almost 10 years, so my perspective is only with the death certificates and getting those to families etcetera.

0:18:30.200 --> 0:18:31.230

Sarah Reynolds

Here in McMinnville.

0:18:31.240 --> 0:18:32.550

Sarah Reynolds

I love McMinnville.

0:18:32.560 --> 0:18:42.380

Sarah Reynolds

Where you know an hour away from the beach, an hour away from the Portland airport still feels like a small town, though, and I grew up here, so I do like it.

0:18:44.880 --> 0:18:45.610

Alanna Hein (Guest)

Thank you, Sarah.

0:18:45.620 --> 0:18:47.890

Alanna Hein (Guest)

Nice to meet you, Paula.

0:18:49.400 --> 0:18:50.470

Alanna Hein (Guest)

0:18:52.330 --> 0:18:52.640

Soles, Paola

Yes.

0:18:52.650 --> 0:18:53.720

Soles, Paola

Hi sorry I'm powerless.

0:18:53.730 --> 0:18:54.370

0:19:3.40 --> 0:19:13.120

Soles, Paola

It's a large county, so and our office in my home, they're both in Oregon City and I really like it here.

0:19:13.330 --> 0:19:20.720

Soles, Paola

You I live in a rural area and drive 10 minutes and I'm, you know in the city and enjoying both worlds.

0:19:20.730 --> 0:19:21.620

Soles, Paola

It's fantastic.

0:19:21.630 --> 0:19:24.860

Soles, Paola

So sure, commute nice people.

0:19:24.950 --> 0:19:28.850

Soles, Paola

You can see Mount Hood for from a lot of places, so it's kind of cool.

0:19:31.350 --> 0:19:32.180

Alanna Hein (Guest)

Thank you, Paula.

0:19:32.190 --> 0:19:33.150

Alanna Hein (Guest)

Nice to meet you.

0:19:31.850 --> 0:19:34.570

Soles, Paola

And thank you for the invitation.

0:19:36.680 --> 0:19:39.830

Alanna Hein (Guest)

Umm, so next is Virginia.

0:19:43.90 --> 0:19:44.760

Virginia and Kelly

Hi, my name's Richard elopes.

0:19:45.970 --> 0:19:48.160

Virginia and Kelly

I work for the Harney County Health Department.

0:19:48.330 --> 0:19:53.930

Virginia and Kelly

I print out birth and death certificates and I like the small town living.

0:19:56.830 --> 0:19:57.820

Alanna Hein (Guest)

Thank you, Virginia.

0:19:57.830 --> 0:19:58.860

Alanna Hein (Guest)

Nice to meet you.

0:19:59.190 --> 0:20:0.250

Alanna Hein (Guest)

Next is Wally.

0:20:3.570 --> 0:20:10.790

Wally Ordeman (Guest)

Hi everybody, I'm Wally Orderman, funeral director from Albany and the executive director for the Oregon Funeral Directors Association.

0:20:11.830 --> 0:20:16.220

Wally Ordeman (Guest)

Uh served as the association lobbyist for 15 years.

0:20:16.310 --> 0:20:19.190

Wally Ordeman (Guest)

And I live in Albany.

0:20:19.480 --> 0:20:25.980

Wally Ordeman (Guest)

Known as the Hub City, where an hour and a half to Portland an hour and a half to the Cascades and an hour and a half to the coast. And.

0:20:26.800 --> 0:20:28.330

Wally Ordeman (Guest)

I it's a.

0:20:28.340 --> 0:20:33.680

Wally Ordeman (Guest)

It's a great spot to be, so appreciate the invite and looking forward to working with all of you.

0:20:35.870 --> 0:20:36.340

Alanna Hein (Guest)

Thanks.

0:20:36.350 --> 0:20:37.470

Alanna Hein (Guest)

Nice to meet you Ollie.

0:20:38.490 --> 0:20:39.430

Alanna Hein (Guest)

Umm. Jennifer.

0:20:44.980 --> 0:20:46.380

Woodward Jennifer A

Hi, thank you so much.

0:20:46.470 --> 0:20:47.820

Woodward Jennifer A

Lana, I'm Jennifer Woodward.

0:20:53.230 --> 0:20:53.390

Soles, Paola

Sorry.

0:20:47.830 --> 0:21:0.510

Woodward Jennifer A

I am the state registrar manager for the Center for Health Statistics, so my perspective is overseeing the state Vital Records office and I live in North Portland and so I like the.

0:21:0.560 --> 0:21:4.470

Woodward Jennifer A

I like the city, but I also love Oregon in the sense of that.

0:21:4.660 --> 0:21:7.520

Woodward Jennifer A

You've got the coast, you know, an hour and a half away.

0:21:7.530 --> 0:21:12.280

Woodward Jennifer A

You've got this, the snow, an hour and a half away and there's it's green.

0:21:12.290 --> 0:21:15.250

Woodward Jennifer A

So and grand great people and a great city.

0:21:15.550 --> 0:21:16.670

Woodward Jennifer A

So and thank you, Alana.

0:21:20.130 --> 0:21:21.110

Alanna Hein (Guest)

Thank you, Jennifer.

0:21:21.180 --> 0:21:22.510

Alanna Hein (Guest)

Nice to meet you all.

0:21:23.540 --> 0:21:24.180

Alanna Hein (Guest)

Umm.

0:21:24.880 --> 0:21:38.100

Alanna Hein (Guest)

So just a brief review of the rest of our agenda, now that we've met each other, I think all of the correct me if I'm wrong, but I think all of the group members, everybody's been appointed to be group member has introduced themselves, Umm.

0:21:39.120 --> 0:21:48.150

Alanna Hein (Guest)

And so flag me down if I missed anybody who's appointed to be a group member and that would be by raising using the raise hand function.

0:21:49.0 --> 0:21:59.820

Alanna Hein (Guest)

Umm, we are going to in a minute here an orientation to to 2420 and kind of an orientation to the work of this work group.

0:22:0.760 --> 0:22:1.210

Alanna Hein (Guest)

Umm.

0:22:1.480 --> 0:22:8.920

Alanna Hein (Guest)

And then we're going to talk for a couple of minutes about interest based problem solving.

0:22:8.930 --> 0:22:24.650

Alanna Hein (Guest)

The approach that I'd like to invite the group to use to come up with and engage in collaborative problem solving, and then we're going to talk about scheduling our meetings through the rest of the year through 2024.

0:22:26.750 --> 0:22:30.540

Alanna Hein (Guest)

And then we'll do an evaluation of how today's meeting went.

0:22:31.210 --> 0:22:38.820

Alanna Hein (Guest)

My philosophy is, if you're going to have a meeting more than once, it pays to get feedback on how it went so that you can improve it.

0:22:39.430 --> 0:22:43.340

Alanna Hein (Guest)

So that's what that, that last evaluation piece is.

0:22:48.980 --> 0:22:49.90

Soles, Paola

And.

0:22:43.830 --> 0:22:50.810

Alanna Hein (Guest)

Any questions from the group members about the agenda or what we're going to be working on today?

0:22:56.510 --> 0:22:57.480

Alanna Hein (Guest)

OK.

0:22:57.880 --> 0:23:5.40

Alanna Hein (Guest)

And then I'm gonna turn it over to Jennifer to do the orientation to 202420.

0:23:5.50 --> 0:23:12.990

Alanna Hein (Guest)

I think there are some slides that you're going to share and am I uh, do you want to share screen?

0:23:13.0 --> 0:23:15.420

Alanna Hein (Guest)

I don't know how you wanna do that. Perfect.

0:23:24.60 --> 0:23:24.330

Woodward Jennifer A

Right.

0:23:24.340 --> 0:23:25.630

Woodward Jennifer A

Well, thank you, Alana.

0:23:25.940 --> 0:23:39.730

Woodward Jennifer A

UM, I'm going to take about 5 uh, about 10 minutes to just do a quick overview of House Bill 2420 and before I dive into the actual bill itself, I'm going to provide a little bit of context of the state.

0:23:39.740 --> 0:23:41.970

Woodward Jennifer A

You know the state of Oregon's Vital records system.

0:23:41.980 --> 0:23:47.430

Woodward Jennifer A

This is a collective community related to vital records, OK?

0:23:50.580 --> 0:23:57.510

Woodward Jennifer A

And just again, you know the the states whole vital records and vital statistics system is actually is established in law.

0:23:57.720 --> 0:24:17.150

Woodward Jennifer A

It's ORS 432 and it requires every vital event that occurs in Oregon to be recorded and retained permanently, and all of you have understanding, and I recently did this presentation, so I had to explain what a vital event is, the vital event, our births, deaths, marriages, divorces and fetal deaths.

0:24:17.460 --> 0:24:23.840

Woodward Jennifer A

And I think it's interesting to note too, that the collective vital records system in Oregon is 120 years old.

0:24:24.460 --> 0:24:32.790

Woodward Jennifer A

We have birth records and death records since 1903, we've been registering in the state as a whole marriage records since 1906.

0:24:32.800 --> 0:24:42.950

Woodward Jennifer A

Fetal death records since 1919, divorce records since 201925 and Oregon registered domestic partners since 2008.

0:24:46.960 --> 0:24:52.30

Woodward Jennifer A

So one of the things we want to think about is what our collective work is.

0:24:52.40 --> 0:24:53.510

Woodward Jennifer A

Why is our collective work important?

0:24:53.520 --> 0:24:56.390

Woodward Jennifer A

What is the, you know, the collective community of vital Records?

0:24:56.400 --> 0:24:57.270

Woodward Jennifer A

Why is it important?

0:24:58.270 --> 0:25:11.480

Woodward Jennifer A

Well, first of all, it's important because vital records are legal records of the event, and Oregonians need certified copies of these records to really to complete their essential life tasks.

0:25:11.490 --> 0:25:27.820

Woodward Jennifer A

So you need a birth certificate to establish your identity to get a job, to get a driver's license, to get benefits, to get your kids in school, or to get a passport on the other end of the life spectrum, you need a death certificate to settle the affairs of a loved one.

0:25:27.830 --> 0:25:28.360

Woodward Jennifer A

Who has died?

0:25:28.790 --> 0:25:31.570

Woodward Jennifer A

So really, the importance of these legal records?

0:25:32.80 --> 0:25:33.790

Soles, Paola

Those that there's also.

0:25:34.190 --> 0:25:44.980

Woodward Jennifer A

A component of the other aspect of the vital records and vital statistics system in the state of Oregon is that the information from the vital records is really foundational in the state.

0:25:45.30 --> 0:25:57.250

Woodward Jennifer A

To understand the health of a population, we use vital statistics data throughout the state to examine health disparities by race, ethnicity, age, marital status, gender and education.

0:25:59.510 --> 0:26:8.720

Woodward Jennifer A

So part of being a modern, vital records and vital statistics system is we collect and report vital statistics information in real time.

0:26:8.940 --> 0:26:13.750

Woodward Jennifer A

So we can quickly assess the health and well being of our population to address health inequities.

0:26:14.10 --> 0:26:22.630

Woodward Jennifer A

So it's really it's the statistic piece as well as I've just shared and also the the legal, the vital statistics legal record when it's so important.

0:26:23.440 --> 0:26:43.330

Woodward Jennifer A

What's also really important is the vital records system depends on and is utilized by our partners throughout the state, including all of you who are on this work group, Vital Records, offices, funeral directors are county clerks or circuit courts, medical examiners, birth information specialists and midwives.

0:26:46.910 --> 0:27:2.340

Woodward Jennifer A

Continuing on a little bit more of the overview of the vital records and vital statistics system is that state and county vital records offices rely on their fees to be operational and state and county vital records offices keep those fees and certificates for that they sell.

0:27:2.670 --> 0:27:7.730

Woodward Jennifer A

So the differences in the timing and this is where I'm getting into a little bit of the context of House Bill 2420.

0:27:8.690 --> 0:27:17.240

Woodward Jennifer A

So with for the first six months of the event, birth and death certificates can be purchased from the county where the birth or the death occurred.

0:27:17.580 --> 0:27:27.290

Woodward Jennifer A

So it's within this is current process and current law and the county receives the, you know, the standard fee of \$25 for per certificate.

0:27:27.740 --> 0:27:37.610

Woodward Jennifer A

So if the event occurs after six months, birth and death certificates must be purchased from the state Vital Records office and the state Vital Records Office receives that fee.

0:27:39.930 --> 0:27:44.640

Woodward Jennifer A

So now kind of turning a bit to what what House Bill 2420 was doing.

0:27:44.650 --> 0:27:51.380

Woodward Jennifer A

So House Bill 2420 was introduced and it was the idea was let's increase the accessibility to vital records.

0:27:51.390 --> 0:28:10.140

Woodward Jennifer A

So houseboat to 2420 proposed removing the time and place restrictions that were on the counties issuing birth and death certificate, so the original introduced bill that any county Vital records office would be able to issue any certificate, regardless of where it occurred and when it occurred.

0:28:11.420 --> 0:28:21.110

Woodward Jennifer A

And there was concerned that if that there would be too much revenue from the certificate shifted shifted to the counties that the state vital records system would not be operational.

0:28:21.470 --> 0:28:28.540

Woodward Jennifer A

So we were able to get the bill was amended and was amended to convene this work group and that's what we're doing now.

0:28:28.550 --> 0:28:56.330

Woodward Jennifer A

We're convening this work group, so the enrolled bill first states that the Oregon Health Authority Health Authority shall designate a work group comprised of representatives of the county Vital Records, offices, funeral directors, others partners, community members to propose options for equitable access to birth and death certificates throughout the state and equitable revenue to maintain and improve the state, county vital records system.

0:28:56.860 --> 0:29:8.200

Woodward Jennifer A

So our task is to do that and our task is also to report A to to report to an interim committee of the Legislative Assembly related to vital records.

0:29:8.430 --> 0:29:15.200

Woodward Jennifer A

The options proposed by the work group and the report is due no later than January 1st of 2025.

0:29:16.440 --> 0:29:24.200

Woodward Jennifer A

So that's all I have on the overview of House Bill 2420 and I'd like to thank you for the time on the agenda to be able to share this.

0:29:26.780 --> 0:29:27.520

Alanna Hein (Guest)

Thank you, Jennifer.

0:29:29.690 --> 0:29:43.760

Alanna Hein (Guest)

Any questions from work group members about the presentation about what we're here to do or about what vital records are any of the concepts or the vocabulary that was just introduced?

0:29:43.770 --> 0:29:45.420

Alanna Hein (Guest)

Anybody have questions?

0:29:46.170 --> 0:29:49.380

Alanna Hein (Guest)

Can use the raise hand function and I will call on you.

0:30:3.530 --> 0:30:8.90

Alanna Hein (Guest)

OK, I'm not seeing any raised hands or questions.

0:30:10.590 --> 0:30:13.450

Alanna Hein (Guest)

So the next piece of.

0:30:16.540 --> 0:30:17.910

Alanna Hein (Guest)

Of conversation.

0:30:17.920 --> 0:30:31.490

Alanna Hein (Guest)

Information that I'd like to present is the process that I would suggest that we use to come up with ideas about how to address the issues that were raised in the bill.

0:30:31.920 --> 0:30:37.570

Alanna Hein (Guest)

So the process that I wanna suggest is called interest based problem solving.

0:30:37.720 --> 0:30:39.450

Alanna Hein (Guest)

The name is not important.

0:30:39.540 --> 0:30:56.340

Alanna Hein (Guest)

What is important is the goal of trying to understand and uncover peoples interests rather than talking about taking positions or people trying to persuade other people to to their position.

0:30:56.650 --> 0:31:1.670

Alanna Hein (Guest)

So I'll give you a a kind of a classic example so.

0:31:3.790 --> 0:31:5.720

Alanna Hein (Guest)

There, there are two people.

0:31:5.850 --> 0:31:9.860

Alanna Hein (Guest)

Let's call them Bobby and Mike and Bobby and Mike.

0:31:9.870 --> 0:31:16.910

Alanna Hein (Guest)

All of a sudden find themselves in a position where they need to share an office and the office has a window.

0:31:17.740 --> 0:31:27.80

Alanna Hein (Guest)

It was occupied by other people before, but now it's Bobby and Mike's office, and Bobby says when they move in, I need the window open.

0:31:27.90 --> 0:31:27.540

Alanna Hein (Guest)

Open.

0:31:28.270 --> 0:31:34.920

Alanna Hein (Guest)

That's a position the window has to be open and and and Mike says I need the window closed.

0:31:35.40 --> 0:31:36.980

Alanna Hein (Guest)

That's a position window has to be closed.

0:31:38.350 --> 0:31:40.760

Alanna Hein (Guest)

There are reasons for those positions, right?

0:31:40.770 --> 0:31:50.950

Alanna Hein (Guest)

People took those positions for reason, and so the uncovering interests the question is, what would it mean to you to have the window open?

0:31:50.960 --> 0:31:53.310

Alanna Hein (Guest)

What would it mean to you to have the window closed?

0:31:53.700 --> 0:31:54.240

Alanna Hein (Guest)

So.

0:31:55.400 --> 0:31:56.650

Alanna Hein (Guest)

So I'm gonna ask Bobby.

0:31:56.660 --> 0:32:0.810

Alanna Hein (Guest)

Bobby, why is it important to you to have the window opened?

0:32:1.0 --> 0:32:6.820

Alanna Hein (Guest)

And Bobby says, well, I get hot flashes and I really need air flow, and I need to be able to cool things down.

0:32:7.690 --> 0:32:15.720

Alanna Hein (Guest)

Umm and plus, whoever was in here before had some bad Cologne or perfume and I really it bothers me how it smells.

0:32:16.50 --> 0:32:19.900

Alanna Hein (Guest)

The window has to be open OK, but now we understand.

0:32:19.910 --> 0:32:26.140

Alanna Hein (Guest)

The reason is to control the temperature and to control the odor.

0:32:26.630 --> 0:32:41.90

Alanna Hein (Guest)

Now we ask MM why are you saying the window has to be closed and Mike says, well I have allergies and if the windows open I'm gonna be scratching my eyes and itching and coughing and sneezing and I'll be miserable.

0:32:42.80 --> 0:32:54.400

Alanna Hein (Guest)

So if we if we take the positions has to be open has to be closed and we go underneath that and we ask for what's the reason, the meaning, what's important to you about having the?

0:32:55.730 --> 0:32:58.280

Alanna Hein (Guest)

Situation resolved in this way.

0:32:58.400 --> 0:33:0.360

Alanna Hein (Guest)

Now we get something more clear.

0:33:0.370 --> 0:33:6.300

Alanna Hein (Guest)

We get temperature control and we get allergy control.

0:33:6.510 --> 0:33:9.320

Alanna Hein (Guest)

So can you think of this as a genuine question?

0:33:9.350 --> 0:33:22.200

Alanna Hein (Guest)

Joe, is there a way to address temperature control and allergy control and meet the needs of both of the parties without just having to argue positions has to be open has to be closed.

0:33:22.470 --> 0:33:27.890

Alanna Hein (Guest)

Anybody think of a way that these two people would this in the sharing this new office might be able to resolve?

0:33:31.530 --> 0:33:34.480

Alanna Hein (Guest)

The situation, ginger, what do you think?

0:33:35.510 --> 0:33:40.640

Ginger Cerola

Well, I suppose the individual who is gets hot frequently.

0:33:40.650 --> 0:33:47.130

Ginger Cerola

Perhaps a fan could be provided for that individual for the person that has allergies.

0:33:47.760 --> 0:33:55.230

Ginger Cerola

I mean, we're talking medical stuff here, but hopefully they're taking their allergy medicine, if that helps prevent.

0:33:57.640 --> 0:33:58.420

Ginger Cerola

That would be my guess.

0:33:59.480 --> 0:34:0.210

Alanna Hein (Guest)

Sure.

0:34:0.620 --> 0:34:0.910

Ginger Cerola

Umm.

0:34:0.320 --> 0:34:2.620

Alanna Hein (Guest)

Because a fan go ahead.

0:34:2.630 --> 0:34:3.680

Alanna Hein (Guest)

Uh, Lucy, go ahead.

0:34:6.530 --> 0:34:13.280

Gibson Lucyann S

I would suggest I like the fan idea, but part of the problem, the other his problem.

0:34:13.490 --> 0:34:18.420

Gibson Lucyann S

Or, uh, with the air flow and temperature.

0:34:19.270 --> 0:34:22.310

Gibson Lucyann S

He also commented on odor.

0:34:23.120 --> 0:34:23.720

Gibson Lucyann S

Uh.

0:34:23.760 --> 0:34:24.990

Gibson Lucyann S

Lingering odor.

0:34:25.480 --> 0:34:31.530

Gibson Lucyann S

So I would suggest that the two of them together request for management or whomever they need to facilities.

0:34:31.540 --> 0:34:38.790

Gibson Lucyann S

Whatever request that a thorough cleaning be done on the carpet, you know, wipe down the walls, whatever.

0:34:39.340 --> 0:34:45.530

Gibson Lucyann S

Then the fan can come into play to support that air flow.

0:34:46.480 --> 0:34:51.680

Gibson Lucyann S

Umm, I gotta respect keeping the window closed for the allergies.

0:34:52.110 --> 0:34:54.370

Gibson Lucyann S

As somebody who suffers occasionally.

0:34:55.40 --> 0:35:0.570

Gibson Lucyann S

Umm, that's gonna be the only thing that's going to keep those allergies at Bay.

0:35:0.640 --> 0:35:2.110

Gibson Lucyann S

Along with taking their medicine.

0:35:2.120 --> 0:35:4.100

Gibson Lucyann S

But that's my thought.

0:35:4.720 --> 0:35:4.980

Alanna Hein (Guest)

Yeah.

0:35:6.110 --> 0:35:6.620

Alanna Hein (Guest)

Thanks Lucy.

0:35:7.690 --> 0:35:11.350

Alanna Hein (Guest)

Other thoughts about how to meet the interests of both of these people?

0:35:17.410 --> 0:35:18.80

Alanna Hein (Guest)

Yeah.

0:35:18.150 --> 0:35:20.680

Alanna Hein (Guest)

So those are both great suggestions.

0:35:20.990 --> 0:35:24.840

Alanna Hein (Guest)

You know, get the space cleaned and bring in a fan.

0:35:25.750 --> 0:35:36.300

Alanna Hein (Guest)

So the idea or the kind of approach I want to invite in our conversations in this work group are to identify the interest.

0:35:36.310 --> 0:35:42.320

Alanna Hein (Guest)

What is it that that you're trying to accomplish rather than getting entrenched in positions, it has to be this way.

0:35:42.330 --> 0:35:43.400

Alanna Hein (Guest)

It has to be that way.

0:35:43.470 --> 0:35:54.630

Alanna Hein (Guest)

So I want to introduce this concept of uncovering interests, and I'll be asking as we're going through the discussions about the various aspects of this of this topic.

0:35:54.720 --> 0:35:57.790

Alanna Hein (Guest)

You know what is the interest that's being served?

0:35:57.800 --> 0:35:59.60

Alanna Hein (Guest)

What is the need here?

0:35:59.70 --> 0:36:5.60

Alanna Hein (Guest)

What does it mean to you to have the decision go this way or a different way, right.

0:36:5.160 --> 0:36:19.280

Alanna Hein (Guest)

So that's a way I think to both enrich and deepen the conversation, but also come up with alternative approaches that could be collaborative approaches rather than I'm just taking positions.

0:36:19.290 --> 0:36:35.330

Alanna Hein (Guest)

Any questions so far about the interest based problem solving approach you know, again, you have to remember the name, but the approach for this work group to be trying to learn what are people trying to accomplish with whatever solutions they propose.

0:36:36.770 --> 0:36:38.190

Alanna Hein (Guest)

Questions or comments about that?

0:36:48.970 --> 0:36:49.650

Alanna Hein (Guest)

OK.

0:36:53.30 --> 0:36:59.220

Alanna Hein (Guest)

So the the last topic, we're moving through our agenda pretty quickly today.

0:36:59.350 --> 0:37:25.560

Alanna Hein (Guest)

The last topic today is to figure out a regular cadence of meetings and what suggested in the agenda is the is the 12th uh December 12th at 4/12/12 at four and I know that there's a time change that we're in.

0:37:25.630 --> 0:37:38.620

Alanna Hein (Guest)

We're in two different time zones here, so I don't know if a if a 4:00 o'clock meeting is acceptable, or if if you'd wanna move it back an hour so it's still inside your regular work day.

0:37:39.290 --> 0:38:5.340

Alanna Hein (Guest)

But what I wanted to suggest and see if we could get agreement about was having the second Tuesday at either three or four o'clock Pacific Time to see if we could come to agreement about having that as a standing meeting time for 2024, at least till at least till next October or November.

0:38:7.40 --> 0:38:11.160

Alanna Hein (Guest)

So give people a chance to glance at their calendars.

0:38:16.30 --> 0:38:26.980

Alanna Hein (Guest)

Tom and I particularly would welcome hearing from the folks in Ontario if if a three or four o'clock start a Pacific Time, which is four or five o'clock.

0:38:30.120 --> 0:38:32.480

Alanna Hein (Guest)

If you have, if you wanna weigh in on that.

0:38:34.850 --> 0:38:36.600

ee0aa41e-5123-4082-acf7-6bedbe712463

This is Shawna Peterson.

0:38:36.610 --> 0:38:42.280

ee0aa41e-5123-4082-acf7-6bedbe712463

I think I'm the only one on the friends here and on mountain time and I couldn't raise my hand.

0:38:42.290 --> 0:38:48.720

ee0aa41e-5123-4082-acf7-6bedbe712463

Sorry, I was only able to be on the phone tonight and that because I have to juggle a few things for 5:00 o'clock.

0:38:48.730 --> 0:38:59.600

ee0aa41e-5123-4082-acf7-6bedbe712463

So if the if there's a need, I can make 5 to 6 my time work, but it would be better for me four to five or three o'clock the earlier time Pacific if at all possible.

0:39:0.910 --> 0:39:1.360

Alanna Hein (Guest)

OK.

0:39:1.990 --> 0:39:3.80

Alanna Hein (Guest)

Thank you for that.

0:39:3.210 --> 0:39:14.610

Alanna Hein (Guest)

So then let's refine the question to be could people make the second Tuesday at 3:00 o'clock Pacific Time work for 2024?

0:39:16.110 --> 0:39:19.840

Alanna Hein (Guest)

While I am seeing you nodding, that's very helpful.

0:39:19.850 --> 0:39:21.40

Alanna Hein (Guest)

I appreciate the feedback.

0:39:21.50 --> 0:39:22.90

Alanna Hein (Guest)

Chat I see your hand.

0:39:23.250 --> 0:39:23.570

DRESSELHAUS Chad W * OMCB

Yeah.

0:39:23.50 --> 0:39:25.150

Soles, Paola

I have asked pending meeting, sorry.

0:39:26.520 --> 0:39:27.920

DRESSELHAUS Chad W * OMCB

Ohh, thank you.

0:39:28.540 --> 0:39:32.490

DRESSELHAUS Chad W * OMCB

Our our board meetings are typically the second Tuesday of the month.

0:39:32.500 --> 0:39:46.10

DRESSELHAUS Chad W * OMCB

So court, we typically have quarterly meetings, so April and July well, I'm just in January, we have a later meeting because it's gonna be a two day which is typically is unusual for us.

0:39:46.300 --> 0:39:51.700

DRESSELHAUS Chad W * OMCB

But April, July and October, I believe those are all second Tuesday of the month.

0:39:52.780 --> 0:39:53.50

Alanna Hein (Guest)

OK.

0:39:51.750 --> 0:39:59.730

DRESSELHAUS Chad W * OMCB

So I mean, just because that's my schedule doesn't mean it should necessarily put things to a grinding halt either though.

0:39:59.770 --> 0:40:1.20

DRESSELHAUS Chad W * OMCB

So just wanted to bring that up.

0:40:1.680 --> 0:40:1.970

Alanna Hein (Guest)

OK.

0:40:3.200 --> 0:40:4.470

Alanna Hein (Guest)

Paula, I see your hand.

0:40:5.170 --> 0:40:9.260

Soles, Paola

Yeah, I have every Tuesday meetings from three to four.

0:40:9.270 --> 0:40:16.180

Soles, Paola

But if it's once a month, I I think I can just miss one of the meetings, you know.

0:40:17.360 --> 0:40:17.670

Alanna Hein (Guest)

OK.

0:40:17.970 --> 0:40:20.230

Soles, Paola

One of my standing meetings, not this one.

0:40:20.990 --> 0:40:21.280

Alanna Hein (Guest)

OK.

0:40:22.920 --> 0:40:26.140

Alanna Hein (Guest)

Umm, so there's a couple of conflicts.

0:40:26.150 --> 0:40:29.450

Alanna Hein (Guest)

So then my my fall back position is the third Tuesday.

0:40:29.460 --> 0:40:30.710

Alanna Hein (Guest)

Would it make it Chad?

0:40:30.720 --> 0:40:33.690

Alanna Hein (Guest)

Does it make it easier for you, or is it every Tuesday?

0:40:33.700 --> 0:40:34.30

Alanna Hein (Guest)

I'm.

0:40:34.70 --> 0:40:34.870

Alanna Hein (Guest)

I'm I'm not sure.

0:40:35.820 --> 0:40:36.630

DRESSELHAUS Chad W * OMCB

That would work for me.

0:40:36.640 --> 0:40:36.910

DRESSELHAUS Chad W * OMCB

Yeah.

0:40:37.400 --> 0:40:39.350

Alanna Hein (Guest)

Hey, OK.

0:40:41.170 --> 0:40:41.390

Alanna Hein (Guest)

OK.

0:40:36.920 --> 0:40:41.670

DRESSELHAUS Chad W * OMCB

We only have one board meeting during that particular month, so quarterly.

0:40:41.680 --> 0:40:44.240

DRESSELHAUS Chad W * OMCB

So yeah, the the third Tuesday should not be a problem.

0:40:45.0 --> 0:40:47.290

Alanna Hein (Guest)

3rd Tuesday could work for you.

0:40:47.560 --> 0:40:54.140

Alanna Hein (Guest)

Paula, it sounds like you could miss one of your standing meetings a month if it was the 3rd Tuesday, would that be a problem?

0:40:55.370 --> 0:40:56.300

Soles, Paola

No, there will be.

0:40:56.310 --> 0:40:56.800

Soles, Paola

OK.

0:40:57.230 --> 0:40:57.650

Soles, Paola

Thank you.

0:40:57.310 --> 0:40:57.730

Alanna Hein (Guest)

OK.

0:40:59.60 --> 0:41:4.340

Alanna Hein (Guest)

Other people third Tuesday at 3:00 o'clock for our ongoing meetings.

0:41:6.220 --> 0:41:7.370

Alanna Hein (Guest)

Thumbs up from Wally.

0:41:7.380 --> 0:41:8.290

Alanna Hein (Guest)

Thank you.

0:41:8.640 --> 0:41:9.600

Alanna Hein (Guest)

If you want to.

0:41:12.550 --> 0:41:14.240

Alanna Hein (Guest)

Register a reaction.

0:41:14.250 --> 0:41:15.180

Alanna Hein (Guest)

There's a reaction.

0:41:15.190 --> 0:41:16.950

Alanna Hein (Guest)

Button, it looks like a :).

0:41:17.60 --> 0:41:20.310

Alanna Hein (Guest)

You can also see luci's thumbs up.

0:41:21.210 --> 0:41:24.890

Alanna Hein (Guest)

Umm anybody else have reactions?

0:41:31.240 --> 0:41:31.650

Alanna Hein (Guest)

Jennifer.

0:41:33.410 --> 0:41:41.160

Woodward Jennifer A

Uh, 30s today works for me, except for uh, the 12th on December 12th.

0:41:43.990 --> 0:41:44.200

Alanna Hein (Guest)

This.

0:41:46.140 --> 0:41:46.350

Alanna Hein (Guest)

Just.

0:41:42.150 --> 0:41:48.610

Woodward Jennifer A

So because I will be out of town, but the rest of the year for 2024, it works.

0:41:50.550 --> 0:41:52.620

Alanna Hein (Guest)

OK, the 12th is the 2nd Tuesday.

0:41:53.250 --> 0:41:53.490

Woodward Jennifer A

Yeah.

0:41:54.740 --> 0:41:54.940

Soles, Paola

So.

0:41:54.230 --> 0:41:55.910

Alanna Hein (Guest)

Is that one OK for you or no?

0:41:56.530 --> 0:42:3.370

Woodward Jennifer A

For me, yes, the 12th of December is works for me and then the for the for 2024, the third Tuesday is fine.

0:42:4.100 --> 0:42:4.850

Alanna Hein (Guest)

OK.

0:42:4.920 --> 0:42:7.450

Alanna Hein (Guest)

So thank you for making that distinction.

0:42:7.460 --> 0:42:8.530

Alanna Hein (Guest)

That's very helpful.

0:42:8.780 --> 0:42:10.400

Alanna Hein (Guest)

So Ken folks?

0:42:10.670 --> 0:42:11.340

Alanna Hein (Guest)

Umm.

0:42:12.30 --> 0:42:16.610

Alanna Hein (Guest)

Meet on the 12th and I think we're going for 3:00.

0:42:16.620 --> 0:42:21.750

Alanna Hein (Guest)

O'clock to to deal with the time issue so can.

0:42:21.760 --> 0:42:25.670

Alanna Hein (Guest)

So OK, let me make this so going forward.

0:42:25.740 --> 0:42:33.440

Alanna Hein (Guest)

For 2024, we're gonna be looking at the third Tuesday at 3:00 O'clock Pacific, right.

0:42:34.250 --> 0:42:35.930

Alanna Hein (Guest)

And so I'm.

0:42:35.970 --> 0:42:40.430

Alanna Hein (Guest)

I'm I wanna give a pause and make sure that that's that's OK.

0:42:41.590 --> 0:42:45.470

Alanna Hein (Guest)

2024 third Tuesday 3:00 o'clock Pacific.

0:42:46.480 --> 0:42:46.950

Alanna Hein (Guest)

OK.

0:42:47.80 --> 0:42:48.190

Alanna Hein (Guest)

Thank you for nodding, Chad.

0:42:48.200 --> 0:42:51.580

Alanna Hein (Guest)

I appreciate it and thank you for the thumbs up, Lucy.

0:42:51.590 --> 0:42:58.760

Alanna Hein (Guest)

So then the next question is just because December is December, it's complicated, right?

0:42:58.770 --> 0:42:59.820

Alanna Hein (Guest)

Month for people.

0:42:59.910 --> 0:43:11.490

Alanna Hein (Guest)

Can we meet for our next meeting on the 12th of December, which is the 2nd Tuesday, but it'll be our only second Tuesday meeting at three.

0:43:13.170 --> 0:43:14.230

Alanna Hein (Guest)

Thank you for the thumbs up.

0:43:16.870 --> 0:43:17.560

Alanna Hein (Guest)

Anybody.

0:43:17.570 --> 0:43:17.960

Alanna Hein (Guest)

OK.

0:43:17.970 --> 0:43:19.0

Alanna Hein (Guest)

Thank you, Lucy.

0:43:19.10 --> 0:43:22.280

Alanna Hein (Guest)

Anybody else I see a hand.

0:43:22.370 --> 0:43:23.470

Alanna Hein (Guest)

Wait, who's hand is that?

0:43:25.620 --> 0:43:26.560

Alanna Hein (Guest)

Were at the hand go.

0:43:28.60 --> 0:43:30.570

Alanna Hein (Guest)

Can you unmute and tell me who you are at?

0:43:30.580 --> 0:43:31.400

Alanna Hein (Guest)

I missed your hand.

0:43:34.910 --> 0:43:35.790

Alanna Hein (Guest)

Is there another hand?

0:43:35.650 --> 0:43:36.480

a657d52e-b15e-4050-8f0f-1262ed55b69e

This is Lisa.

0:43:36.490 --> 0:43:38.820

a657d52e-b15e-4050-8f0f-1262ed55b69e

I'm good with any of the dates that work for everybody.

0:43:39.670 --> 0:43:39.990

Alanna Hein (Guest)

OK.

0:43:41.30 --> 0:43:41.750

Alanna Hein (Guest)

Thank you, Lisa.

0:43:43.250 --> 0:43:48.460

Alanna Hein (Guest)

Umm, OK, so we have a plan going forward.

0:43:49.340 --> 0:44:1.200

Alanna Hein (Guest)

We're gonna meet just in December on the 12th, which is the 2nd Tuesday at three and then going forward through the year, we're gonna meet the third Tuesday at three.

0:44:2.240 --> 0:44:2.790

Alanna Hein (Guest)

Umm.

0:44:2.860 --> 0:44:7.550

Alanna Hein (Guest)

And what you can expect is you can expect to get the agenda a week ahead of time.

0:44:7.680 --> 0:44:15.850

Alanna Hein (Guest)

You'll get the notes a couple of weeks after the meeting, and we can also attach them to the agenda so that you can look at and review.

0:44:18.320 --> 0:44:23.710

Alanna Hein (Guest)

A little bit of a foreshadowing for our next meeting on December 12th.

0:44:25.740 --> 0:44:28.750

Alanna Hein (Guest)

Which is that we're going to be asking you.

0:44:28.760 --> 0:44:30.500

Alanna Hein (Guest)

And again, you'll get an agenda in advance.

0:44:30.510 --> 0:44:31.690

Alanna Hein (Guest)

You'll see all these questions.

0:44:31.700 --> 0:44:45.910

Alanna Hein (Guest)

You'll have an opportunity to to think about them in advance, but to think about the questions that you might have going through this process, if there are folks that it would make sense to invite to make presentations to the work group.

0:44:46.440 --> 0:44:56.610

Alanna Hein (Guest)

So the meeting on the 12th is really going to be a brainstorming meeting, you know, feel free to have an extra cup of coffee after lunch to get your brain going.

0:44:56.620 --> 0:45:4.790

Alanna Hein (Guest)

And in gear one for our brainstorming kind of question idea generating session at 3:00 o'clock on the 12th.

0:45:5.780 --> 0:45:21.90

Alanna Hein (Guest)

Umm, so that's what you can expect from our next meeting and then we will use that meeting on on the 12th of December to help us set an agenda and a plan for the meetings, the monthly meetings throughout the year.

0:45:21.220 --> 0:45:24.470

Alanna Hein (Guest)

So we are likely to to generate a bunch of topics.

0:45:24.480 --> 0:45:31.890

Alanna Hein (Guest)

We will address each topic month by month as we go through and use this interest based problem solving.

0:45:31.900 --> 0:45:41.460

Alanna Hein (Guest)

This idea of uncovering what are the interests or the needs behind the request that people have as a way to help us collaborate and identify some potential approaches.

0:45:43.210 --> 0:45:45.190

Alanna Hein (Guest)

Questions about any of that.

0:45:48.440 --> 0:45:50.100

Virginia and Kelly

Will you be seen not like a media request?

0:45:52.460 --> 0:45:54.510

Alanna Hein (Guest)

I'm sorry, a media request.

0:45:55.290 --> 0:45:58.420

Virginia and Kelly

Meeting request like so, we can put it on the calendars, yes.

0:45:56.720 --> 0:46:4.420

Alanna Hein (Guest)

Meeting their test, absolutely we will send out a meeting hold so that you can have it on your calendar for the year.

0:46:5.790 --> 0:46:8.410

Alanna Hein (Guest)

Umm, that's a great suggestion, Virginia.

0:46:8.420 --> 0:46:10.500

Alanna Hein (Guest)

Thank you. Yeah.

0:46:12.880 --> 0:46:18.550

Alanna Hein (Guest)

And we will always be needing virtually, this is 100% virtual work group.

0:46:18.980 --> 0:46:29.690

Alanna Hein (Guest)

So we'll always be meeting in this format in this teams format the next time that we meet, we will probably be using a virtual whiteboard to capture ideas.

0:46:30.90 --> 0:46:32.240

Alanna Hein (Guest)

Umm, but we didn't.

0:46:32.590 --> 0:46:36.490

Alanna Hein (Guest)

We didn't need to use that for today, OK?

0:46:38.920 --> 0:46:40.390

Alanna Hein (Guest)

Other questions?

0:46:42.990 --> 0:46:45.970

Alanna Hein (Guest)

And I think you all got a copy of the PowerPoint.

0:46:46.420 --> 0:46:48.490

Alanna Hein (Guest)

People got a copy of the PowerPoint already.

0:46:48.500 --> 0:46:54.830

Alanna Hein (Guest)

It was included in the invite, so feel free to to share any questions that you have from that.

0:46:54.840 --> 0:47:2.750

Alanna Hein (Guest)

If there's any vocabulary or any concepts that you want to know more about, that would be something great to bring up next time.

0:47:2.960 --> 0:47:4.20

Alanna Hein (Guest)

Lucy, I see your hand.

0:47:5.540 --> 0:47:25.20

Gibson Lucyann S

I just have a quick question and this will help me to generate you know the the creative juices is Oregon A, does it participate in the nationwide Vital Check network for people out of state that are requesting organ records or are we a closed system?

0:47:25.80 --> 0:47:25.280

Gibson Lucyann S

Awesome.

0:47:30.430 --> 0:47:30.660

Alanna Hein (Guest)

Who?

0:47:30.140 --> 0:47:32.880

Gibson Lucyann S

I think that's a question for Jennifer, maybe, yeah.

0:47:32.370 --> 0:47:33.80

Woodward Jennifer A

Yeah.

0:47:33.170 --> 0:47:33.560

Woodward Jennifer A

Yeah.

0:47:33.570 --> 0:47:38.700

Woodward Jennifer A

So customers can order from the state Vital Records office using vital check.

0:47:38.710 --> 0:47:44.560

Woodward Jennifer A

It's a for phone and Internet orders so that that is the that is the option.

0:47:44.730 --> 0:47:45.570

Woodward Jennifer A

Yes, at the state.

0:47:47.500 --> 0:47:50.590

Alanna Hein (Guest)

So would you be willing to explain what vital check is?

0:47:51.70 --> 0:48:12.300

Woodward Jennifer A

So vital check is a vendor so vital check is the vendor that has a call center and also processes of auto records order so they are contracted with the state of Oregon to take the telephone orders and also the Internet orders and they do help do all the processing of the credit cards.

0:48:13.250 --> 0:48:25.970

Woodward Jennifer A

The other component of vital check is they also happen to be our vendor that is responsible for what's the state vital records system and application known as overs the organ vital events registration system.

0:48:26.300 --> 0:48:34.120

Woodward Jennifer A

So it's a complete system for the entire vital records system and vital check is our vendor for there as well.

0:48:36.600 --> 0:48:37.80

Alanna Hein (Guest)

Thank you.

0:48:36.740 --> 0:48:37.450

Gibson Lucyann S

Real quick.

0:48:37.460 --> 0:48:37.770

Gibson Lucyann S

I'll.

0:48:37.780 --> 0:48:53.410

Gibson Lucyann S

I'll I'll explain because of my perspective and my job and what's required of me, I am the one that orders all of the birth certificates, death certificates, any vital records from anywhere.

0:48:53.570 --> 0:48:58.500

Gibson Lucyann S

And I do have to say that I love overs.

0:48:58.800 --> 0:49:2.990

Gibson Lucyann S

I wish that vital check worked.

0:49:3.0 --> 0:49:24.590

Gibson Lucyann S

Kind of like overs because if I have missing information I can't order an out of state vital record if I don't have a court order, I can't order a record from out of state unless I have all of the information and almost always a court order showing custody of the child.

0:49:27.230 --> 0:49:33.830

Gibson Lucyann S

I just wish that I could access other states vital records as easily as I could.

0:49:34.400 --> 0:49:37.200

Gibson Lucyann S

OHP in through overs for Oregon, that's all.

0:49:39.470 --> 0:49:40.120

Alanna Hein (Guest)

Thank you, Lucy.

0:49:43.640 --> 0:49:44.770

Alanna Hein (Guest)

Other questions?

0:49:53.140 --> 0:49:53.460

Alanna Hein (Guest)

OK.

0:49:55.150 --> 0:50:13.540

Alanna Hein (Guest)

So the the last piece of the work today is just what I call A+ Delta, which is an evaluation check in of how today's meeting went, again, because we're gonna be doing this for a while, it makes sense for us to keep getting better at it.

0:50:14.490 --> 0:50:30.170

Alanna Hein (Guest)

So the question is what went well or what could have gone better either for yourself or for the group in terms of process, how we work together or content the work that we got done so went well, could have gone better yourself, the group process or content.

0:50:30.610 --> 0:50:33.500

Alanna Hein (Guest)

Any thoughts about how today's meeting went?

0:50:34.320 --> 0:50:38.390

Alanna Hein (Guest)

Including if you have any tech feedback or or anything about how today went for.

0:50:57.0 --> 0:50:57.270

Alanna Hein (Guest)

Lucy.

0:50:59.440 --> 0:51:1.290

Gibson Lucyann S

I think it went extremely well.

0:51:2.20 --> 0:51:3.930

Gibson Lucyann S

You are so very organized.

0:51:4.0 --> 0:51:5.350

Gibson Lucyann S

I love the way you facilitate.

0:51:6.20 --> 0:51:9.490

Gibson Lucyann S

Umm, everyone takes turns shares the error.

0:51:9.700 --> 0:51:10.350

Gibson Lucyann S

I like it.

0:51:10.400 --> 0:51:11.390

Gibson Lucyann S

I'm comfortable here.

0:51:11.740 --> 0:51:12.160

Gibson Lucyann S

Thank you.

0:51:13.510 --> 0:51:14.160

Alanna Hein (Guest)

Thank you, Lucy.

0:51:16.410 --> 0:51:19.910

Alanna Hein (Guest)

Any other comments about how today's meeting went for everyone?

0:51:31.310 --> 0:51:32.80

Soles, Paola

I agree.

0:51:30.870 --> 0:51:33.120

Alanna Hein (Guest)

Virginia gave comes up.

0:51:32.570 --> 0:51:33.400

Soles, Paola

Yeah, it wouldn't.

0:51:33.420 --> 0:51:36.700

Soles, Paola

It wouldn't really well, so thank you again, Alana.

0:51:36.710 --> 0:51:48.640

Soles, Paola

I think it's a very diverse group and we come from different areas and so I guess we'll have different ideas of the whole purpose of why we're here.

0:51:49.440 --> 0:51:54.950

Soles, Paola

Umm so I like it will be once a month and just a short one hour and a three hour meeting.

0:51:54.960 --> 0:51:57.640

Soles, Paola

So umm, I appreciate that too.

0:52:0.110 --> 0:52:1.160

Alanna Hein (Guest)

Thank you.

0:52:1.350 --> 0:52:3.920

Alanna Hein (Guest)

Yes, most people are in favor of shorter meetings.

0:52:4.630 --> 0:52:8.880

Alanna Hein (Guest)

Yeah, in my experience, yeah, other comments or thoughts?

0:52:19.360 --> 0:52:25.70

Alanna Hein (Guest)

Part of the facilitating virtual meetings is comfort with awkward pauses and silences.

0:52:25.80 --> 0:52:30.90

Alanna Hein (Guest)

So I'm just leaving space for people to jump in if they have anything else.

0:52:30.200 --> 0:52:42.950

Alanna Hein (Guest)

And also I'll say if you wanna communicate something offline, if there's something that we could do to enhance your ability to participate or to support your participation, please feel free to reach out.

0:52:42.960 --> 0:52:44.400

Alanna Hein (Guest)

We wanna make sure that people feel.

0:52:45.750 --> 0:52:49.460

Alanna Hein (Guest)

Like this is a space where you can speak and share your opinions.

0:52:49.730 --> 0:52:57.80

Alanna Hein (Guest)

All the group members you're invited to reach out if there's something that we could do to make your experience better, we would love to know about it.

0:52:58.730 --> 0:53:9.800

Alanna Hein (Guest)

So not only was it a short one hour meeting, we're ending a few minutes early and you'll get the notes from this meeting and you'll get a proposed well.

0:53:9.810 --> 0:53:17.580

Alanna Hein (Guest)

You'll get an agenda for the 12th and yeah, be prepared to bring your brainstorming brain cells with you on the 12th.

0:53:18.750 --> 0:53:20.60

Alanna Hein (Guest)

Thank you everyone.

0:53:20.110 --> 0:53:21.280

Alanna Hein (Guest)

Lovely to meet you.

0:53:21.290 --> 0:53:24.240

Alanna Hein (Guest)

Looking forward to working together, take care.

0:53:24.250 --> 0:53:24.920

Alanna Hein (Guest)

Have a good evening.

0:53:27.30 --> 0:53:27.270

Alanna Hein (Guest)

Bye bye.

0:53:26.810 --> 0:53:27.430

Woodward Jennifer A

Thank you.

0:53:28.910 --> 0:53:29.240

Patterson Derrick C

Thank you.
